### Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle, at L. Taggart's drug store.

About 40 per cent. of the men who volunteered in Pennsylvania and went to Mt. Gretna were rejected on physical grounds or else because it was deemed best that they should not go. Altogether more than 13,000 men were taken to the camp to secure the requisite quota of 10,000. The balance was weeded out. Some weeding was also done at home before the officers took the troops into camp. The expenses of all those who were accepted will be paid by the United States, dating from the time they left home, but the State is responsible for the time and maintenance of the men rejected.—Franklin News.

## Rich Valley Notes.

Editor Press:—

Fine growing weather.  
Mrs. Morris Lewis had a sewing been couple of weeks ago. A good deal of sewing was accomplished, and as is usual at such places, some talking was done.

Mrs. Geo. Carter and her children have returned to Olean, having changed her mind about moving here.

Mr. Howard's farm house at Lawn View is a large one, but none too large for Eldon Lewis since that beautiful little daughter arrived last Thursday morning.

A wreck occurred on the Rich Valley R. R., last Friday, smashing sixteen log cars into fragments and breaking the steam loader. "Old Dan" was also injured to some extent. Fortunately no one was hurt.

In answer to Josiah Howard's question in last week's paper, it seems to me that the officers of the law are the proper authorities to look after the cases he mentions instead of preachers and school teachers. ADINA
