Dr. H. Swayne—Dear Si:—Being for a length of time afflicted with a very violent cough, with pain in the side and breast, soreness of lings, abdritees of breath, loss of appetite, night sweats, &c... I made trial of various refinedics which were recommended highly in the papers, but gradually grew worse. The violence of my cough was such that the blood rushed profusely from my nostrils which the paroxysms came upon; indeed, my whole system seemed prostrated, and the hour of my departure seemed near at hand. At this time you recommended the use of your Compound Syrup of Wild Cherrs, which immediately began to soothe, comfort, and allay the violence of my cough, relieved the pain in my side, strengthened and healed my lungs, &c. continued the use of tit, but now, thanks to Gol, and to the effect of your Compound Syrup of Wild Cherry, I am curred, and alse to

I continued the use of the but now, thanks to Gol, and to the effect of your Compound Sy rip of Wild Cherry, I am curred, and shie to pursue my daily labor. I think it an invaluable medicine in coughs, colds, and diseases of the lungs, and one that should be known to all inflicted. If persons would purchase the original and genuine article, his prepared by you, and not tamper with the many spurious and worthless preparations which are attempted to be judiced off on the reputation of yours, it might be the means of saving innany valuable lives. I freely offer this statement for the beaufit of those who are suffering as I was.

VERY IMPORTANT CAUTION.

Be very particular to enquire for Dr. Swayne's Cospound Syrup of Wild Cherry, as some unprincipled individuals have stolen the name of Wild Cherry, thinking to borrow a reputation from that already established. Remember the genuine is put up in square bottles, covered with a heautiful wrapper, [steel engraving,] with the portagin of Dr. Swayne thereon, diso his signature; all others are positively fetticious and counterfeit.

"A safe and effectual remedy for worms, dyspepsia. Cholera Morbus, sickly or dyspeptic children or adults, and the most useful Family Medicine ever offered to the public."

This remedy is one which has proved successful for a long time, and is universally acknowledged by all who have tried it, to be far superior (being so very pleasant to the taste at the same time effectual) to any other medicine ever employed in diseases for which it is recommended. It sot only destroys worms, but it invigorares the whole system.

Dear Sir:—A man purchased a hottle of your Vermitige, the other day, for his child, and by its use discharged 63 of the largest worms he had ever seen. It is somewhat difficult to get the people to try it, as they have often been so guiled by naceous worm medicines. Yours being one very pleasant to the taste, at the same time effectual, I shall be able to dispose of a large quantity.
