One of the Reasons.

The Kane Republican says: In all probability one of the reasons why the Pennsylvania has determined to build its own line to Buffalo was the dissatisfaction that it felt at the Buffalo, Rochester & Pittsburgh Railway diverting its traffic from the Allegheny Valley Railroad without the latter's consent, in violation of a contract existing between the two companies. Ever since this occurrence it has been known to a few that the Pennsy would eventually secure its own permanent connection for the Allegheny Valley Railway between Pittsburgh and Buffalo.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drugstore there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country.
