Dr. H. Swayne—Dear Sit:—Beins for a length of time adheted with a very violent cough, with pain in the side and breast, surness of lungs, shortness of breath, loss of appetite, night sweats, &c., I made trail of various remedies which were recommended highly in the papers, but gradually grew worse. The violence of my cough was such that the blood rushed profusely from my nostrils when the partoxysms came upon; indeed, my whole system seemed prostrated, and the hour of my departure seemed near at hand. At this time you recommended the use of your Compound Syrup of Wild Cherry, which immediately began to scothe, comfort, and allay the violence of my cough, reduced the pain in my side, strengthened and healed by lungs, &c. is soothe, comfort, and allay the violence of my cough, relieved the pain in my side, strengthened and healed by lungs, &c., I continued the use of it, but now, thanks to God, and to the effect of your Compound Syrup of Wild Cherry. I am cured, and able to pursue my daily labor. I timk it an invaluable medicine in coughs, colds, and discuses of the lungs, and one that should be known to all afflicted. If persons would purchase the original and genuine article, as prepared by you, and not tamper with the many spuribus and worthless preparations which are attempted to be islamed off on the reputation of yours, it might be the means of saving many valuable lives. Swayne's Celebrated Vermifuge. "A safe and effectual remedy for worms, dyspepsia. Cholera Morbus, sickly or dyspeptic children or adults, and the most useful Family Medicine ever offered

This remely is one which has proved successful for a long time, and is universally acknowledged by all who have tried it, to be far superior (being so very pleasant to the thise at the same time effectual) to any other medicine ever employed in diseases for which it is recommended. It not only destroys worms, but it invigorates the whole system.

Letter to Dr. Shayne from Andersonlossa la.

Dear Sir:—A man purchased a bottle of your Vermifuge, the other day, fir his child, and by its use discharged 63 of the largest worms he had ever seen. It is somewhat difficult to get the people to try it, as they have often heen so guilled by naccosic worm medicines. Yours being so very pleasant to the taste, at the same time effectual, I shall be able to dispose of a large quantity.

COUGHS, COLDS HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP ASTHMA and CONSUMPTION

The annals of medical science affording as they do ample proof the power and value of many medical agents, have fujnished no examples to compare with the salutary effects produced by "AYER'S CHERRY PECTORAL." The remarkable cures of diseases of the Lungs which have

been realized by its use, attested as they are by many promines proressors and physicians in this and foreign lands, should encourage, the afflicted to persevere with the strong assurance that the use of the "CHERRY PECTORAL" will relieve and uki-

the first men in our country, upon whose judgment and experience implicit confidence may be placed.

DR. PERKINS, Prevident Vermont Medical College, one of the most learned and intelligent physicians in the country considers it a "composition of rare excellence for the cure of the formidable disease, Consumption."

Nowwich April 36, 1846 Sormidable disease, Consumption."

Nonwich, Arri. 25, 1846.

Dr. J. C. Ayer—Dear Sir:—Agreeable to the request of your agent, we will cheerfully stare what we have known of the effects of your CHERRY PETTORAL, and they have been assomabling indeed. Mrs. Betsey Streeter had been afficied with a severe and relentible cough, which reduced her very low; so low that Intic hope could be entertained of hier recovery. Numerous remedies had been irred without effect, before the CHERRY PECTORAL, And that has cured her. George Watkinson, Esq., had to our knowledge been afflicted with Asthron, for eleven years, and grown yearly worse, until the CHERRY PECTORAL AL has now removed the disease and he is as free from any effits symptoms as we are. The Rev. Mark Dame had been so severely attacked with the Bronchitis, as to disable him from his duties, and nothing had afforded him refuef until 1. Mr. Lhorning, carried him a bottle of your PECTORAL, which cured him at once, and he now officiates as usual in his place.

These are three of the cases we have known it successful, but never to fail. We have great pleasure in certifying to these rests; and are, respected sir, your humble servants.

BEV. DAVID THORNING, HON, JOSEPH BATTLES.

DR. TRASE'S MAGNETIC CINTREMT.

THE following from Dr. Hennell, a noted Physician: who has sold over 900 Bottles within the last ten months. Hear him. 8, Brett.—Sir. I write to give you some account of the admirable effects produced by the use of Doct. Trank's Magnetic Ontement in my own practice as a physician. The following cases have all been under my own observation, and by my own pre-

have all then lines my own successful.

Gass 1st.—A Mrs. Mr. e, who was given up to die by three between the physicians, as being in the last stage of Chromometion, by the use of the Magnetic Uniting that regained her beauth, and is now as well as ever, and has been for the last six months.

Gass 2d.—Some time in July 1st., I was called to see Mrs. Alten living some 22 miles distant. Herease had been given up by several physicians. She was first attacked by malignost discentery, 24 miles the source inflammation of the bowels: I arrived about

nearly of quite cured, and are able to read and attend to ordinary burdens. I have used the Ointment in a number of cases of the Pills, and is no crase has it failed to give immediate relief, and generally a permanent care. I have also used it beneficially in several cases of Experella. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone!!

From inthrough irral of she Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever effered to the public. Respectably yours.

TAKE PARTICULAR NOTICE. There is a habit which boys teach each other at the academy or college; a habit indulged in when by himself, in solitude, growing up with the boy to manhood; few of those who indulge in this ing up with the boy to manhood; new of more who induse in this perinculus practice are aware of consequences until they find the nervous system similared, feel strange and unaccountable feelings and vague forts in the mind. The individual becomes feeble, and if unable to labor with accustomed vigor, or to apply himself to study, his steps are tardy and went, he is dull, irresolute, the countenance is downcast, the eyes without natural lustre, shame-facedness is apparent.

There are very few men in the world in whom it is lafe to respon e candidence, especially in cases of a delicate nature. The filled, and the many disappioniuments to which the unfortunate are subjected by consulting such men, renders it a matter of more justice to caution the public against them, and point them to the sure "haven of repose," which is under the management of the cetebrated Dr. La Croix, No. 84 Lloyd st.
