HTE GREATEST ALMANAC.
A Wonderful Collection of Facts Issued by "The Philadelphia Press."
To those familiar with the Almanac issued by "The Philadelphia Press," Pennsylvania's Greatest Newspaper, the announcement that the 1899 edition is on sale is quite sufficient to induce purchase. Those who have examined the contents of the two previous volumes issued by that paper know that there is not to be found in the United States—and, if not there, nowhere in the world—an almanac which surpasses "The Press" for accuracy, comprehensiveness, variety and attractiveness. It is a volume of over 500 pages, replete with the information that every citizen interested in the past, the present, or the future of the country in which he lives needs constantly. What "The Philadelphia Press" does for the news of the world daily its Almanac does for the events of the year. There is not one department of human activity which is not touched on. The farmer and the merchant, the clerk and the professional man may each find something in it to interest and to instruct. It answers the many questions concerning the Government and of foreign nations, is a resume of the war with Spain, abounds with statistics from commercial and industrial pursuits, tells the story of the part played by the Keystone boys in the late war—and is, in fact a complete cyclopedia of the world's activities during 1898, and must be indispensable to every thinking American citizen. The Almanac may be had from newsdealers or by sending 25 cents to "The Press," Philadelphia.

DR. BULL'S Cough Syrup helps consumptives and cures incipient consumption; it loosens the phlegm and heals. It is without doubt the best cough medicine. Price 25c.

Making the Home Attractive.
William Martin Johnson, author of "Inside of a Hundred Homes," contributes the first of his new series on "The House Practical" in the January Ladies' Home Journal. In these articles Mr. Johnson will explain how the various rooms, hallways, etc., of a house may be artistically furnished and decorated at comparatively small cost. The explanation is so clearly detailed that, with the aid of the accompanying drawings, almost anyone with taste may follow the instructions given. The articles will show how the interior of a house may be transformed from the commonplace into a thing of artistic beauty and coziness. There is no subject of such vital interest to Americans as the improvement of the home, and Mr. Johnson's articles will doubtless prove popular and useful as his "Inside of a Hundred Homes."

ALL SORTS.
