Government Seed Testing.

The act of Congress making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1899, under the heading "Botanical Investigations and Experiments, Division of Botany," contains the following clause:
The Secretary of Agriculture is hereby authorized to purchase samples of seed in open market, test same and when found not to be up to standard he may, at his discretion, publish the results of these tests, together with the names of the seedsmen by whom the seeds were sold.

The purchase of seeds for the tests authorized under this act will begin July 1, 1898. It will be the aim of the Department of Agriculture in carrying out this law to put a stop to the sale of seed so poor as to make probable a positive injury and loss to the purchaser, thus giving protection on the one hand to the farmer and gardener and on the other hand to the honorable seedsmen and seed dealer.

Further information, including a table of the standards of purity and germination and a list of the most injurious seeds likely to occur in commercial seed, may be obtained from the Department upon application.

A GREAT WAR ATLAS.

A Superior Publication of "The Philadelphia Press."

"The Philadelphia Press" has secured a war atlas which will cover every portion of the earth where a conflict on land or sea could occur.

"The Philadelphia Press" ordered a very large number of the atlases and through its great order is enabled to place separate copies before its readers at almost actual cost.

"The Philadelphia Press" great war atlas contains sixteen pages of maps, and six pages of valuable statistics, showing the financial, military and naval strength of the United States and of Spain. It also contains a brief, interesting and accurate history of Cuba.

Those ordering the war atlas to be sent by mail must enclose 10 cents and an extra 2-cent stamp for postage. Mail orders will be filled the same day as received. They should be addressed to the War Atlas Department, "The Press," Philadelphia.

District Manager.

We desire the services of a capable man as manager for our third Pennsylvania district, consisting of the following counties: McKean, Potter, Tioga, Jefferson, Elk, Cameron, Clearfield, Centre, Lycoming, Clinton and Union.

To the right party we can offer a lucrative position with opportunities for promotion. No canvassing. Apply by letter with references to THE MIDLAND POTTERY CO., 16-4, Roseville, Ohio.

The Mortgage is Still There.

A Clarion exchange tells of a man who mortgaged his farm to buy his wife a pair of ear-rings. The wife took in washing to pay the interest on the mortgage, but the first job she lost one of the "sparks" in the suds, whereupon she tried to hang herself in the barn, but the rope broke and she fell on a \$50 Jersey cow and broke its back. Her husband then undertook to shoot the cow to put it out of its misery, but the gun burst and destroyed his eyes, and his wife ran away with a lightning rod peddler. The mortgage is still there.

Thomas Pelkey Home.

Thomas Pelkey, who headed a large party from this place to Alaska, about two years ago, returned home yesterday and surprised his family and friends. Mr. Pelkey has been very successful in the gold fields and reports all Emporiumites prosperous. Mr. Pelkey will remain here about two weeks, after which he will return to San Francisco to transact some business. He has not yet decided whether he will return to the Klondike or not. The balance of the Emporium party will return home this summer and fall. He has many valuable specimens of gold from his mines. "Tom," as his friends call him, seems glad to get back to Emporium and friends.

Driftwood Locals.

(From our regular correspondent.)

DRIFTWOOD, JUNE 22, 1898.
The one flag-staff in town from which "Old Glory" should float is the one on the public school building, yet that staff remains as devoid of adornment as though nothing had occurred in this great country of ours to call for the unfurling of the stars and stripes.

The celebration here on the Fourth of July will be a searcher. The committee in charge has prepared a program that takes up every minute of the day and far into the night. Orations, parades, fire works, balloon ascension, bicycle races, foot races, base ball games, dancing, and things that will give amusement to the hundreds who are expected here on that day.

Parks Geiger has resumed duty in the Low Grade scale office, after a week's absence occasioned by the illness of one of his children.

All the town's "awheel" these pleasant evenings. These who haven't wheels to ride, have wheels in their heads, says "Oss" Miller.

Sam McGoole has about completed the addition to his residence on Driftwood avenue and he now has one of the most pleasant homes in town.

Business received a small sized boom this week when the P. & E. gravel train was put on. It gives employment to about twenty-five men which means about \$500 per month to be distributed among our business men.

W. G. Bell and wife came over from Pittsburg last Thursday and spent several days at Lincoln farm, fishing.

"Rothrock, the Clothier," has moved his clothing store from the bank building into the store room formerly occupied by Roach's drug store.

The A. V. company is fixing up its property in the "flat" by building an addition to it. Repairs to their railroad bridge have also just been completed.

A number of children were taken to Sinnemahoning camp ground on Tuesday to picnic.

Father J. A. Lavery, who has been rector of St. James Catholic Church here for the past eight years, leaves this week for Kane where he has been called to the pastorate. Father Lavery leaves many warm friends in this community where he was universally loved and respected.

Miss Kate Cummings, of Emporium, spent a portion of the week here, the guest of Miss Louie Towers.

John T. Murphy, the veteran Low Grade engineer is enjoying a well earned vacation. Mike Montgomery is pulling the throttle on the "old gal."

W. H. Roach came up from North Bend on Monday and shook hands with his numerous friends here. He reports business excellent and the wave of prosperity at last blowing his way.

TROOPS ARE LANDING.

OFFICIAL DISPATCHES RECEIVED AT WASHINGTON.

WASHINGTON, June 22.—Official dispatches received to-night, by both Secretary Alger and Secretary Long indicate that the landing of troops at Santiago was progressing most favorably. The first landing was effected at Daiquiri this morning and met with comparatively slight resistance. This was stated in a dispatch received this evening by Secretary Alger which though brief was full of news and meaning. It follows:

Playa Del Este, June 22, Secretary of War, Washington, D. C. Off Daiquiri, Cuba June 22.—Landing successful. Very little, if any resistance. (Signed.) SHAFER.

Shortly after Secretary Alger received this dispatch Secretary Long received a more extended cablegram from Admiral Sampson. The text of the dispatch translated is as follows:

"Landing of the army is progressing favorably at Daiquiri. There is very little if any resistance. The New Orleans, Detroit, Castine, Wasp and Suwanee shelled vicinity before landing. We made a demonstration at Cabanas to engage the attention of the enemy. The Texas engaged the west battery for some hours. She had one man killed. Ten submarine mines have been recovered from the channel of Guantanamo. Communication by telegraph has been established at Guantanamo. (Signed.) SAMPSON.

Miraculous Escape From Death.

For some time a number of young lads have been in the habit of congregating among the board piles in C. B. Howard & Company's lumber yard at this place and every effort has been put forward to break up the practice by Mr. Henry Auchu, a member of the firm. Fears were entertained that the boys would not only damage property but fatally injure themselves. Last Sunday evening the usual crew of young lads congregated there and commenced their mischief. Mr. Auchu secreted himself on the top of a board pile, waiting for the lads to ride by on one of the lumber trucks. He had armed himself with a large ten inch dynamite fire cracker, intending to frighten the lads. Hearing the lads coming he lighted the cracker but it exploded before he could throw it from him, severely injuring his right hand. Mr. Auchu was alone and he saw that he was severely injured and must have immediate surgical aid. He went to the mill, gave directions to the watchman and called at the residence of Dr. Heilman and requested the doctor to come to his home at once and dress his injury. Dr. Heilman summoned Dr. Bardwell to assist him and found that Mr. Auchu was very seriously injured. His right thumb was completely shattered and would have to be amputated at the second joint, the first finger at first joint and second finger at second joint. The wonderful nerve of Mr. Auchu was not sufficient for this operation and he was immediately placed under the influence of ether and the amputations made as above stated.

Mr. Auchu is doing nicely and stands his misfortune with good cheer, and is thankful that his life is spared. No citizen of Emporium is more highly respected than Henry Auchu and the sympathy was very general.

Our First Defeat.

Our first nine drove over to Austin yesterday morning to play the return game with the team from that place. The Austin boys were too much for us this time and at the close of the ninth inning the score stood 32 to 12 in their favor. It is to be hoped that these two teams will have the opportunity of coming together again on the Glorious Fourth.

The Johnsonburg Breeze says: Ed. Johnson, of Driftwood, a young man about nineteen years old, met with a very painful accident here Saturday afternoon while coupling cars. His right arm was smashed just below the elbow. He was taken to Dr. Palmer's office where every effort was made to save his arm. He was taken to the Kane hospital Saturday.

Injured His Knee.

Robert Faucette, while engaged in peeling bark for Thos. Dixon on his Bobby's Run job last week, had the misfortune to seriously injure his right knee. Though painful, the injury is not considered serious and Mr. Faucette expects to be able to resume his work in a few weeks.

Good News to All.

As I am about to remodel my entire store room and build greater to accommodate my patrons, I offer my entire stock of goods, consisting of millinery and ladies furnishing goods, fancy goods, ribbons, laces and dress trimmings, and many other articles at greatly reduced prices to avoid moving the stock. Come and see.

17-2t H. L. RAYMOND.

Booming Emporium's Celebration.

Mr. J. W. Clark is perambulating around the country in a decorated wagon (kindly loaned for the occasion by J. H. Day, the enterprising grocer) and billing every barn, shed and bill board with flaming posters, announcing to the outside world that a "bang up" celebration will be held in Emporium on July 4th.

Woodsmen are Scarce.

Pat McDonald is peeling 15,000,000 feet of logs this season. Although 200 men are employed on the job, more will be needed in order to get through before the close of the season. Mr. McDonald reports that men are very scarce just now and that it requires considerable hustling to secure enough to insure a completion of the season's cut.—Falls Creek Sun.

Death from Paralysis.

Miss Ada Jenkins, who came here from Wyoming county, Pa., about a year ago, died at the residence of her sister, Mrs. Allen Russell, at nine o'clock Saturday evening, of paralysis, aged eighty years. The deceased was a native of Wyoming county, and her remains were forwarded to Tunkhannock on Monday morning, to be laid to rest near the scene of her childhood home.

Mineral Sanitarium Destroyed.

The Parker Mineral Sanitarium which was erected at Gardeau about six years ago, by Col. N. H. Parker, at a cost of \$20,000, was totally destroyed by fire last Saturday afternoon. The fire broke out at a few minutes before five and in an hour and a quarter nothing but a few rough sections of the outer brick wall were left standing to mark the spot where the beautiful edifice had formerly stood. The fire is said to have caught from a defective flue, and owing to the rapid spread of the flames, nothing but a few suits of furniture on the ground floor were saved. The insurance on the building is estimated at about \$7,000.

Maccabee Reception.

Gladiola Hive, of Emporium, gave a reception and entertainment to the Sir Knights of Goodwill Tent, at their lodge rooms last Thursday evening. To say it was immense would be using a very modest term. The officers of the L. O. T. M. and K. O. T. M. marched into the lodge room, escorted by the lady guards, and having assumed their respective places the Lady Commander sounded the gavel for order.

Mrs. C. L. Butler delivered the Address of Welcome to the Sir Knights. Some very excellent and fitting recitations were delivered by young ladies and several children. The solos by the Misses Hamilton and Hackett contributed largely to the success of the program. Sir Knight Commander, C. L. Butler, in a few brief remarks paid a glowing tribute to the Lady Maccabees. Sir Knight Record Keeper McNarney's remarks on the "Finding of the Lost Rib" elicited much merriment. Next was the drill of the lady guards, which commanded the admiration of all, after which refreshments were served; then all participated in a grand cake walk and then retired to their respective homes, feeling they had spent a very pleasant evening. The ladies of Gladiola Hive are very energetic and deserve the hearty co-operation of all the Knights. Time and space do not permit me to make mention of all who filled an active part but suffice to say each and every one acquitted themselves nobly.

Yours truly,

A GUEST.

Ball Games at Sterling Run.

The Emporium and Sterling Run nines will play two games at Sterling Run on Saturday. The Sterling boys are good stuff and will play our nine July 4th.
