Promising Outlook.

Supt. A. Brady reports the output of the Emporium furnace last week to be the largest in the history of that plant. Also the largest single day's run occurred the same week. Emporium furnace is one of the best operated by C. R. Baird & Co., and its future is very promising.

Swine and Gossipers.

Swine enjoy rooting in mud and filth. So some people enjoy hearing and spreading scandal. They are as eager for the latest gossip as turkey buzzards are for a dead horse. But remember, the gossipers who tell you about others will not spare you. Shun them. Let the gossipers know as little about yourself as possible. Don't be a gossip or a scandal monger. It is an evidence of a low mind. Don't root in the mud. It will stick to you.

Death's Doings.

GILLON.

The many Cameron county friends of Mr. and Mrs. J. M. Gillon will be pained to learn of the death of their son, and only child, JOHN SYLVESTER, aged two years and nine months, which occurred at Philadelphia last Saturday, of scarlet fever. Dr. Smith of this place, was called to see the sick child on Friday, but it had passed the aid of human skill. We regret to hear that Mrs. Gillon is now confined to her bed with the same disease. Mrs. Gillon was formerly one of the teachers in our public schools and will be pleasantly remembered as Miss Anna Brown.

Will Maintain Hemlock Prices.

At a meeting of the hemlock lumber manufacturers and wholesale dealers at Williamsport Tuesday, the lumber situation was discussed. Reports were presented of the stock of dry lumber on hand in Pennsylvania, and the amount manufactured since January 1 last, to date, and the same showed that the stock on hand was very much depleted. Taking this into consideration, along with the advance in price of hemlock timber lands, the increased cost of labor, material and supplies for lumbering operations, it was unanimously agreed that the price of hemlock should be maintained.

Murder Case.

What was doubtless a murder of a cold-blooded character, was disclosed at Tyler, Clearfield county, Tuesday of last week, by the discovery in a pond of the body of a boy baby. District Attorney Woodward is investigating, and it is reported here that arrests which will involve quite promising parties are to be made. The body of the child, which Dr. Sullivan found by a post mortem examination had been born well and healthy, was entirely naked when found. It was doubtless tossed into the water and drowned. The child was found in a little pond close by a pump used by the Tyler Mining Company, and at a point quite remote from any dwelling. There were no marks of violence on the body, and water in the lungs is evidence indisputable that the baby died in the pond. The discovery of the brutal crime has created intense excitement and indignation. The authorities have in nowise indicated whom they suspect of the baby's murder, but the populace declare the matter must be cleared up and the guilty parties punished. It can hardly be believed that the mother of a child would herself be guilty of so horrible a crime.

Birthday Party.

Forty-one years ago Saturday W. L. Sykes, one of Galeton's most prominent business men, first saw light of day at Round Island, Clinton county, Pa., and Saturday evening thirteen of his friends gave him a surprise party at his pleasant home on Main street, to remind him of the fact. After light refreshments had been served, Mr. Sykes was presented with a mahogany office chair. The whole evening was spent in an enjoyable manner. Mr. Sykes' life has been filled with years of usefulness, and that he may be spared to continue the good work is the wish of all. —Galeton Dispatch

BRIEF MENTION.

By examining the columns of this issue of the Press you will observe a change in F. X. Blumle's ad.

The trustees of the M. E. Church are making some needed changes in the line of buildings in the rear of the parsonage. An improvement worthy of mention.

The attention of the Board of Health is kindly directed to a stenches in the locality of the P. & E. railroad in Middle ward. We are sure a word in this direction is sufficient.

W. W. Weeks, of Port Allegany, was in Emporium last Thursday evening, returning home Friday. He had been to Harrisburg attending, as delegate, a meeting of the Grand Lodge of Odd Fellows of Pennsylvania.

Mr. Lemuel Quinn, of DuBois has been appointed conductor of all trains on the Clarion River R'y. He made his first trip over the road in his official capacity on Saturday last. Mr. Quinn is an able railroad man who had many friends through Elk county during the time he filled a similar position for the Pennsylvania R. R. —St. Mary's Gazette.

You have often heard of the printers' towel, no doubt. Well, we have one, a marvel, indeed. It is almost human in some respects, it can talk—in its own language—a polecat need not speak english to apprise you of its having been 'rout'; it can stand alone, and we are sure it could walk were it not too stiff. Perhaps rheumatism caused this unfortunate stiffness.

The old Spanish cannon which the federal government loaned to Bradford was discovered Wednesday to contain a loaded shell. The piece was taken outside the city and the shell fired. It is probably the first Spanish shell ever fired in Northern Pennsylvania. The wonder is that the shell was not exploded by accident on its journey from Porto Rico to Bradford. The cannon was mounted and placed in the public square yesterday.

Gen. Charles Miller, of Franklin, Pa., one of the most genial gentlemen it has ever been our pleasure to meet, is making a lively contest for Department Commander of the G. A. R., to be chosen at Gettysburg, June 6th. He is a brisk hustler, full of good common sense and the means to make his department satisfactory to the "old boys" without passing around the hat. His selection would be satisfactory to all interested.

The Punxsutawney Spirit truthfully says: "It isn't really to a man's credit to be so peace-loving that he will submit to indignities rather than resent them. And a good citizen will not refrain from making information against a neighbor who violates a law, simply to avoid contention. We must accept the unpleasant responsibilities of life as well as the pleasant ones, and a little scraping goes in with the rest. There is a difference between being ugly and contentious and standing up for what is right, and there is such a thing as being too easy. We should try to avoid both extremes."

W. N. Y. & P. Rumor.

It is understood that a few Western New York & Pennsylvania stockholders have not accepted the offer of the Pennsylvania, as they believe that under the management of that company, the value of the stock will increase and eventually be put on a dividend basis.

The acquisition of this line adds 644 miles more to the Pennsylvania Railroad mileage. It is said as soon as all arrangements can be made, that it is to become part of the Allegheny Valley Railroad. This road is controlled by the Pennsylvania, but is operated separately, having its own Board of Directors and executive officials.

The payment for the stock and bonds is to be made by the Pennsylvania on June 15th. —Buffalo Commercial.

MEMORIAL SERVICES

Catholic and Emmanuel Church Services Solemn and Elaborate.

Eloquent Addresses by Father Downey and Rector Robertson.

Memorial services in Emporium were this year held in St. Mark's Catholic Church, last Sunday morning, and at Emmanuel Episcopal Church in the evening. The day was fine and our people all turned out to pay due respect to the living defenders of our country, and to honor the memories of the dead heroes.

ST. MARK'S CHURCH.

Promptly at 10:30 o'clock two hundred children, representing the St. Mark's Sunday School, under the marshaling of Mr. F. X. Blumle, marched to the Post room, corner of Broad and Fourth streets and escorted the members of Lieut. D. W. Taggart Post and the Woman's Relief Corps to the Church. At the Church door the children opened ranks, the line extending to the chancel of the Church, when the veterans and the ladies entered the Church. Each being presented with a beautiful bouquet, as they took their seats—the choir at the same time singing "America." Throughout the impressive service the vast audience, composed of all denominations, were deeply interested and impressed. After the celebration of High Mass, Rev. Father Downey addressed the congregation in an eloquent manner.

We had hoped to publish the address in full and we must confess we are greatly disappointed in not being able to do so. Father Downey's extreme modesty would not allow it, although we urgently requested the manuscript. Our readers, no doubt, will be more than disappointed, especially those who were unfortunate enough to not hear the learned gentleman's remarks.

The interior of Father Downey's Church was handsomely decorated especially for the occasion, with flags and bunting, and red, white and blue lighted candles in large numbers were placed upon all the altars. The singing throughout the service was of a high order and intensely charming. The service closed with "The Star Spangled Banner," as the great audience dispersed. It was a red letter day for St. Mark's Church and its patriotic Father.

EMMANUEL CHURCH.

Emmanuel Episcopal Church, when the hour for service arrived, was crowded with our citizens of every denomination. Promptly at 7:30 the Surplined Choir of 20 voices entered the Church and slowly proceeded to the chancel, when the regulation service was observed, all cordially joining in the service. A delegation of Lieut. D. W. Taggart Post, G. A. R., and Ladies Relief Corps occupied seats reserved for the occasion. Rev. Mr. J. M. Robertson, the Rector, never appeared to better advantage and held his large congregation in wrapt attention. The Rev. gentleman spoke from the following text:

"For our citizenship is in heaven."—Phil. iii. 20. (R. V.)

The occasion which we observe this evening is one which appeals to our noblest sentiments of gratitude, admiration and patriotism. It gives me sincere pleasure to extend a cordial greeting to the veterans of the Grand Army, to the Ladies of the Relief Corps and to the other friends who have kindly favored us with their presence this evening. We count it an honor to add our tributes, however feeble, to the praise which is the just need of these veterans and of their departed comrades, nor is it out of keeping with this place that at such a time as this we should speak of the cause for which they fought. If that cause was a just and holy cause, as we believe it was, it surely must speak to us some message of heavenly things.

In speaking of that cause, we shall do so in no spirit of sectional partisanship. These memorial occasions awaken no echoes of past strife or bitterness. The chasm between North and South is closed. The men in blue and the men in gray are brothers. We question the loyalty of the veterans of the lost cause as little as we ever questioned their skill and bravery in battle. In deed, we feel proud of the glory which they won, for it is all in the family. The recent Spanish war—which by the

Seton-Thompson has Written a Play.—Lobo, Wabb, Blanca, Molly Cotton-tail, Redruff, Silverspot, and all the other animals of the plane and forest that Ernest Seton-Thompson has known and written about, will shortly appear as stage characters in a play for children. There have been such persistent calls for more of Lobo's, Wabb's, and their comrades' adventures, that Mr. Thompson has consented to put all his wild acquaintances on the stage and let each one tell its own joys and sorrows in song and story, and dance and make merry. Costumes have been especially designed by R. B. Birch, who illustrated and staged "Little Lord Fauntleroy," for each of his animal characters, so that the children of the play will exactly resemble the originals of "Wild Animals: Have Known." There are seventeen characters in the play, which can be acted in half an hour. It has been secured by The Ladies' Home Journal for publication in the July issue.

LLOYD'S LONG RANGE FORECAST OF THE WEATHER AND EASTMAN'S KODAK.

BOOMING.

Spring trade is booming, notwithstanding the general complaint of dealers about the weather, forest fires and dull trade. We are up to date, away ahead of any previous season. Why? Clear-sighted men and women have discovered where they can get best and the most for their money in wall paper; in gloss white enamel paint, that will not turn yellow on exposure; in curtains that go up and down; in bicycles that will run ahead of anything on the road; in fishing tackle that catches the trout; in books and stationery that will interest you; in the news counter that has all the news that was, is and will be; and a good cigar that will smoke as free as the smoke in the forests.

That's why the people are flocking here as never before.

HARRY S. LLOYD.
