New Form of Postal Money Order. The Post Office Department has adopted a new form of domestic money order, which will be introduced gradually, or as supplies of the old form become exhausted, at the various post_ offices throughout the country, after the 4th of September.

The new form is somewhat smaller than the order now in use. Its dimen-sions are about those of the ordinary bank draft. It has two adjuncts-the advice, or notification to be sent by the issuing to the paying postmaster, is a reproduction of the order through the use of carbonized paper, (the manifold process), and a receipt for the amount, to be furnished by the issuing postmaster to the remitter.

Emporium Liars Club.

Our club was called to order in Fred Hill's chicken coop, Mr. "Bob" Hacket occupying the seat of honor. He imme-diatly called Mose Minard and Phil. Wolverton, who had gone to Sterling Run to start a club. They reported that they had run up against Wess Barr, who invited them home with him. In a few minutes after their arrival Wess gave them his nine foot snake story, which just about knocked them out. After re-covering they were determined to get even with him, so before they left they swiped some of his spring chickens and erippled his dog, failing to organize the chick the club Grand Chief Pap Blodget says the

W.O. Smith, of Punxsutawney Spirit, lost two umbrellas within one week and makes a vigorous kick. We think Jake Wenk can tell you where one can be found if you look about his shop.

Last Monday was labor day, yet we do not believe many of our laborers celebrated the occasion. The laboring man and mechanic had all the "rest days" they cared for under the last democratic administration.

The person who will read a borrowed paper in order to save the expense of subscribing for it may be a very estimable citizen, but we should vote against such person handling the collection plate in church.-Exchange.

The furnace company commenced to receive stock on Monday. The plant is all ready for operations and Supt. Brady hopes to blow in next Monday. This industry is a great help to our town and will give employment to about one hundred men.

Driftwood hopes to locate a knitting mill at that place. Good. We are more than pleased to see our neighbors up and doing. If you don't hustle now, when business is brisk and capital looking for investments, there will be no use in trying later on. Keep the ball rolling.

C. R. Baird & Co., of Philadelphia recently purchased two furnaces near Marietta, paying \$225,000 for the same. With the purchase goes the right to mine iron ore from the celebrated Cornwall banks. This is the same firm who are almost ready to blow in

Smethport seems to be doomed. Added to the list of destructive fires which have recently visited that place was the store building of Mrs. Chambers, on Main street, which was destroyed Saturday night. From what information we can obtain it looks as though someone had tampered with the gas fittings as the entire front of the building was blown out. The store of H. W. Rubin & Co., adjoining, was also badly damaged and much of the stock ruined. Mrs. Chambers' loss is heavy as she carried but little insurance.-Kane Republican.

The Rohne family, that is Mrs. Rohne and her children are talking of increasing the reward from \$500 to \$1,000.-Clearfield Republican.

Associate Judge Wirts, of Mifflin county, received for his salary last year \$270; Associate Judge Kline, of Perry county, received \$282.60, and Associate Judge Bonham, of Cameron county, received \$300, making the total amount of the salary of the three Associate Judges \$852.60. But we have an Associate Judge who beat the three Judges named in the size of his salary. Now when one Associate Judge can get away with three Associate Judges it shows conclusively that the one Associate Judge is more than a common, every-day Associate Judge. The Associate Judge to whom we refer is Associate Judge Kraus, who signed and swore to bills last year calling for \$939.45, which is \$86.85 more than the three Associate Judges received for their services that year. The population of the three counties-Mifflin, Perry and Cameron is 53,510, and the population of Sullivan county is 11,620. We also have another Associate Judge who beat the record of Judge Kraus. We now refer to Judge Line who lifted from the public treasury last year \$982.10, making \$129.50 more than the three Associate Judges Wirts, Kline and Bonham received all taken together.-Sullivan County Herald, (Democratic).
