Sheldon's Waterproof Polish, for Boots and Shoes.

A PRESH supply just received at Warren's, No. 1, Wright's Block. This article is attracting the most universal admiration where it has been tested. We can produce testimony of the highest reputation and are confident of yours if you will but give it a fair trial. It surpasses anything ever before offered to the world. It gives a brilliant polish and is susceptible of oil, and not only keeps out where but preserves the leather and keeps it from cracking. Ladies, commend it very, highly for Kid and Morocco shoes and Rubbers, adding to a brilliant lustre the virue of not soiling the whitest lines. It is easily applied and lasts onger than any other blacking. Try it

WATER CURE.

COLD SPRINGS WATER CURE" is stunted about a mile on orth of the city of Buffalo, at the celeorated Cold Springs, (from whence it decrees the name,) and at the terminus of the time of Omnibuses on Mano Street.

It has been to operation about eighteen months, and the success which has attended the treatment of patients has surpassed the most sanguing expectations of its proprietors. Cures have been performed, which to the patients themselves, to their friends, and to the public, have seemed a little short of mirrarbous. The proprietors do not wish to encourage those who have been dectining in health for years; with instinationeous restoration, but feel entirely rafe in againg that water treatment will cure all that can be cured by any other treatment and will succeed in many cases where other mensures have finied, and will cure in less time and more comfortable to the patient, and all things considered at minch less expense. where other menures have finied, and will cure in less time and more comfortable to the patient, and all-things considered at much less expense.

The diet is such as is adapted to invalids, and symnastic exercises solved to the physical condition of each patient, and innocessatiution are regularly pursued.

The institution is new, commodious, and pleasantly situated, the surrounding scenery be attiful, and all things tending to health and comfort acceptable, and no pains will be sparred to render our guests obserful and contented, while receiving all the advantages of medical aid and Water appliances. The editor said, Dec. 22nd—
Dr. Hasfand's Celebratad German Bitters for the cure of Liver
Complaint, Jaundice, Dyspiepsin, Chronicor Nervous Debility, is
deservedly one of the most popular medicines of the day. These
Bitters have leen used by thousands, and a friend at our elbow
says he has himself received an effectual and permanent cure of
Liver Complaint from the use of this remedy. We are convinced
that, in the use of these Bitters, the patient constantly gains
arrength and vigor—a fact worthy of great consideration. They
are pleasant in taste and smell, and can be used by persons with
the most delictate stomaches with safety, under any circumstances. heir use. "Scott's Werkly," one of the best Literary papers published

"Da. Hootland's German, Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much effect in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus sove themselves much sickness. Fersons of debititisted constitutions will find these Bitters advantage out to their health, as we show from experience the salutary effect they have upon weak systems."
