Republican County Convention.

The Republicans of Cameron county met in Convention on Tuesday, at one o'clock p. m., for the purpose of placing in nomination a county ticket. The Convention was called to order by Capt. C. F. Barclay, Chairman of the County Committee. Mr. Josiah Howard was unanimously chosen President and E. F. Smith and M. M. Larrabee secretaries. The roll of delegates was called and it was found that every district was represented, with the exception of Gibson—they having failed to hold primaries there. The following delegates were present:

Emporium—East Ward—George Bloom, A. C. Blum, S. E. Murry.
Emporium—Middle Ward—E. O. Bardwell, M. M. Larrabee, H. S. Lloyd, F. P. Renz.
Emporium—West Ward—C. L. Butler, F. A. Hill, Josiah Howard, H. H. Mullin, T. F. Moore.
Driftwood Borough—J. O. Brookbank, V. K. Corbett, John McDonald.
Shippen Township—F. B. Housler, Wm. R. Johnson, J. W. Lewis, B. L. Spence, W. L. Thomas, George Van Wert, Lewis Yates.
Lumber Township—Stephen Bunce, Nye Chapman, S. L. Bunce.
Grove Township—J. R. Bacheider, (1/2 vote) M. J. Logue, (1/2 vote), E. F. Smith, J. H. Drum.
Portage Township—John Wygant, George Edwards.

The following order of business was adopted:

ORDER OF BUSINESS.

1. Election of a permanent Chairman.
2. Election of Secretaries.
3. Roll call of Delegates and Instructions.
4. Nomination and election of County Chairman.
5. Appointment of Committees.
6. Nomination and election of County Committees.
7. Nomination of Sheriff.
8. Nomination of County Commissioners.
9. Nomination County Auditors.
10. Miscellaneous business.

The chair instructed that the credentials be read to the convention that the delegates might be apprised of the action of their constituents.

B. W. Green, Esq., on motion of J. W. Lewis, of Shippen, was unanimously elected County Chairman for the year 1900.

The Chair appointed H. H. Mullin, Jno. A. Wykoff and J. O. Brookbank a committee on resolutions.

The nomination of candidates for Sheriff, being in order, the following were placed before the convention: Sam Lewis and J. D. Swope. The roll call resulted in the following vote: Lewis, 13; Swope, 17. The Chair declared J. D. Swope the nominee for Sheriff.

For County Commissioner the following nominations were made and resulted in the election of E. W. Gaskill and Chas. Gleason by the following vote: Gaskill, 27; Gleason, 28; D. Burlingame, 5.

The nominations for County Auditor being the last in order, resulted in the election of C. L. Butler and W. H. Logue, by the following vote: Butler 25; Logue 20; A. Chesbro, 7; A. L. Ensign, 4.

At this juncture in the proceedings Mr. Howard highly complimented the Convention upon the excellent ticket nominated and delivered a ringing Republican speech.

Upon motion the nominations were unanimously endorsed. The committee on resolutions reported the following, which were adopted:

RESOLUTIONS.

The Republicans of Cameron county ratify and reaffirm the principles and policy of the Republican party as declared by the Republican National Convention at St. Louis and the Republican State Convention of Penn'a of August 24th, 1899. We heartily endorse the Republican State ticket and call on all Republican state ticket and call on all party of Lincoln, Grant, Garfield and McKinley. We heartily pledge our support to the ticket this day nominated.

Mr. A. C. Blum presented the resolution that was laid over from the last convention, amending rule 8, which leaves with the County Chairman the authority to call the County Convention. For future information we herewith insert the resolution: "Strike out that part of Section 8, page 5, commencing with 'providing, further, that the County Conventions held for the election, etc.' and ending with 'of the date of the fall elections.'" The object of the amendment is for the purpose of obviating the calling of two or more conventions in Presidential or other years. The amendment, as presented by Mr. Blum was unanimously adopted.

Mr. J. O. Brookbank presented the following amendment to Section 11, which was laid over for action at future convention:

AMENDMENT TO SECTION 11.
Provided, whenever the member of the County

Committee, or the Vigilance Committee for an election district, shall for any reason, fail to perform the duties enjoined upon them in section 11, that the Republican voters assembled at the place and hour designated in the call for the holding of the Primaries may proceed to hold an election in compliance with the rules herein in force.

J. O. BROOKBANK,
H. H. MULLIN,
JOHN McDONALD.

President Howard then introduced Mr. B. W. Green, Chairman-elect, who addressed the convention, thanking them for the honor conferred, and delivered an enthusiastic speech in behalf of the Republican principles and paid a glowing tribute to the Nation's choice for President—Wm. McKinley. Mr. Green eloquently referred to Col. Barnett, the gallant soldier who leads the Republican ticket in Pennsylvania. The convention followed his address. Mr. Green was applauded by Mr. Gleason, Mr. Gaskill, Mr. Butler and Mr. Barclay in short but timely remarks.

Harmony dwells in the Republican ranks once more and we hope each and every individual will lay aside, for all time, any personal grievances they may have, and stand for the party of progress, the friend of right and the oppressed; the greatest and grandest party ever known in this land; the party to be depended upon in time of danger. In short, the party that was loyal in the dark days and is loyal to-day. "In unity there is strength" and let us hope the Republicans of Cameron county will stand loyally at their guns, not only this year but for years to come. The only possible chance for Democracy to get a "smell" in Cameron county has been through dissensions in our ranks, and wholesale "boodling." Let us hope that such days are numbered with the past and if we do not mistake the expressions of representative Republicans, such tactics will be dangerous to again attempt in this county.

Duties of a Hotel Porter Explained.

A prominent Emporium hotel proprietor thus explains the duties of a hotel porter: Get up not later than five o'clock in the morning and first look at the call board and promptly call the guests as the call board directs. If you have guests for early train, say 5:10, you must get up at four and at 4:30 call your guests. Next take the cuspidors, wash and clean them. Take your broom and sweep out, leaving no dust or dirt in corners; then take your mop or scrub pail and mop or scrub your rooms nicely, leaving no tobacco stains on the floor. Be sure to mop your floor dry. If this is not done your floor never looks clean. Then wash your mop and wring it dry; don't throw your mop in some corner with mop head down but put it where it will dry and be nice and clean when you need it again. Then dust tables and chairs and all wood work, cigar case, etc. After you get breakfast fill ice coolers and sweep the sidewalk. It will then be time to ask if there are any passengers going east. Go to the depot and return promptly and don't loiter along the route. Now you can take a little rest and promptly buy a "Speck" for ten cents and have a good smoke, made by Young Brothers, of Farrandsville, Pa.

Married at Olean.

Mr. Blanchard Rupert, an employee of the Climax Powder Company, at Emporium, and Miss Bumgardner, of Beech Creek, Clinton county, Pa., were married at Olean, N. Y., on Tuesday. The young couple will take up their residence at this place.

New Band Mill.

C. B. Howard & Co., are contemplating the erection of a band saw mill at the mouth of Cook's Run. The new industry will run day and night and saw hard wood as well as hemlock. The plant at this place would probably be abandoned.

The Last Ride.

Josiah Howard invited a number of citizens to join him yesterday in a trip over the Emporium & Rich Valley R. R., and enjoy the beautiful scenery before the Clear Creek part of the road is taken up. It is not necessary for us to say the party enjoyed the outing. It is one of the most pleasant trips one can take.

A Lesson for Boys and Girls.

Boys and girls, I will tell you of two boys I knew and see if you draw the same lesson from their lives that I do. I think the lesson quite as applicable to girls as boys. Both boys were natives of my natal town as were their father's both of whom I knew well, one was a member of one of the leading firms in this country for the manufacture of woolen, cotton and print goods; the other a small farmer. The manufacturer's son, was a room mate of mine one term at an academy, and while I was studying arithmetic, algebra and geometry, he was reading Horace Cicero and Virgil. He was quick to learn and was well and healthy. His expenses were paid by his father and he had all the spending money he needed. I do not think he ever earned a dollar. He did not seem to be ambitious to place his name high as a scholar, and thought little of business. He was bound to enjoy life and saw no real necessity for labor. He had money when he wanted it, and his expectations were large. He seemed willing to let the future care for itself. He never entered college and never accomplished anything worthy of note, either as a scholar or a business man. He died many years ago. The farmer's boy, when quite young, got a situation as clerk, in a general store about half a mile from his father's home, where he lived, walking back and forth. After awhile he obtained a situation where he had charge of a store; from here he went to an academy and fitted himself to teach, using the money he had saved while clerking. He had a good home to go to and a faithful and affectionate mother who looked carefully after his childhood and who still followed him with her prayers and counsel, but I do not think he was ever furnished any money by his father, who had a large family to care for, and a small New England farm was far from a gold mine. From the academy he became a teacher. He never took a college course, but jumping this, took a theological course and was ordained a Congregational minister. For some years he occupied a pulpit in one of the places of summer resort in western Massachusetts, where the elite of New York and Boston are wont to spend their vacation, at a liberal salary and to the satisfaction of his people. He has always been an earnest Sunday school worker and both as teacher and minister has been a success. Now boys and girls the lesson I draw from the lives of these two boys is that success in life depends not upon our father's money, but upon our own individual efforts. Do you see it as I do? Of course if you are to work your own way to a position in life, you must deny yourselves, use economy and work—work hard and persistently. Never give up, and whether your aim be a profession, business or science put your whole body and mind into the work. Doing this you are as certain to succeed as anything in the future can be certain. Rich fathers, as a rule, do not produce great men or great women; truly this should not be so, but so it is. Had the farmer's boy had the money to take a college course he should have made a larger, broader minded man. Would he? Had he thought best, he might have worked his way through college, but his life shows a college course is not absolutely necessary to success as a minister neither is it to any of the professions or to business, but rightly used it broadens the mind and gives increased powers whatever the profession or business.

Dreyfus Pardoned.

PARIS, Sept. 19.—It was decided at the cabinet council this morning to pardon Dreyfus. President Loubet will issue formal papers in the case in a few days.

It is believed Dreyfus will be secretly liberated and smuggled to the frontier by friends, and then actual liberation will be announced. The prisoner is likely to settle in England.

The pardon is granted on condition that the appeal against the verdict of the court-martial will be withdrawn.

MILLINERY OPENING of Pattern Hats and Millinery Novelties, Friday and Saturday, Sept. 22 and 23, 1899.

Port Allegany Captured.

Last Friday, the Mountaineer Hose Company of this place were guests of Star Hose Company, of Port Allegany, and right royally treated were our boys and their wives. In fact nothing was too good for the Mountaineers and the town was theirs if they only asked for it. The Stars are capital entertainers and we hope we may have the pleasure of returning the compliment at some future time.

During the morning the first nines of the two companies played a game of ball, which resulted in a victory for the stars by a score of 10 to 7. Chet Dolley pitched for the Stars and Orvis Hemphill for the Mountaineers. Both are good pitchers. Henry Haupt is still searching for the balls. Fun was galore and the day was one of good feeling and good fellowship.

The great attraction of the day was the game of ball to be played between Emporium and Smethport teams for a purse of \$60. Our boys naturally expected to run up against a stiff game and were not in the least disappointed. Realizing that we must play ball and being short four of our best men, Messrs. Freil, Stout and McManigal, of Renovo, kindly came to our rescue and greatly assisted in winning the game by a score of 11 to 8, in favor of Emporium. Up to the sixth inning the score stood seven to eight in favor of Smethport. Now commenced the fun. By a book on the part of Smethport's pitcher, Emporium tied the score and then the "rooters" got in their work; Smethport became rattled just as Emporium did in the third, and our boys made three more runs. The game was good, yet there were no brilliant plays on either side. We hope to see the return game at an early date at this place. The following is the official score of the game:

LLOYD'S LONG RANGE FORECAST OF THE WEATHER AND EASTMAN'S KODAK.

KODAK

1900 years ago the wise men of the East were attracted by a wonderful star shining in the heavens, which stood over the town of Bethlehem in the land Judea. In this nineteenth century the people of the world are attracted by a wonderful star in the East which stands over Rochester, in the state of New York, where the Eastman Kodak Company manufactures the only kodak known to the world. These points characterize the superiority of Eastman's Kodak, simplicity, light weight, cartridge system, daylight loading, achromatic lenses, film or glass plates.

This Kodak can be used by boys or girls, men or women, professional or amateur, at home or abroad, in rain or shine, in daylight or darkness, in summer or winter, standing or riding. "You press the button and the kodak will do the rest." There is no kodak but the Eastman Kodak. For sale by

HARRY S. LLOYD.

The confidence we have in the character of Eastman's Kodak, and the prices fixed on them, make us eager at all times to take back any of them that fail to please our customers.

There is no kodak but the Eastman Kodak.
