Springfield Moving. At a large meeting of the Democrate of Springfield lery, Esq and John S. Walbridge, a committee to report resolutions as a basis forsaid Club, and the same remmittee were instructed to report the names of editahis persons to act as a township vigilance committe, and of committee, which were unanimously adopted. Wherear, we, being Democrats, ready to devote our

energies and means for the welfare of our country, and consequently the Democratic party, and, to be brief, considering that on the success of that party depends the permanent prosperity of our country, therefore

Resolved, That we adopt, endorse and recommend the action of the Baltimore Democratic Convention to our foliaw citizens as the best in our judgment to settle the disturbing causes in all sections of our Union, and render enduring its prosperity.

Resulted, That all splits, schiums and dissolutions in in the Whig party, at any and all times, both in and out of our county, proves, if proof is necessary, the truth of a trite axiom that there is not and cannot be "any thing good there;" that every touch thereof defileth; that we admonish our friends to stand away from sympathy for, or support of Whige for office.

You state that 'there is great doubt" as to whether Tennessee will go for Scott. I assure you that the will not. If the Democrats vote for Pierce and King, as I have no doubt they will, they will carry the State, because the Whigs will not vote for Scott; I mean by this that he will not get the whig vote. The majority, however, against Scott will not be so great as ten thousand, though it probably would have been, had not the New Boston affair

been brought to I ght. You would do well, as a government officer, post up your books, seitle your accounts, and prepare to give up your office. The Democrats are like the Whigs HAVE GOT TO BE-fighting only for
