LETTERS PROM HARRISBURG.

Correspondence of the Erie Obe HARRISDRO, March 23, 1851. Dran Sin: I know you are anxious to hear from us. Things here look blue in more ways than one. As to our plank roads they are almost lost sight of. I think. however, that Mr. Walker will pass the Wattsburg bis with such restrictions as will defeat the building of the road. To put on a provision that we shall not collect tolls upon that portion where we take the public roads, seed not tell can, is heath to it, and this seemes to be bie determination. As to the Edenbors road, I lookgol for it Walker and Reid are opposed to it, and as it is purely a local question, they have the power to defeat it. What the committee will do with the bill which has passed the Senate relative to the Franklin Canal Company, is vot in doubt. My opinion is they will report i and that it will pass the He w in its present shape .-We certainly will defeat it if we can, although our desire that most legal men are of the opinion that after a road has been located the legislature cannot give a construction to an act of Assembly which rould dunge its location. It would effect us, theldre, in no way except the The Pitteburg company, having made no investment, having no debt, no mortigage whereby its corporatore could be injured, will experience all the injurious effects of the law, without the consolation of stubbing these wholetand behind "rested rights." | So much upon this branch of the subject, As to the Sunbury and Erib, the belief is that the project of constructing this road will be revived and the work completed speedily; but strange as it may appear to for. Walker slone stands in the way. He is opposed to some of the terms deemed at it passed the House, authorzes the company to construct branches Walker says it contains a "snule"that such a replile would enable the roud to get to the State line along the south allore of the Lake; consequently he had it reported total committees as he termed it, "to pull the teeth out of it." That Philadelphia sho'd object to this is not surprising, but that Walker should is: availing himself of each early advanced opportunity, majority of the stock, who would relieve Mr. Guibraith in case ther kill him by the Legislature he has got thro' the Senate and which he is trying to place upon the Statute Broke. Those interested in the Sunfirur and Erio road say that three railroads of great rapacity will terminute at Erie, and that they are not withing to trust any one company, and that one interested in steamboats, to lot them out at pleasure and ppon its own terms. In this way perhaps I can make jou understand why extrenfes moet-why Philadelphin and Erio onite. Walk

think. I seed your pravers, however, for the greatest of christian virtues-charity. This important measure will be before the Sebate in a day graws, houser, and I will are often tempted, like the Irich Ambassadur, keep you "posted up." "The order of the day" for today, is the General Banking Ball, and from the vote given to pike: it has barly upon the calander, I derive my stronupot be seady for laying. The exertions of the officers in 1 all gent super of its passage. I shall not be superised at its less than from \$50,000 to \$67,000, from \$30,000 to concerned in the prosecution of this work, is worthy of containing a provision to apply the revenue derived from this source to the redemption of Pennsylvania's stepchild, "the Lrie Extension," the twin brather of "the North Brudch," which was sold seven yours since into bondage by its ubnatural parent.

Your. &c. ERIE.

Hannisbung, Manch 25, 1851. The Committe en Corporations, to which was refer second meeting last evening in the east committee room of the Capitol. The meeting was one of unusual interest and attracted the attradance of a large number of persons. The debate was opened by Mr. Walker, who more receive and was reduced to an otten of Mr. Lawry of voterplace in apposition to the bill. It was debated als, hand so often mistaked for true comocracy. and By Mesere. Calbraith and Lane in opposition. The Committee, after mature deliberation, have agreed to report that the ! .!! pught not to pass, and such will probably

JOE BRILLIANT. The Cincinnati Enquirer tells

be following good Fory. THE LATTLE FORSAKEN .- It may have been ob-Brilliant, that they were waited upon at table by a property frum destruction by fire on the bright eyed, dark-haired boy, apparently not more than six years of uge. Ask him his name and you will always hear him respond "Jue, sir." "Jue what?" "Joe Brilliant, sie.

L'appears that about two years ago, on a trip of the Beilliant from this city to Fittsburgh, the next morning after arriving there this boy was found on board, fast asleep, the stole occupant of the cabin used by the deck passengers. Inquiries were made by Capt, Grace as to its parents; but nothing could his property on the morning of the first inst., and page upon that as lost. No Legislation of any kind will be be heard of them, and the Captain scorning to thrust the lift'e fellow upon the cold charaties of the world, resolved to take care of him, and he accordingly. gave him in charge of the steward's wife, who at the time was chambermaid of the bust. When asked his come he could only answer "loe," knowing no other, and his protrectess named him after the boat. In the course of another year, Captain Grace, if he is not claimed, intends sending him to school: to do so her difinitished to some extent from the fact and should be prove as bright a scholar as he seems a boy he will give him a liberal education. Who knows but the came little autenst may be President or fireman from Preduna, for his ardnoss exertion of the United States some day? Stranger events than that have happened in this changing world of

Ma Asa Whitner:-Among the passengers by the steamer Asia, was Mr. Asa Whitney, known throughout this country as the original projector of the railroad communication between the Atlantic and Pacific. He goes to England by invitation of the directors of the company interested in the ruilroad from Haldax westward. During the last nine LIAMS, aged 47 years.

On the 26th ult., suddenly, Mr. Jone Bust, of M. gular energy to his subject, andismayed by object- creek township, aged 72 years.

ons, indufference and ridicule. He has him-elf sur- la Ashtabula. O., on the 23th alt. Grozer Hill. En tone, indifference and ridicule. He has him-eit sur-it veyed a part of the route; he has collected and classiformerly of this county, in the 56th year of his age. In Girard, on the 3d ult., Mrs. Sally, consent of fortify his project; he has held his plans before the Legislatures of the principal States, and eighteen of them instructed their Senators and Representanecessary to ensure the project success. The bills ed a mass of statistics and geographical facts, which tives, dimost anunamously, to vote for it he has attended at each ression of Congress to urge the passage of a bill empowering him to undertake the work, and had every reason to feel sure of a majority in both louses. Yet, owing mainly, we believe. very shrewolly suspects that somehody awas a to sectional discussions in Congress, he has recer and 9 days, been able to get his bill tairly before Congress .-And now, like Columbus, having been refused at home the means of accomplishing the transport of As a across the United States, he leaves the repubic to offer his services to the British Government .-

N. Y. Erc. Post. Wine Rule.-Since the Whig National Administrainsh came into power, one of its achievements has been to produce as profound a rid fle-to solve as that of the natural history of Sphinx. We allude trendes most—why Philadeiphin and acree the building of to King and Great Britain, so important in read again beared and will be nappy to serve the major to be she cannot be proceed and will be nappy to serve the content of the Public Figure, over Zhomen the she of the Process of the Atlantic and the Pacific. Can be she copy of the states of New York of any one tell precisely how the matter stands—where any Britain, fillings, Missouri, fown, and Michigan, and Personal and Bounty Land Agrica.

April 2. to the business concerning Nicaragua, and Musqueto be cleared away? We suspect that the Whig inployers who have been in the State Department. enquire what they have been doing and what it is all about, for the purpose of finding some difficulty in understanding the matter?- Irenasylvanian.

A BRUMMELL AMONG "THE WORKIES. - A COL espondent of the N. Y. Simlay Courier thes describes anteccentric individual at New Orleans: We have a man here by the name of Duncant who has a most sugular taste in regard to clothing and jewelry. He wears an immense white broadbrimmed hat, and a go'd embroidered suit of clothes. that cost in Paris over \$500. He has a gold warch-clain that would fasten an elephant; five or ix pounds of rings dazzle on his fingers; his shoots are enca-ed in sincer coats of mail, and he carries a red the Schale bill in reference loour railrods, held their cane bed zened with massive countre of silver. trunte me in considering his a most singular face and not a christian love of notoriety. He is a cleanly, hardworking steredore, and the jawelry on the corson is evited at \$2.000, which he weers only on a Surday. There is no only an author whom so by Mesers. Kell , Bankey, Hoge and Power, in favor, sire to gratify this odd fancy with some by griety."

THE GAMBLER'S FATE .- The NE York Globe gives the particulars of a young bein's fage as the nan mateixa his mas ce ident of HV Yerle, very high y coo en ediera wealthing. He mar-The property and reted i arm of the office will be bill, which he reported sometimes to resuse the eye of the general gives set, it is he did not an income and an entire the eye of the general gives set, it is he will be the eye of the general gives set, it is he did not an it was independent entered as the subject of the sub the Suntary and Erie to had A bill smiller to this some fell. The embrokes of home were neglected, Mandarreck, April 5, 1631, -6177 passed the House some time ago, but it contained a grow and in a few mouths about there's thousand diffus. To the Honorable Court of Quarter most are the first to raise that bug-bear cry. of "Taxa" ties." This is the reason why, in every expenditure, we are informed, sustained a several ties are counted instead of colors. Talverity the letter, we are informed, sustained a several ties are control instead of colors. Talverity the letter, we are informed, sustained a several ties are control instead of colors. Talverity the letter, we are informed, sustained a several ties are informed, sustained above to counted ties the flat. If this read should the complete a flower, in the flat ties are informed, sustained a several ties are informed. It the flat ties the flat ties are informed, sustained above ties are informed. It the flat ties are informed, sustained above tie

A New Kind of Fenon. - Mr. John R. Remington To the Honorable Judges of the Court of Quarter S and of our ability to build it, it we can get it with this not detract from the merit of this invention that it provision, I have not the Jeast Coubt. The fear that ex- hails from Alabama, thus time, rather than from ists everywhere, cast and west as well as here, that a Maineor Pennsylvania, or that the modest little town

Leld, Chautauque county, passed through this city adjoinant is of good repute for honers and imageraces, and to-day on his return home, with another small flock of those splendid sheep which he has just impurted from France. No man in the Union, probably, is doing so much to improve the breed of sheep in this country, as Mr. Patterson, and the wonderfully rapid improvement in quantity and quality made within the Morion, living Knoblock. placing so many millions of capital at the morey of any field, Chautauque county, passed through this city she was led cerray by the Hanot-Branch of the United France. No man in the Union, probably, is duite arows spos her head. Her prospects, present and for the have been flut in jeopardy by improper appliances or criminal selfishness.

ERIE.

IT It will be hardly credited that the good people of Eric or have leaded by the country is attributable solely to the supersior breed of sheep introduced there by him. The lat which he has now received are young sheep, but of proditional and the process of the Process of the Process of the Country is attributable steel are also appeared in excellent depaids all the gauges at their place but are also appeared in excellent depaids and covered by a fine, silky wood, some centers and covered by a fine, silky wood, some iterative place but are also appeared in excellent depaids all the gauges at their place but are also appeared in excellent depaids all the gauges at their place but are also appeared in excellent depaids all the gauges at their place but are also appeared in excellent depaids all the gauges at their place but are also appeared in excellent depaids all the gauges at their place but are also appeared in excellent depaids and covered by a fine, silky wood, some class which is entertained to the Borongh of Edulotto.
