MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 Extract of a Letter from Mr. Il Ultiam Galpin, of 70, St. Mory's Street, Waymonk, dated May 15th, 1851.

To Professor Hollow 1y, Six—At the age of 1s my wife (who is no 61) enught a violent cold, which settled in her legs, and eyes since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirity of rest and sleep. Every renedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills. YEARS SUFFERING. suffered severely, and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Olitanent; and, as a last resource, after every other remedy had proved tactess, she consented to do so. She commenced six weeks ago; and, strange to relate, is now in good health. Her legs are painless, without seam or sear, and steep is sound and undisturbed. Could you have witnessed the sufferings of my wife during the 43 years, and contrast them with her pleasant enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. (Signed) WILLIAM GALPIN.

Copy of a Letter from Mr. William Abbs, Builder of Gas Oceas,
of Ruskelite, near Hudder-field, acted May 31st, 1-51.

To Professor Holloway, Sir—I suffered for a period of 30 years
from a bad leg, the result of two or three different accidents at
Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg, must be amputated, yet, in
opposition to that opinion, your Pills and Omitment have effected a compiler cute in so shart a time, that few who had even ind a complete cure in so short a time, that few who had not not nessed it would credit the fact. (Signed) WM. ABIIS. The trath of this statement can be verified by Mr. W. P. England, Chunet 13 Market-st. Hudder-field.

Having before healed au awful wound in my own leg by your unrivalled medicine, Udetermined dania to use your Pilis and Unitment, and therefore give them a trial in her case, and forthing it was I did so, for an less than a month a period cure was set deed, and the benefit that various other branches of my family have derive from their use is really astonishing. I now strongly recommend them usall my friends. (Signed) FREDERICE TURNER. The Pills should be used coujointly with the Outment in most of the tottowing cases:—

New Edition.

C. & J. Biddle, No. 6 South fifth-st. Philadelphia, have just published a Book of Forms, containing MORE THAN TWELVE HUNDRED FORMS.

For practice in the Touris of Pennsylvania and of the United States, and for Conveyancing; also for the use of Public Officers and Men of Business generally. Adapted to the recent acts of assembly of Pennsylvania, with explanatory temarks and numerous precedents and Telegracer to standard authorities. To which are appended a Glossify of Law terms and a copious Index. By James D. Dundap, Counsellor at Law, &c. Second Edition. Price—Four Boltars.

The publishers have already received from nearly all of the President Judges of our Styte, and from other gentleman eminent in the legal profession, their opinions of the work, which are of a highly complimentary nature. The following are selected from a large-number of an equality favorable character—

Wellslorough, April S 1622.

Gentlemen: The collections of court forms for conveyancing, &c., which had been in use previous to the publication of Dunlap's work in 1845, needed revision to make them convenient, and to adapt them to changes which legislation had tendered necessary in the practice in the courts in Pennsylvania.

Your edition of that work therefore received, as it merited, the approbation of the legal profession, and supplied a want which was felt by business men generally throughout the State.

\*After the numerous testimonials which you have received from

approbation of the legal profession, and supplied a want which was felt by business men generally throughout the State.

After the numerous testimonials which you have received from emment judges, in respect to the usefulness and excellence of that work, commendation of it from me would be superfluous.

I may be permitted, however, to remark that I approve of the general character and arrangement of the work, and, having examined a portion of the new edition which you are publishing. I may add that the author has greatly enlarged and improved his first edition, and that, when published, his book will be the most convenient and useful one of the kind extant.

Very truly cours, &c. Very truly yours, &c .

Patisburgh, April 14 1982.

Gentlemen: "Duulap's Conveyancing and Forms is a work of decided merit. I am glad to find that it is to be proposed with many valuable additions. It should be in the hands not only of lawyers and magistrates, but of the business community generally. There is scarcely a position in this in which a man will not occasionally find himself in need of the assistance of such a work.

I hope the author may be abundantly renumerated for the carning and industry lestowed 4500n it. carning and industry bestowed upon it

With great respect, yours, &c.

I am pleased to learn that a second edition of his work, a about leng issued. It has been, and now is, one of the best works of the kind in the bands of the profession, and is his work, a about leng issued. It has been, and now is, one of the best works of the kind in the bands of the profession, and is evidently much improved by the author's revision and additions. I have the pleasure of an acquaintance with Mr. Dunlap. He is a gentlemen whose respectable professional attainments and methodical habit of mind it him well to be the author of such a work. I shall not bestiate to recommend it to the gentlemen of the Bar in the 10th district. Very respectfulls, &c., Messis, E. C. & J. Biddle.

The edition which you are about to publish, embodying as it does a very large amount of new and varied matter, and tening so well adapted to general and piecent wishs, cannot fail to be greeted with a cordial welcome by the profession.

A familiar acquaintance with the work, and a careful examination of the sheers of the forthcoming edition, challe me to recommend it, with great confidence, as a book winch should be in the hands of every serivener, and have an early place in the inbrary of every gentleman engaged in the practice of the law.

FISK'S PATENT METALIC BURIAL CASES.

THE Undersigned having secured the exclusive Agency for the sale of the above named Burial Cases, for Eric County, and deciming the article one which depends solely upon its lown merits would respectfully solicit an inspection of the same at his

Ready-Made Coffin Ware-Room.

East side of State I etween 7 and State, over the Sharon Iron Company's Store where satisfactory references and testimonials as to their practical utility can be given, which together with a personal inspection cannot but recommend them to the favorable consideration of all those who in the dispensation of Divine Providence have occasion for the use of a Coffin. The undersigned would here add that these cases are of a classic form, and coerespond in stape, to the outlines of a human body, are highly ornamental, and regarded as less repulsive more beautiful and minute in anothermize, than any other article used as recentacles. unique in appearance, than any other article used as receptacles for the dead; they are made of the most imperishable materials are enameled inside and out, so as not to take or corrode and when comented together are perfectly air-tight, preventing the exhalation of offensive gazes, so that when desired the remains can be kept for weeks before burial, awaiting the afrival of absent friends; they are light and portable, at the same time being more or less curvilinear, they posses more than sufficient strength to resist at the pressure of gazes from the body, which they are subject to while in use; and bodies may be disintered even after a lapse of many years; and removed to any part of the country, without the sheltest disagreeable odor arising from them. In the use of these Burial Cases, the gratifying reflection is afforded to surriving friends and relatives, that the mortal remains of those once dearly beloved are enclosed and deposited where they will remain in fence, free from the irruption of water, the they will remain in peace, free from the irruption of water, the depreciations of vermin, and comparatively beyond the unhallowed desecration of dissectors, and will be permitted to undergo

a transformation, or return to their native elements, from natural causes alone.

If The undersigned has constantly on hand and for sale at his wate rooms as above Rece-wood Manogony, Black-walnut, cloth covered, and all kinds of cheaper Coffits of all sizes all ready for immediate use, also ; shrouds of all sizes for both seres.

N. B. He is prepared to take the general superintendance of funerals, and furnish Heurse and Carriages if desired.
