A party composed of Messrs. Grant S. Wiley, Wm. Mundy, Emmet Tulis, and Harry Kaye will leave for the state of Washington, next Tuesday morning, on one of Allen's popular excursions, via the Great Northern Route. These boys are intelligent, industrious young men and they will no doubt found a permanent home and a prosperous business in the "Garden State" of the great West.

ALL SORTS. A Centre county man has 5,000 peach trees and will set 500 more. Money in peaches.

The Harrisburg Commonwealth observes that this is the season of the year where a little wall paper will often prevent the landlord being voted a "mean old thing."

Local dealers are paying from 17 to 18 cents a pound for dairy butter; from 10 to 12 cents a pound for cheese and from 10 to 12 cents a dozen for eggs.—Jamestown Journal.

The Punxy Spirit says: The appearance of the sassafras vender admonishes us of the near approach of spring. After eating buckwheat cakes and fat pork all winter, which agreeable diet thickens the blood, it is right and proper to bring the blood back to its normal consistency. Sassafras is great medicine for the blood, and will knock rheumatism higher than the late Mr. Gilderoy's kite.

The Bradford Record says that with pretty girl graduates and attractive schoolmarm, the Kane School Board is having no end of trouble. Just when they had decided never to employ a girl to teach unless she contracted not to love up to the matrimonial point, the superintendent of schools has to be disciplined because he kissed the sweet girl graduates. Who can blame him?

That truth is stranger than fiction is demonstrated almost every day in the news. Here, for instance, are two men buried in a Colorado mine. Three weeks must elapse before they can be out. While they are waiting to be rescued they are supplied with air, food, electric light and newspapers by means of a tube. Dispatches of the last few days say the men are happy, if not thoroughly contented.—N. Y. Press.

Ex-Senator Quay, before the expiration of his term, had an interview with President McKinley and Secretary Long, and both promised that one of the proposed new battle ships would be named Pennsylvania, in honor of the grand old Commonwealth. It is proposed that it be built, armed and armored in this State, the steel and iron to be furnished by Pennsylvania manufacturers and the work to be done by Pennsylvania machinists. An expert gardner says: If a tree is pruned immediately after the leaves fall or ripen, the shoots will be stronger in the succeeding season than they would had the operation been delayed until spring. This arises from the fact that during the winter the tree still continues to absorb food by its roots, which is distributed over the branches; and as the principal flow of sap is always directed to the extreme points of shoots, the highest buds are the most fully developed. If then, the pruning is delayed until spring, this accumulation is cut and thrown away and to that extent the plant is weakened. When the size of the tree is the only object sought, summer pruning should not be practiced.

Mr. Richmond, of this county, has introduced a bill in the Legislature which should become a law. It provides that the County Commissioners shall publish annually, once a week, for three successive weeks, commencing within thirty days after the filing thereof, a full and accurate copy of the report of the county auditors, as filed by them in the Common Pleas Court, in two or more newspapers printed in the county, representing so far as practicable the political parties which at the preceding election cast the largest and the next largest number of votes, and if no such newspaper be published in such county, then in at least fifty hand-bills, to be set up in the most public places in the county. There is no subject in which the taxpayers are more interested than how their money is disbursed and the auditors report is the only source from which that information can be derived.—Kane Republican. This is a law that should have been enacted years ago. It is clearly in the interest of the people, who should be given the fullest means ascertaining how their taxes are expended. Let the bill pass.

Story of a Slave. To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by L. Taggart, druggist.
