To which are added very calculate practical observations on sec-ular lebisity, arrising from nocturnal seminal emissions of cou-mitational weakness, and its attendant sympathics. The whole illustrated by arriking cause from Dr. La Croix private prartice. The reproductive organs of females illustrated. Menstrations, irregularity, or the entire suppression of the Menser, and their re-medics by M. B. La Croix, M. D., Graduate of the Menser, and the Northern University-Menser of the Hospital dry Veneruemes, Paris-Correspondent of the Reformed School of Medicine, and menser of the Medical Society, &c. &c.

CAUTION.

CAUTTON. In this book the nature of every private disease is minitiely de-seribed, with their symptoms, and how to distinguish one from another—with receipts for the remedies, their management, hc., is obtain language. It enhales every one to successfully and pri-vately treat his case, (thereby avoiding the imponitions daily practiced by quacks on the gnormal.) of to judge if property men-ed. Young men who have peen unfortunate in contracting da-ease, previous to placing themselves under the carcy daily doptor no matter what has precensions may be, get a cough of this truly useful work first, as it exposes the trickery and im contre pra-ticed hy quacks, who advertue to cure private diseases in the public newspapers. Bold by the author, who may be consulted agon any of the diseases of which it treats Aur person sending book by mail, or five copies for \$1. Address Dr. M. B. La Croix, or bor 1600, P. O., Bufallo, Y. Y. Also for sale by the author, No, 56, Beaver at; P. L. Gibert, under the Museum, Albasy, N. Y. Falling of the Womb, Concerthers are Whites, Otstructed, Exces-

FEMALE COMPLAINT. Failing of the Womb, Gonorthus or Whites, Otstracted, Esces-sive, Irregular or painfal Menaes, Dropsy of the Womb, Dr. La Croix isoften called upop by young and innocent female who have had their health injured for years by pills and nonrum twenty have an injurous effect upon the constitution, with dueing the desired effect, or any signs of it. Ladles who medicanes, the officacy of which has been tested in thous cases, and never failed to effect speedy enter without any other will use none but

cases, and never failed to effect speedy cares without any lad re-sults, will use none but **Dr. Do Lancy's Female Periodical Fills**, which are the result of the combined knowledge and experience of some of the oldert and most distinguished physicians of Ea-rope, and have been used by females cubracing most of the gen-thity and nobility of France for the last 35 years. To calorate their virtues would not add to their merits. The only precaution useces ary to be observed is, ladies should not take them if they have reast to be observed is, ladies should not take them if they ingeach box,) though always safe and healthy, so genify, jet so active are they.

It refees of per box. they can be transmitted by niail to any partof the Union. . Dr. La Croix invites all the pflicted, however hopeless their case may appear, or whatever their disease may be, or however case may appear, or whatever their disease may be, or however many physicians or remedies they have tried, to put his knowl-eige and skill to the text in an examination of the case-it will cost their nothing." The promises to every case he treats a perma-neut and radical cure for life. L. The Dispensary is so arranged that the person so calling will see no one but the doctor himself, who is in constant atten-dance in his private rooms, ready and willing to render relief to all who may are him a calls. call. Those who have injured themserves of solitary vice are also invited. Read and Restrict.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases their lives, in the hands of physicians, ignorant of this class of mala-dres. It is certainly inpossible for one man to understand all the ils the human family are subject to. Every respectable physician has his peculiar branch, in which he is more successful than his booher professors, and to that he devotes most of his time and study.

Washed Processing of the second bound of the study of the

ing from youthful excesses or impurities of the blood, whereh the constitution has become enfectled, enables the Doctor to offe edy feling to all who may place themselves under his care. Phyladelphia. May 2. 1881. 1951
