Will Bore for Oil.
Messrs. Howard & Perley have leased a portion of their land on Kettle Creek to parties who will put down test wells for gas and oil. The lands extend well into the new oil and gas field recently developed along Pine Creek, and experts say there are strong indications of oil. It is well known that gas flows continuously from the oil well near Hammersley's Fork and the probability is that if one or more wells are put down a new oil field will be developed.

Discovered by a Woman.

Another great discovery has been made and that, too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were all undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottle free at L. Taggart's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

Dr. Bull's Cough Syrup has been in use for half a century. Some families have used it for three generations, and it is to-day the standard cough remedy of this country.

Among stevedores cotton is regarded as the hardest to stow and railway iron the easiest.

Dr. Bull's Cough Syrup will positively cure croup. Many a home has been made desolate by the loss of a dear child which could have been saved by his great remedy.

Two Pointed Questions Answered.
What is the use of making a better article than your competitor if you can not get a better price for it?
Ans.—As there is no difference in the price, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.
How can you get the public to know your make is the best?
If both are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.
This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by L. Taggart. Dec

Baby's Coming

means pain, danger and possible death for some wives. For others it means practically no discomfort at all. There is no reason why childbirth should be a period of pain and dread. Several months before a woman becomes a mother she should prepare herself for the critical ordeal. There is a preparation made which is intended for this purpose alone. The name of this wonderful preparation is **Mother's Friend**.

It is a liniment to be applied externally. It relaxes the muscles and relieves the distension, gives elasticity to every organ concerned in childbirth, and takes away all danger and nearly all suffering. Best results follow if the remedy is used during the whole period of pregnancy. It is the only remedy of the kind in the world that is endorsed by physicians.

\$1 per bottle at all drug stores, or sent by mail on receipt of price.

FREE BOOKS containing invaluable information for all women, will be sent to any address upon application to The Bradford Regulator Co., Atlanta, Ga.
