LOCAL DEPARTMENT.

The Kansas Volunteers.

Oh, Kansas is the country, Under Plenty's teeming horn, Where they raise the finest apples

Though the tropics may be thirsty And the heat be fierce as hate, Still, there's nothing to the rigors

In the face of rebel volleys, With their rifles on their logs, Sure they swam the Marilago

So we doff our hats to Kansas, For we know her heart is right; She has fifty ways of voting,

PERSONAL GOSSIP.

News from Hilo, Hawaiian Islands, shows that ex-Commissary-General Eagan has made a large fortune. Eagan several years ago bought 5,000 acres of wild, Government land in the Oiaa district near Hilo, for \$20,000. He put it in his son's name, planted 200 acres with coffee and placed his son in charge. Recently the son sold all the land except what was in coffee to a sugar syndicate for \$480,000. He also has property in San Francisco, and is drawing his full salary from the Government.

In the window of Henderson and Lincoln's store on East Second street are some interesting souvenirs of the civil war. They consist principally of a notebook, pocketbook and watch, and while interesting to the passerby, are doubly interesting to the Cobham family, as they were the means of preserving the life of Gen. Geo. A. Cobham, of Warren, since deceased. The watch shown, was presented to General, then Colonel, Cobham by his regiment. Shortly after its presentation, while on the field of battle, a sharpshooter espied the Colonel, and with true aim at his heart, sent a bullet at the gallant officer. Over his heart was the notebook, a leather pocket book and the watch, the one ounce bullet came to the watch where it stopped and became permanently fastened. In that way the Colonel's life was saved.—James-town Journal.

The following from the Oil City Blizzard expresses a common sentiment among newspaper men: "If people in general manifested half as much energy in assisting newspaper men to secure news as they do in condemning them for not publishing more of it, there would be less cause for complaint. When a death, marriage or other calamity happens in a family the interested parties should supply the newspaper with the facts of the case. The newspaper man cannot know exactly what is going on in every household in the city. The right thing to do, unless there is some objection to publicity, is either to go to the newspaper office or communicate with some person connected with the paper. Where this is done it insures the publication of much news which otherwise would not be secured. And it tends in the direction of greater accuracy, also."

A Narrow Escape. Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four Doctors gave me up saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at L. Taggart's Drug Store. Regular size 50c and \$1.00. Guaranteed or price refunded.

The superstition in regard to the number thirteen never makes anyone less anxious to obtain a baker's dozen instead of the usual twelve.

Spain's Greatest Need. Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pains soon left him. He says this grand medicine is what his country needs. All America knows that it cures lives and kidney troubles, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed only 50 cents. Sold by L. Taggart Druggist.

The fact that so much poultry is sold is prima facie evidence that poultry raising is profitable. Poultry, too, brings quick returns.
