EDITORIAL MENTION. Will somebody name a single trust that the Democratic party ever killed. Now don't break your neck trying to answer.

Moravian Falls (N. C.) "Yellow-Jacket."

The great prosperity of the country is reflected in the gifts to educational, religious and charitable institutions in 1899.

These donations in the United States amounted to \$79,749,956, as compared with a total for 1898 of \$23,984,900, \$33,612,814 in 1897, and about the same figure in 1896.

Philadelphia "Manufacturer."

Not a single failure was recorded last month in the manufacturers of iron, cotton goods or hats.

There were only five failures among all the earthenware, brick and glass manufacturers; and in woolen and leather manufactures they were smaller than in any other year except one.

And still the Democrats are not happy.

It is recorded that a farmer in Fulton county, Ohio, recently sold 125 head of sheep for \$800, being an average of \$6.40 per head.

The farmers there say that under the Wilson free-trade period that number of sheep would not have brought to exceed \$125, and that the owner would have had to look around a long while for a purchaser at any price.

There is an old saying that "you can't eat your cake and have it." The case of the loan of \$25,000,000 to Russia just made by New Yorkers comes pretty near upsetting that theory.

The money, although loaned to Russia, is to be expended in the United States for the purchase of the products of American labor, and thus labor as well as capital will profit anew by this cumulative prosperity which loans the money abroad and yet spends it among the workingmen at home.

And yet there are a few left who will tell you that this is merely "fictitious prosperity."

WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, March 12, 1900.

Republican Senators are showing a disposition to get together on the Porto Rican bill. While it cannot yet be stated to a certainty what changes will be made, it seems likely that the bill will be amended so as to provide for the free entry of all American goods in Puerto Rico.

The action of the Senate Committee on Foreign Relations in amending the Nicaragua Canal treaty so as to reserve to the U. S. authority to defend the Canal in any way it may see fit in time of war seems to meet with general approval. There is no reason to suppose that the amendment will be objected to by England. In fact, it cannot very well be objected to since the amendment is in almost the exact language of a clause in the treaty under which the Suez Canal was constructed.

Representative Hepburn, of Iowa, has introduced a short bill that would, if enacted into a law, put an end to prize fighting in this country. It provides that no picture or description of any prize fight or pugilistic encounter, or any proposal for betting on a fight, shall be transmitted through the mail or by any common carrier engaged in interstate commerce, whether in a newspaper or periodical, or in any other form. Without publicity, prize fighting could not be made to pay, and the money made out of it is the only reason for its existence.

Senator Lodge thinks the officer commanding our army should have a higher rank than any other officer, and has introduced a joint resolution giving to the senior Major General, while commanding the army, the rank, pay and emoluments of Lieut. General. Representative Moody, of Mass., offered the resolution in the House.

Representative Brosius, of Penna., who has earned a reputation for level-headedness, voiced the opinions of many Republicans when he said: "There is a difference between a philosopher and a statesman. A statesman must keep his feet on the ground while a philosopher may be permitted to do more or less theorizing. Therefore I regret this tendency to yell out against the Republican party at this time, particularly on the part of some very prominent Republicans. I firmly believe that the Republican party is able to meet successfully any problem that confronts it, and we ought to be willing to wait with patience for the solution of the great problems attending the possession of our new islands."

Col. George Bohn, of Ky., who is credited with knowing the politics of his state, said to a group of friends in a Washington hotel: "Unless the Goebel law is repealed, Kentucky will go Republican as sure as candidates for the office of President are nominated, and the state will go Republican so hard that it will never get back into the Democratic ranks."

An object lesson on the credit of nations was furnished by the action of the British Government in offering English Consols, bearing 2 1/2 per cent. interest, to American investors—the first time such an offer was ever made—at 98 1/2 of their face value, and by the Finance Bill, devised by Republicans, which will this week become a law. This bill provides for refunding the entire bonded indebtedness of the U. S. into 2 per cent bonds, lower than any nation has ever floated bonds, and assurances have already been received that the new bonds will be gladly taken at par by the holders of the old ones. That is the sort of statesmanship the Republicans give this nation. They were not satisfied that our credit should be as good as that of any other nation, but have made it better than that of the best.

The passage by the German Reichstag, of the bill aimed at American meat products, has not produced a pleasant feeling in Washington, but neither in Congress nor in Administration circles is there any disposition to publicly criticize the matter in its present stage. It is easy to infer, however, from those who are in position to make good their words, that if Germany deliberately invites a commercial conflict with us, she will be made to deeply regret having done so.

Senator Elkins has put a stop to the talk of his being a candidate for Vice President, by saying that he does not wish the office and that he does wish to remain in the Senate. He also expressed the opinion that President McKinley should be allowed to choose the candidate for Vice President.

The Senate declined to accept Senator Hoar's proposal to pension the ex-Queen of Hawaii.

We, the undersigned, do hereby agree to refund the money on two 25 cent bottles or boxes of Baxter's Mandrake Bitters, if it fails to cure constipation, biliousness, sick headache, jaundice, loss of appetite, sour stomach, dyspepsia, liver complaint, or any of the diseases for which it is recommended. It is highly recommended as a tonic and blood purifier. Sold liquid in bottles, and tablets in boxes. Price 25 cents for either. One package of either guaranteed to give satisfaction or money refunded. L. Taggart, R. C. Dodson. 34-24-ly

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Watson.

Sterling Run.

A. W. Mason is putting his logs in the river.

Snakes and blue-birds are coming around.

Sam Faucett, the tomb-stone man paid a flying visit Monday.

Frank Sterling has taken up the study of law and will soon hang out his shingle.

Ed. Stewart and Warren McConnell, of Cameron, were here on Monday looking after the township affairs.

Adley Mason and Violet Housler, two of Gibson's popular school teachers, spent Sunday with their parents.

D. B. Peterson contemplates giving a two nights' entertainment, at the close of his school, which will be in about three weeks.

Some of the Sterling Run boys ran into the clutches of P. & E. R. R. Detective Joy, while riding on freight trains Saturday, and were roughly handled.

Huntley. Miss Orrel Jordan, who is teaching school at Mason Hill, spent Sunday with her parents.

Rev. Sage, of Iowa, conducted the quarterly meeting at this place Saturday and Sunday.

Seeing no news in the Press from this place, the writer thinks it would be in order to let your readers know what energetic people we have at Huntley.

Wm. Hix, who has been a town charge for several years, has turned his attention to peddling medicine, in the hope that he will soon be able to relieve the township of its burden.

The saw mill owned and operated by Smith and Logue has suspended operations for a short time. The firm is not satisfied with the working of the water-mill, and are negotiating for a 65 horse-power steam plant. When these are in place the mill will resume operations under the superintendence of Mr. Smith, who, while modest and unassuming, is a most energetic business man. The stocking and sawing of some six million feet of lumber now standing on the W. & M. tract will probably occupy his undivided attention for the next year.

CHICK. First Fork. Nick Thilegas and family are visiting at Uncle Jimmy O'Brien's.

Abe Morton has been granted an increase of pension of \$4 a month and \$50 back pay.

March came in a little on the lion order and seems to be holding its own pretty well.

Dr. A. W. Colcord, of Austin, was calling on old friends here and visiting his father one day last week.

Wm. Swank talks of erecting a horse barn and woodshed this spring and is getting out lumber for same.

The new railroad is the principal topic of conversation, although the surveyors haven't "showed up" for several weeks.

A child of John Hicks is suffering from an attack of pneumonia and is receiving treatment of Dr. Corbet, of Driftwood.

Fred Williams tapped his sugar bush Friday noon and had new maple syrup boiled down in time for supper. Pretty quick work, eh?

A taffy pull came off at Wm. Swank's on Friday evening and a very "hilarious" time was had, so one of those who was fortunate enough to be present reports.

There are several parties talking of locating a portable saw and shingle mill near the mouth of Norcross Run. It would be a fine thing for the people along here, who have a few logs and some shingle timber to saw. Hope it will not all end in talk, but there will be some smoke and steam connected with the project.

Sizerville. Mr. Oscar Lyman is now day clerk at the hotel.

A. J. Edwards is section foreman on the new R. R.

Two steam whistles now echo in our town instead of one.

Mrs. Sage and sister are visiting their father, D. Burlingame.

John Jordan now takes a daily paper; he calls it the Gazette & Bulletin Board.

They tell us just over the county line, since the pig's ears are wiped out. "There's hopes for the topos."

Miss Lyons gave her pupils an outing on Friday by giving them a sleighride to her home at Rich Valley.

H. C. Crawford is repairing his mill preparatory to sawing the season's stock. His son George is Superintendent of the business.

Solomon G. Havens, an old time resident of this place, who is now employed at the Coudersport glass factory, is visiting the scenes of former days.

Jas. A. Loue, who was seriously injured while working on the right-of-way, near Cowley Run, is rapidly improving under the able treatment of Dr. Smith.

Occasionally we hear quite a racket in our back yard and on investigating find that Johnnie is filled up with the idea that he is about to fall heir to a large inheritance. Yes, Georgia, a big pile; a big pile!

Charlie says, "Ven dem fellers cum by mine house dey seem as if dey vas right at home, and ven dey eat my big Dutch supper of Limberger and herrings, deir stummicks sticks out as bigger as a woodchuck. OLD KIT.
