Pressing business engagements compels us to waive appearance and give bail for appearance at next term. We would greatly enjoy a visit to Mr. Schriever's exhibition and hope ere the season closes to pay him a visit, as well as other valued Scranton acquaintances. Mr. Schriever's Cameron county patrons and friends are pleased to know that Lackawanna county critics are favorably impressed with the work of the Gold Medal Artist. Pennsylvania has none better. George Metzger, Sr., John Day, Sr., and Josiah Howard.

Another Case of Rickets. The political editor of the Independent, that saintly and immaculate apostle of purity, had a severe case of indigestion again, last week. He attended church and listened to, what everybody else except the editor considered sound, logical and convincing truths, an able sermon by Rev. Mr. Rossiter. The scribe evidently must have been sick when he heard the rottenness of Tammany, as well as all other wrong doers, handled without gloves. Had the Rev. gentleman, who knew of what he talked, only pounded the grand old party of Lincoln, progress and prosperity, his remarks would have been double leaded, with a display head-line. But, Oh! Lord, to abuse Boss-Crocker and Tammany was too much and straight way the dark lantern search was made for Matt Quay, Joe Sibley and that petition that was to be circulated and catch (?) the Republicans. The search is still being made and the clan are looking for one of Joe Sibley's old letters, thereby hoping to revive their drooping enthusiasm. Rev. Rossiter still lives and the pulpit, the press and the progressive people of this country are in the band wagon of expansion, prosperity and sound money. The old broken down bone wagon, conveying Billy Bryan, the Independent scribe with their idols—free trade, free silver, etc., will never catch up. They are traveling with the dead issues of the dark past. Fate to be Outwitted. TRIUMPH OF WOMAN'S DETERMINATION AND INGENUITY.—OLD AGE TO BE HOODWINKED BY THE SPINNERS IN CONVENTION ASSEMBLED, IN CLARKE OPERA HOUSE, TUESDAY EVENING, JUNE 12.—BE SURE TO ATTEND. The Ladies of Emmanuel Church have tackled a Knotty Problem, but the speculators who will be so fortunate as to be present at the Spinners' Convention on Tuesday evening, June 12th, will see these ladies win out handsomely in their startling project. What Hawthorne's somber fancy dreamed of will be realized in merry earnest before the eyes of a surprised and delighted audience. Dr. Heidegger's experiment will pale before the unparalleled achievements of Professor Pinkerson's Electric Remodelscope. The Doctor's Water of Youth possessed merely a virtue more transient than wine; but Professor Pinkerson's apparatus is warranted to transform the victims of age and wrinkles into maidens whose blooming youth and beauty will be proof against all ordinary tests of time. Of course all this is a plan of campaign against the uncaptured hosts of single men. As wise campaigners, these designing spinners have prepared complete and authoritative lists of all eligible single men, old and young. We understand that these lists will be submitted in Convention. There will be many other amusing features. Tickets 25 and 35 cents. Proceeds for benefit of Emmanuel Church. The ladies have decreed that there shall be a new church. Another Treat in Store. The appreciation shown for the two splendid flower pictures given free to readers of the great Philadelphia Sunday Press this year has led the publishers to provide a third great picture which will be given free with every copy of next Sunday's Press (June 3). This picture, which is quite as attractive as the famous "Yard of Roses" and "Easter Lilies" pictures, is called "A Basket of Blossoms." It is by the famous Paul De Longpre, and is one of his best works. It is 20 by 28 inches in size and is also noteworthy as being the first example of a new method of color printing, which is quite as wonderful as the picture itself. The publishers guarantee that every picture will be perfect. There is certain to be great demand for next Sunday's Press, hence it will be well for all who want this picture to order their copy in advance. To Abolish a Division. Railroad men in this city are at present discussing a plan of the Northern Central officials to abolish one of the divisions of that road. The scheme has been under consideration for some time, but whether it will be successful is not known. The idea is to get rid of the division between this city and Sunbury. At present there are three divisions on the road between Baltimore and Emporium. The first extends from Baltimore to this city, the second from this city to Sunbury, and the third from Sunbury to Emporium. If the new plan is successful, this point will cease to be a freight division terminus. The trains will be made up at Baltimore and hauled direct to Sunbury. At Sunbury a second crew will take charge and the train will be taken to Emporium without change of engines or men. This would save the salaries of a number of officials and would result in a slight reduction in the amount of motive power, but would not affect the number of men employed. Needless to say, there is no desire on the part of the employes for the change. It is not known whether this plan had anything to do with the running of the Rockville bridge straight across the river so as to give the Central trains an easy curve on both sides, but it is whispered that on account of increased traffic at that point, this was done. The scheme at present is in its infancy, and some of the men doubt very much if it will ever amount to anything.—Harrisburg Patriot.

Notes and News. The Census Enumerators commence work to-morrow. Be ready for them. Clarke & Hurteau have the contract to repaint and paper the court house and jail, and are at work on the job. Dr. Keick expects to have the Clarke house, recently purchased of E. G. Coleman, in position on his Fifth street lot to-day. Ross Overturf, our ball tosser, pitched a winning game for the St. Marys team against Ridgway, yesterday at St. Marys, the score being 26 to 2. Elon Coy, the man who was hit on the head with a hoe and nearly killed is on the mend at the hospital and is now able to be out in a wheel chair.—Austin Republican. All members of the Presbyterian Sunday School are requested to meet at the church this Thursday evening, at 7:30 o'clock, to prepare for Children's Day exercises. Parents will please make note of this. The Butler centennial celebration will be held at Butler on June 12, 13, 14, and the program committee has issued the schedule of events. The first day will be devoted to old settlers, old soldiers, societies and schools. The second day is industrial day and civic day, with an industrial parade, and the third day will be given up to the firemen and visiting fire companies. We acknowledge the receipt of an invitation to attend the Dickinson College Law School Commencement, at Carlisle, Pa., June 5th, sent us by our young friend Edward Taylor Daugherty, who is a member of the class. Mr. Daugherty closes the year of 1900 with great honors, bearing the titles of Ph. B., A. M., and L. L. B. We congratulate our energetic friend. That able Democratic paper, the Philadelphia Record, truthfully says: "The good men and women who are making a crusade against the army canteen do not stop to consider who are their allies and who would be the beneficiaries of what they are trying to accomplish. These are unscrupulous people who kept shops for the sale of bad liquors within convenient reach of the army posts and garrisons, and who are awaiting the opportunity to assume their occupations. None know so well as the old soldiers the practical temperance reform that has been effected by the army canteen." First Fork. CORA G. wife of Geo. B. Goss died at her home last Saturday afternoon. Mrs. Goss is survived by a husband and five small children, the youngest being but a few days old. The funeral services were held Monday afternoon, Rev. Mulliner officiating. Mr. and Mrs. Mark Goss and Mrs. Andrew Moore, of Emporium, attended the funeral.—Mrs. Goss and Mrs. Moore being sisters of the deceased. While Mr. and Mrs. Mark Goss were driving over the mountain from Cameron to Bailey Run, a wild animal let out some unearthly yells, frightening the horse and occupants of the buggy very badly. The horse made race-track time for about a mile. From the description given of the noise the animal made, it was evidently a panther or a lynx. This happened about mid-night on Saturday. We expect a mill and some dwelling houses to be built on Goss Bro's property, this fall, to saw out the timber on Mill run and to do custom sawing. N. N. Metcalf and Hon. J. C. Johnson were here several days last week securing the right of way for the new railroad. A gang of Italians moved into the Peters house on Sunday. They will work on the grade of the new railroad. R. M. Williams celebrated his 65th birthday on Saturday, the 26th, planting corn. A. E. Woodard and family, of Austin, are visiting Mr. and Mrs. R. M. Williams.
