The Pennsylvania Railroad Company will run a special Sea Shore ex-

cursion on Thursday, August 4th. N. Seger carries the largest and most complete line of gents furnishings in the county. When in need of goods in this line give him a call.

B. L. Spence, while out berries last Saturday was struck twice on the sole of his boot by a rattler. He jumped from the log upon which he was standing and killed a large snake.

If you need a suit of clothes, call on N. Seger. He can fit you out, neater and cheaper than any other dealer in

the county. The low rates offered by the Pennsylvania Railroad for an excursion to the Sea Shore on Thursday, August 4, should be within the means of all de-

siring to visit the resorts. Next Sabbath morning, in the M. E. church, a sermon to the children will Mrs. Walter Moore, of Tyrone, Pa., be preached. The children's choir will s guest of her grand-mother, Mrs. D. lead the music and baptism to infants will be administered.

Rattlesnakes are very pienty this season. E. W. Gaskill says it is a poor day when he does not kill at least one in the hay field. It requires great care to prevent the reptiles from being loaded in the hay racks.

The low rates offered by the Penn sylvania Railroad Company for an excursion to the Sea Shore, Thursday, August 4th, will allow excursionists to go either to Atlantic City, Cape May, Sea Isle City, Ocean City, Avalon, Anglesea, Wildwood or Holly Beach.

After Cervera's fleet was disposed of our ships cheered one another, the captains indulged in compliments through the megaphones, the Oregon got out its band, and the strains of the "Star-Spangled Banner" echoed over the lines of Spaniards drawn up on the deck of the last of the Spanish fleet, and up over the lofty green-topped

Two Navies Compared.

Just as the press of the country com pared the relative strength of the Spanish and American navies prior to hostilities so is the same operation going on, only the word German is substituted for that of Spanish. The strenuous opposition to everything American displayed by Germany has given rise to this situation with that power is not considered probable, but under the circumstances it is possible. To be sure, Berlin has given assurences of friendliness, but she has not withdrawn her flotilla from the Philip-pines, nor has she made any friendly disposition of the tariff questions which are constant source of irritation.

So this nation has settled back comfortably to measure strength-on paperwith his Majesty the Kaiser.

An impartial list quoted by the New York Herald from "The Naval Pocket-(English, February 1, 1898) gives the following figures:

Total ships of the line.....

The German armored fleet is a trifle greater in displacement than that of this country. Her ships carry 330 guns of a calibre greater than three inches, while our navy mounts 320 guns of the same weight. Four first class battleships form the main strength of the German navy— Friedrich Wilhelm, Brandenburg, Weiss enburg and Worth. They are all 10,000ton ships, protected by a complete armorbelt of 11.8 and 15.7 inches of steel, have a coal capacity of 800 tons and a speed of seventeen and one-half knots an hour. They carry six 11-inch guns in barbettes besides powerful auxiliary and secondary batteries.

The effectiveness of the American navy is now a known quantity—that of Ger-many unknown. Our men and ships have been tested in actual war, and we know what they can do. The Germans have acquired a high degree of organization, and apparently their equipment is of the best. They have, besides the national traits of bulldog persistency, bravery and machine-like obedience to authority. are far slower than we and effect things by mass that we accomplish easier by individual effort. An American thinks twice while a German thinks once. And, as this war has shown, it is the individual in the crew as well as in the staff and line that counts for most. We could give Germany a far heavier tonnage and one hundred more guns and then call it an even match.—[Philadelphia Inquirer.

Sympathetic Kusbands.

The sympathetic tenderness of a loving husband is everything to an expectant mother, especially during her first ordeal. George Layton, Esq., a prominent druggist of Dayton, O., gives the following case:

A customer of mine, whose wife has used four bottles of "Mother's Friend" before confinement, says, after seeing the effects of the remedy, that if she had to go through the order again, and there were but four bottles on the market, and the cost was \$100 per bottle, she would have them.

"Mother's Friend" is a scientifically compounded liniment which affords cercompounded imment which affords certain relief in the various ailments preceding childbirth, and assures proper elasticity to the cords and muscles involved in the final ordeal.

"Mother's Friend" is sold by druggists, or expressed on receipt of one dollar.
