From the Cleveland Herald.

The Lake Superior County. We spent the last week in July on Lake Superior, stopping at the several places of interest on the American shore, between the Saut and Lapointe, a distance, as traveled, of over 400 miles. The weathjoved in the hot season on this continent.

The Lake Superior county is destined to become a very important portion of the Republic. Its fisheries, its minerals, its lumber, and its agricultural productions, are just beginning to be developed, and already the travel and commerce of the Lake surmap a harvest of wealth. Pleasant villages are be in arms.

ILLEGITIMATE CHILDREN. -The last Legislature of this State passed a law which provides that chil-dren born out of wedlock shall be legal heirs of their mother, in precisely the same manner and to the same extent as if they were not illegitimate. Williams was formerly classed with the "believers. The Hartford Republican suggests that the law is well enough so far as it goes, but it does not go far very apt to have fathers as well as mothers, it thinks that they should be legal heirs of both parents. We can think of no objection to such a law except that it may tend to encourage children to be born in an illegitimate manner.—Lowell (Muss.) dmer.

WANTON MURDER .- The Louisville Journal says that a horrible murder was committed in Mercer county, Ky., a few days ago. A barbecue was given, at which two men, named Sutterfield and Jones attended. After the barbecue, a game known by the name of "chuck-a-luck" was started. Jones was one of the lookers on, and the better to see the game, had got down on his knees; and while he was luthis position, Sutterfield mounted his borse and rode over his legs, injuring him slightly. Jones immediately sprang to his feet, seized hold of his horse's bridle, and asked Sutterfield what he meant by riding over him. The latter then dismouthed, drew a large pocket knife, and stabbed Jenes twice to the heart, causing his death in afteen minutes. The murderer escaped.

The Cuban News:

We gave yesterday in our telegraphic despatches a sketch of the news received by the Cherokee, at New Orleans. Our papers came to hand yesterday morning, and they are filled with details of Cuban rumors. The news is no later than that brought by the Georgia, and is quite as contradictory. The Spanish version of the story is that the insurrection er nas culm, cool and invigorating, and the trip forms is completely quelled, while on the other hand, the one of the most interesting and delightful to be enthenticity, of their high hopes and brittant pros-pects. We give a few extracts from the New Orleans papers:

Dr. J. C. Ayer-Dear Sir: Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PROTORAL, and they have been assonishing in deed. Mrs. Beisey Streeter had been afflicted with a severe and relenties cough, which reduced her very low; so low that little hope could be entermined of her recovery. Numerous remedies had been tried without effect, before the Chrany Promote and hat has cured her. Geo. Watkinson, Esq., had to our knowledge, been afflicted with Asthma for eleven years, and grown year ly worse, until the CRERRY PRETORAL has now removed the discase, and he is as five from any of its symptoms as we are. The Rev. Mark Dane had been so severely attacked with the Bronchitts, as to disable him from his duties, and nothing had afford ed him relief, until I, Mr. Thorning, carried him a bottle of you

usual in his place. There are three of the cases we have known it successful, bu never to fail. We have great pleasure in certifying to these facts: and are, respected sir, your humble servants.

REV. DAVID THORNING, HON. JOSEPH BATTLES. The public have but to know the virtues and autonishing suc ess of the CHERRY PROTORAL, in curing diseases of the Lungs, when they will feel secure from these dangers, whenever this re
