eer disease." "The Tenth Legion," published at Woodstock, Va., Januari 10, 1830, said-"A GREAT MEDICINE."

"We have uniformily refrained from recommending to the p lie any of the various Patent Medicines of the day, unless it oughly convinced of their value. Among those we coust worthy of notice is the German Butters, invented by Dr. Houfa worthy of notice is the German Billers, invented by Dr. Hoofand and prepared by Dr. Jackson, in Philadeyhia. One instance it particular, in which the superior virtues of this medicine hav been feated, has failen under our observation. During the las summer, a son of Mr. Abraham Urabill, of this county, was very seriously affetted with Liver Complaint, and after trying in valiv various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distensing malady, that he procured another boulde, and is restored entirely to bealth." BEAD FURTHER A FEW FACTS.

READ FURTHER A PEW FACTS. The "Philadelphia Democral," the leading German Journal of Philadelphia. The editor ans, November Mth. "We again call attention to the removal of the German Medi-cine Store, the principle depot for the sale of Dr. Hoodand's Ger-uan Bitters, from TP Eace to 120 Arch street, one door below Sixth... Owing to the increased demand for this medicine, and for the sccommodation of his numerous patients. Dr Jackson has been compelied to occupy a large store. We wish him success in his new quarters: he is deserving of it. The Bitters Mixture is with-out doubt the greatest medicine extant for diseases of the Liver and Bowels. A subborn case of Chronic Diarthea has conte under our notice, wherein the patent had exhausted the Materia Medi-Bowels. A stubborn case of Chronic Diarrhea has come under our notice, wherein the patent had enhanced the Materia Medi-cas of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottes of them have entirely cured hum. Many such cases we could refer to. We hope our readers will recolffer this great restoraire, should they be so unfortunate as to require its use. IW Jackson possesses the original unpublished receipt of Dr. Hoofland, and he preparen this inedicine with great care. Those purchasing should call at his inedicine with great care. Those purchasing should call at his inedicine with great care. Those purchasing should call at his intore, or see that his mains is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are com-mon," Judge M. M. Nosh. a gentleman with great scientific and lite-rary attaingents, said in his "New York Weekly Messenger," January 6, 1850.

Jahuary 6, 1830. "Da. Hoortany's GERMAN BitTERS.-Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Ur. Christopher Wilhelm Hooland, Pro-tessor to the University of Jena. Private Physician to the King of Prussia, and one of the greatest medical writers Germany has er-er produced. He was emphatically the enemy of humber, and therefore a medicine of which he was the inventor and endormer may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Biomach, Constipation, and all complaints arising from a disor-dered condition of the stomach, the liver and the interliner. Nine Philadelphia papers express their conviction of its excellence, and acveral of its editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprie-article to all afficied." MORE EVIDENCE, The "Philadelphia faturday Gazette," the best family pewspa-

107.4 (19. C. M. Alckson's) preparation, but in recommending the article to all afflicted," MORE EVIDENCE.
The "Philadelphia Raturday Gazette," the best family newspaper published in the United Blatce, the editor says of DR. HOOFLAND'S GERMAN BITTERS.
"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage or our readers: and, therefore, when we recommend br. Hoofand's German Bitters, we wish to be distinctly understood that we are not speaking of the mourtums of the day, that are noised about for a brief period and then forgoinen after they have done their guilty race of mischief, but of a medicine iong established, universally prized, and which has meet the bearty approval of the Faculty field."
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and its strongest taking when presented even in this form.
That this medicine will care Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically optimise and livar—it is preferable to calounel in all best of the storact.
