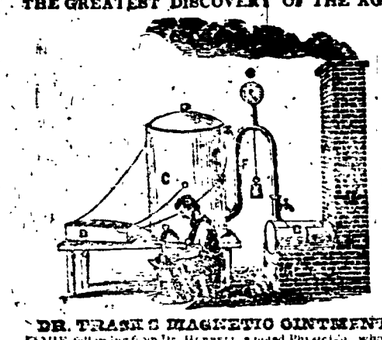
THE GREATEST DISCOVERY OF THE AGE!



DR. TRASK'S MAGNETIC OINTMENT.

THE following is on Dr. HUNTER, a noted Physician, who has sold over 800 Bottles within the last ten months. Read it!

S. HUNTER—Sir, I write to give you some account of the astonishable effects produced by the use of Dr. Trask's Magnetic Ointment in my own practice as a physician. The following cases have all been under my own observation, and by my own prescription.

CASE 1st.—A Mrs. Moore, who was given up to die by *three* celebrated physicians, as being in the *last stage of Consumption*, by the use of the Magnetic Ointment for regular Liver health, and is now as well as ever. It has been in the house more than 12 months.

CASE 2d.—Some time in July last, I was called to see Mrs. Allen Byrne some 22 miles from this. After consultation with several physicians, she was first attacked by *malignant dysentery*, followed by severe inflammation of the bowels. I arrived about 6 o'clock in the evening, and found her in a very dangerous situation, apparently on the brink of the grave. I commenced applying the ointment freely to the stomach and bowels, attended with some simple remedies internally, and by morning I found her so much better that I left for home, with directions to continue the use of the Ointment. She fully recovered in a few days, and is now enjoying good health.

CASE 3d.—A Mr. Winters had lost nearly all his hair, had been *bald* for many years; by the use of *three bottles of the Magnetic Ointment, had his hair entirely restored*, and now has as beautiful a head of hair as any in a crowd can be seen. His age is about 50 years.

CASE 4th.—A son of Mr. Warren of this town, 11 years of age, had been afflicted with the ASTHMA from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure without avail. It was one of the most agonizing cases I ever saw; he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was *thoroughly cured*, and for 7 months past has enjoyed robust health.

CASE 5th.—This was an extreme case of *inflammation of the spine*, of long standing, had a variety of treatment from no less than *eight* different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago, and the lady is NOW in Pittsburgh, well in good health and able to attend to her usual household duties—I have treated two cases of *Chronic Sore Eyes* with the Ointment both of the patients *nearly blind*, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the state, without benefit; and one of them had been under the treatment of the celebrated Mr. Mowry, of Cincinnati, for 18 months, and expended hundreds of dollars in vain efforts to effect a cure. They are now, by use of the Magnetic Ointment, nearly or quite cured, and are able to read and attend to ordinary business. I have used the Ointment in a number of cases of the Piles, and *in no case has it failed to give immediate relief, and generally a permanent cure*. I have also used it beneficially in several cases of Dysentery. And have not used it in the least case of CANCER by the use of the *Magnetic Ointment* alone.

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever offered to the public.

Respectfully yours,

BURTON HUBBELL, M. D.

THE MERCHANTS' AND FARMERS'

STATE MUTUAL FIRE INSURANCE CO., Of Harrisburg, Pa.

INVITE the attention of the public to the principles upon which the business of the Company is conducted. The main object of the Company is to afford Mechanics and Farmers an opportunity of obtaining insurance upon their property at a moderate cost, and strictly upon the Mutual principle. In order to preserve this principle, the Directors have adopted the popular, safe, and equitable plan of classifying their risks, and have divided them into two classes. In the first class are exclusively a Farmers' company, in which no property in the hazardous manufacturing houses, mills, &c., is insured; but in the second class, the Merchants' Company, in which may be insured the safe kinds of property.

The Company deem it an Especial to decline all risks which are considered dangerous. Believing that if such risks are permitted to be mingled with those of the merchant and farmer, the premiums are likely to be disproportionate to the risks,—exacting from those who are insured upon the least hazardous property, more than a just and equal contribution to the expense of insurance. The Policy of each member will designate the class of risk with which he is associated, and the Cash Premium and Deposite Note of each Class, and the assessment for which members of each class are liable, shall be paid exclusively by those of the respective Classes, to which they belong, and no other, and the general expenses of the Company shall be apportioned to each Class according to the amount insured in each.

Insurance may be made for from one to three years, in the Merchants' class, and one to five years, in the Farmers' class.

The very extraordinary success of the Company in accumulating a large fund in each department, has placed the financial stability of the Institution beyond any probable danger. The dividends which have been paid on expiring Policies in like companies, prove that the actual expense of insurance is very trifling, in a Mutual Office which is limited to the safer classes of risks.

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS, PREPARED BY

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

No. 120, Arch Street, Philadelphia.

Their power over the above diseases is not exceeded, if equalled, by any other preparation in the United States, as the cures attest, in many cases after the most skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and Digestive glands, exercising the most searching powers of weakness and infirmities of the digestive organs they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 8, 1851, says—

"I must say, in myself have received more benefit from your medicine than any other we have ever taken for the *Dyspepsia and Liver disease*."

"The Penn Inquirer," published at Wooleneck, Va., January 10, 1850, says—

"A GREAT MEDICINE."

"We have unhesitatingly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among these we consider worthy of notice is the *German Bitters*, invented by *Dr. Hoofland*, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Adolphus Crabill, of this county, was very *seriously* afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, wasted much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS.

The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor says, November 2th

"We again call attention to the removal of the German Medicine Store, the principle depot for the sale of Dr. Hoofland's German Bitters, from 275 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of the numerous patients, Dr. Jackson has been compelled to occupy a large store. We wish him success in the new quarters he is about to occupy. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhœa has come under our notice, wherein the above had exhausted the Materia Medicas of the different schools of medicine with no apparent benefit. He was induced to use three bottles, and a few bottles of them have entirely cured the man. We are glad such excellent remedies exist. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he publishes this medicine with great care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, the imitations of all good articles are common."

Judge M. M. Noah a gentleman with great scientific and literary attainments, sanctions this "New York Weekly Messenger," January 8, 1850.

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading professors in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription published by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. *He was emphatically the enemy of humbug, and* therefore a medicine of which he was the inventor and endorser may be confidently relied on. He especially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Consumption, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their confidence of its excellence, and several of its editors speak of its effects from their own individual experience. After these recommendations, we think it need only be adding the attention of our readers to the present proprietors, (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of

DR. HOOFLAND'S GERMAN BITTERS.

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, *when we recommend* Dr. Hoofland's German Bitters, we wish to be distinctly understood that we are not led to do so from the mere puff of the day, but after a fair trial, and knowing them long often after they have done their duty, free of mercury, but of a medicine long established, matured by prized, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, *and the strongest testimonials in its favor*, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other proprietary combined. A fact that can easily be established, and gratifyingly proving that a scientific preparation will meet with their quick approval when presented to it in the form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to be dosed of *all bilious ailments*—the effect is impossible. They can be administered to female or infant with safety, and relief is beneficial, at any time.

BEWARE OF COUNTERFEITS

This medicine has attained that high character which is necessary for all noble proprietors to attain to, hence interlopers to put forth a spurious article at the risk of the lives of those who the innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.—They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, *others such they are spurious.* For sale, wholesale and retail, at the

ERIE DAGUERREAN GALLERY.

SHERMAN & LEWIS are happy to announce to the Ladies and Gentlemen of Erie, and the traveling public, that they are prepared to take Likenesses of a superior quality at their rooms, over Huidekoper & Murphy's store three doors east of Brown's Hotel.

These are several reasons why persons can at this latter period obtain pictures better than any other in this city, or in that part of the country. One is,

WE HAVE THE BEST LIGHT!

Skylight and side light COMBINED—each correcting the faults of the other, and producing a natural and most beautiful effect.—TRY AT, WHOEVER IS NOT SATISFIED WITH PICTURES TAKEN ELSEWHERE.

Another reason is, we have the best apparatus. The importance of this will be obvious to anyone.

We shall thank those who favor us with their patronage, the flat, insipid, copper-like things which many who call themselves artists present to the public. Neither shall we offer those dark, gloomy images which human beings are sometimes told resemble themselves, but ever an accurate Likeness, possessing the most beautiful blending of light and shade, richness and depth of tone, remarkable distinctness of features, and expression of the eye, boldness of relief, distance and harmonizing of back ground, delicacy of finish, softness, transparency and are to the effect.

Remember there is no room of the kind near by which has the facilities of this. It is designed to be a permanent establishment. NOT TO BE EQUALED is our motto. W. H. SHERMAN,

THE undersigned respectfully returns his sincere thanks to his friends and the public generally for their liberal patronage for the last three years, and solicits a continuance of the same. Having received the Fall and Winter Fashions for 1850, he feels confident of giving satisfaction to all who may favor him with a call. He has also in the latest styles, and employs none but the best workmen. No trash standing the cry of shop-hop (thus slaughter-houses) can make, for he does himself that all garments cut and made by him that do not fit, to pay for the cloth, or gentlemen who are desirous of having their clothes made well can do well to call on the subscriber. As good workmanship will not work without their pay in cash, he must confine himself to the principle of paying and being paid in cash.—The following are his prices:

Fine Dress or Frock Coat,		$6 00
" Sack "		5 00
" Over "		6 to 10 00
Pantaloons,		3 00
Vests,		1 50

N. B.—Cutting done at the usual cash prices.
