After having washed the body all over in cold or tepid water, dress warmly and walk for an hour at least; exercise is essential to health, without which beauty cannot exist. The fresh water stimulates the blood, and gives, naturally, a rosy tint to the complexion. The exercise, shaking off the lassitude caused by fatigue, gives a steady circulation to the blood, which enables it to flow freely through the natural channels, and imparts to the skin the fresh color which is such a charm.—April Ladies' Home Journal.

1899. GREETING. 1899.

The winter months are gone. Spring, though a little backward is here. This is the time of year for changes, and many are looking for opportunities to better themselves.

IS YOUR GROCERY AND MARKET SERVICE SATISFACTORY? CAN YOU BETTER YOURSELF IN THIS?

If you have never given us an opportunity to serve you, we would be pleased to have it now. We have just finished taking account of stock, and entered upon the tenth year of our career as caterers to the Grocery and Market trade who wish GOOD GOODS and service at reasonable prices.

PROGRESS Is the watch word at our Store.

NOT HOW CHEAP, BUT HOW GOOD.

QUALITY NOT QUANTITY Is the first consideration—with us in the selection of goods. Our judgment tells us this is cheapest in the end.

We are just as anxious to be given an opportunity to "fix up" an error or oversight, as we are to sell you goods. So don't hide any misunderstandings, tell us about them, and we will show our approval by prompt correction.
