WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, Nov. 21st, 1898.

President McKinley has called time on Spain, so to speak. He has set a time limit, within which the Spanish Peace Commissioners must either accept or reject finally and definitely, our demand for the Philippines. The exact length of this time limit is not known outside of the Cabinet, and probably half a dozen others who enjoy the President's confidence, but there are good reasons for saying that it does not extend much, if any, beyond Dec. 1. The President was somewhat loath to adopt this peremptory policy, because he disliked to even appear to be taking advantage of our power to compel Spain to do what we pleased, but the quibbling evinced in the answers of the Spanish Commissioners, which they took a week or more in each case to prepare, convinced him that if they were not pulled up short, the negotiations were liable to go on indefinitely. He is simply tired of keeping this country on a war footing, and waiting for the Spaniards to agree to a formal treaty of peace.

Chairman Cannon, of the House Appropriation Committee, is determined that there shall be no delay in getting the regular appropriation bills reported to the House, at the coming session of Congress. The appropriation made at the last session of Congress for the support of the army only extends to Dec. 31st, which makes it necessary that a new appropriation shall be made before Congress takes its Christmas recess. Upon information from the War Department that its estimates would be ready by that time, Mr. Cannon has called a meeting of the members of the sub-committee on deficiencies, of which he is Chairman, for the 26th inst., and if the estimates are not delayed this bill is likely to be ready to be reported as soon as Congress assembles. The sub-committee on the District of Columbia, will hold its first meeting Dec. 1, and the present intention is to report the bill and pass it before the holidays. The House appropriation committee has a good record for hard and rapid work, under the guidance of Chairman Cannon, but he hopes to establish a new record at the coming session of Congress.

The first pension of the Spanish war has been awarded to Private Jesse T. Gales, Second U. S. Artillery, who lost part of his upper lip and several teeth in the Cuban campaign. Under present laws \$17 a month was the most that could be allowed Gales, who is permanently disabled and disfigured. He will be given that sum, but its inadequacy is so manifest that it is likely a bill will be passed by Congress authorizing its increase.

Admiral Dewey has notified the Navy Department that he has contracted with a Hong Kong firm to raise three of the Spanish gun-boats sunk in Manila Bay; that the work has already been partially accomplished, and that \$500,000 will cover the entire cost of raising and putting them in complete repair. These boats are of a class that will be especially useful to the U. S. in Philippine waters. They are named respectively, Isla de Cuba, Isla de Luzon, and Don Juan de Austria. The first two are twin ships, 200 feet long, 30 feet beam, with a draft of 11 feet 6 inches, and the other is slightly larger, 210 ft. long, 30 ft. beam, with a draft of 12 ft. 6 inche. They all have torpedo tubes as well as batteries.

While it is hoped that the announcement of satisfactory progress by the Canadian American Commission will shortly be followed by another that a treaty has been agreed upon, it is known that such a result can only be obtained by a material change in the position the Canadians have heretofore taken as to what should constitute commercial reciprocity—the real object of the Canadians in taking part in this commission. The United States has always been willing to

have real commercial reciprocity with Canada, as with other nations but strongly opposed to the jug-handle article which Canadians have heretofore sought. As soon as Canadians are willing to give as much as they wish to take, a treaty can be arranged.

Hon. H. S. Foster, a member of the British Parliament, who is visiting Washington, quotes President McKinley as having said to him during a conversation on the relations between the United States and Great Britain, that "the feelings of the two peoples would be fruitful for the cause of humanity and civilization," and that "the co-operation of the two countries did not depend upon paper treaties or written obligation, but upon a much deeper and more lasting basis."

Representative Dalzell, of Pa., who is a member of the House Committee on Rules, was asked whether there was likely to be any currency legislation at this session of Congress. He replied: "What is the need of it? We have an abundant revenue, and as long as that is the case, there is nothing the matter with our currency. I do not think there will be anything done on the subject at the coming session of Congress. There may be some currency legislation during the fifty-sixth Congress, but how broad and general it will be I cannot say. I do not think the country would suffer if there were none. The people have no question about our money as long as our revenues are all right."

Secretary Long will, in his annual report, recommend the building of three new battleships and twelve cruisers, and the enlistment in the Navy of twenty-thousand men and two-thousand five-hundred boys.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am saved and now a well and healthy woman." Trial bottles free at L. Taggart's drug store. Regular size 50c. and \$1. Guaranteed or money refunded.
