Liars Club Alive.

The Sinnemahoning Liars Club has awakened again from its snooze of two months, owing to the absence of l'ap Blodgett—things don't go without such talent. Pap Berfield held the power of authority. Wm. Michaels was fined the usual amount for holding the floor and to talk or tell the truth (?). Grundy Logue reported that two years ago he logic reported that two years ago ne lost an eye. He recently returned from Williamsport, where he had a glass eye inserted and reports that he could see to thread a needle without any difficulty, by shutting the good eye. He claims he can now see as well with the glass eye as Log Summerson can with two ever. Too Joe Summerson can with two eyes. Tom Snyder got on his ear and put Belden and Gore out of the Postoffice and sent a boy after Pap Blodget, threatening to clean out the whole club. The Bowen was expelled from the order, after a hot debate. Sorry to see such a distinguished whopper go. Jim O'Brien was refused withdrawal—we can't spare such talent. Jess Bechtel was made acquainted with battle between our goat and his blind calf. Hanscom and Harve Smith entertained

FORECAST OF THE WEEK AT THE NATION'S CAPITOL.

The President and the Philippines-The Republican Congressional Committee to Reorganize. Ship Subsidies.

President McKinley will, it is expected, shortly issue a proclamation offering an unconditional pardon to such of the Philippine rebels, as surrender before a given date, and giving notice that all found with arms in their hands after that date, will be considered brigands and outlaws and will be treated as such. This may cause a few spasms among the "aunties," but it is the proper course to pursue. There is no longer even an apology for a Filipino government, and no organized force of any size anywhere, and the peaceably inclined inhabitants are en-titled to the protection of this government, which can only be made effectua! by breaking up the small roaming band

of rebels, living by depredation. The first step in this year's Con-

gressional campaign will be taken this week, when the Republicans of the House and Senate will hold a joint caucus for the purpose of reorganizing Congressional campaign comthe mittee.

The House disposed of the Roberts case last week, by shutting him out, but the House Committee on mileage still has to decide whether he is entitled to mileage. Chairman Barham has been trying to get at the legal status of the matter. He talked with Attorney General Griggs about it and was referred to Comptroller Tracewell, of the Treasury, who would have to pass on the account, if Roberts should be allowed mileage. The Comptroller said he would be guided by the action of the Committee on Mileage. Speaking of the matter, Mr. Barham said: "Personally I should like to pay Mr. Roberts the amount of his mileage. He came here expecting to receive not only his salary, but the perquisites that belong to the office of Representative; but I have examined the law very carefully and I do not see how we should be justified in paying him. That is my personal opinion. The Committee may decide otherwise."

Democrats are very fond of talking about muzzling men, but they seem to overlook the recent muzzling of Mr. Bryan. Mr. Bryan was muzzled by the New York Democratic Club, which is another name for Tammany, when he was dined without being allowed to speak, and he was again muzzled by the Gridiron Club, of Washington, which had him as one of its guests at a dinner, given Saturday night, where he was free to speak, but with the knowledge that an inviolable rule of the club prohibits the publication of speeches made by its guests. It looks as though Mr. Bryan really enjoyed being muzzled; and it is certain that the Democratic party would be better off in the end if he were permanently muzzled, as it is clear to close observers that he is driving old Democrats into the Republican ranks every day by his moss-back utterances, which show an utter inability to read the signs of the
