### "The Old Maids Convention."

As the date of this convention, to be held in Emporium, draws near June 12, the "sisterhood" are showing great activity in the work of preparation. "Sister Josephine Jane Green" and "Rosilla Abigail Hodge," present an admirable report upon the subject of making themselves more nearly irresistible and great enthusiasm prevails. Just think of it! There are 22 all told. Prof. Pinkerson has a new machine, the "Electric Transform (her)" fresh from the factory. You will have some fine music and magnificent oratory from the "transformed" sisters.

Sister Katherine Pulina Schneider has informed us that she will be present as a delegate from Florida and sister Calamity Jane Higgins will read a very interesting letter from Florence Handicap, former president of Pumpsley Female College, Pumpsley, Mass. "The Twin Sisters" are drilling well and will present a beautiful gesture. Pantomime. We will have some fine singing by the Quartette. The promise is that all who pay the price of admission 25 and 35 cents, will be pleased with the investment.

JULIA LONG,

Chairman of the Spinners Club, Emporium, Pa.

Reserved seat tickets on sale at Harry Lloyd's Saturday morning, June 9th, at 9:30.

### Emporium School Board.

The Borough School Board met in regular session in the City Hall, Monday at 7:30 p. m. After the business of the year was settled the Board adjourned sine die at 8:25 p. m.

Mr. Thad Moore and Mr. F. P. Rentz presented their credentials as members of the new Board, after which election of officers took place with the following result: President, L. K. Huntington, Secretary, W. S. Walker; Treasurer, F. P. Rentz.

The tax rate for the coming year was then discussed and it was decided to levy the same tax rate as last year, viz: School tax, 13 mills; Bond tax 5 mills; School Building tax, 2 mills. The election of teachers was then taken up and these teachers were elected:

East Ward Building—A Intermediate, Albert H. Olmsted; B Intermediate, Cora Barker; A Primary, Annie Carter; B Primary, Rosa Bair; Kindergarten, Nina Bryan.

Columbus Building—Assistant Principal, Helen Van Valkenburg; Grammar, Louise Bonham; B Intermediate, Mary Robinson; A Primary, Mamie Cleary; B Primary, Lillian Heilman; B Primary, Rosa Richie.

Mr. Geo. Pepper was elected janitor and trustee officer for the coming year.

Messrs. Moore, Egan and Marshall were appointed a committee on repairs.

Prof. Stauffer, Sec'y. W. S. Walker and Treas. F. P. Rentz were appointed a committee to procure books and supplies for the coming year.

Prof. Stauffer, who was elected a year ago, for a term of three years, will continue as Supervisory Principal.

On account of the crowded condition of the Primary rooms and the small number in the A Intermediate grade, it was decided to establish one additional Primary room in the High School Building and have all the pupils of the A Intermediate grade in the town attend the East Ward building.

This was the last meeting of the school year in which Mr. J. D. Logan served as director. Mr. Logan was elected a director in 1891 and was twice re-elected. He was a faithful member of the Board and was ever ready to advance the interests of the schools.

### An Old Timer Day.

Last Saturday reminded our citizens of Emporium thirty years ago. The town was filled with woodmen and of course they proceeded to paint the town red. Numerous fights occurred and two arrests were made, enriching the Borough treasury ten dollars.

### Ball Game.

The Kane and Emporium nines played a game yesterday afternoon at this place, resulting in favor of the Emporium boys by a score of 19 to 8. This was the first game of the season. Our boys go to Kane next Saturday to play the return game.

### SHALL WE CELEBRATE.

Shall we celebrate is the question? Our citizens are requested to meet at the council chamber, Friday, evening next, at 8 o'clock. Let every citizen attend and prepare for a regular old rip snorter Fourth of July celebration.

### Grandfathers' Clocks.

Henry Auchu while in Canada recently, purchased two grandfathers' clocks, each being over one hundred years old. They are now at Geo. Metzger's jewelry store, where they may be seen.

### Robt. Rothrock Dead.

Robert Rothrock formerly a respected citizen of this county, died at his residence in Philadelphia last Sunday, aged about seventy years. Mr. Rothrock was closely identified with the early history of this county and held many offices of trust, having served as county treasurer and county commissioner.

### Children's Day.

Next Sabbath will be observed as Children's Day at the Presbyterian church. In the morning at 11 o'clock, a sermon will be preached to and about little children, and the sacrament of baptism will be administered to all children presented by their parents. All children will be seated in the front of the church. In the evening a special children's program will be given, for which preparation has been made.

All our children and parents are expected to be present promptly at each service.

### [Died of Appendicitis.]

WALLACE, the 12 year old son of Mr. and Mrs. E. E. Whiting, of Sterling Run, died at the Williamsport Hospital last Sunday, of appendicitis, having been taken to the hospital for an operation. Church on Tuesday, at 2 o'clock, p. m., Rev. M. C. Piper officiating. The family have the sympathy of a wide circle of friends.

### Olean May Lose Shops.

The Bolivar Breeze has the following to say about the removal of the W. N. Y. & P. R. R. shops from Olean:

"Olean people are alarmed over the passing of the W. N. Y. & P. railroad into the hands of the Pennsylvania system, fearing that it may mean the removal of the big car shops so long a source of much revenue to the business men of the city, to some other point. It would be a body blow to Olean to lose the shops and her citizens will not only make a good fight to retain the present shops which employ some 250 men but to induce the Pennsylvania company to greatly enlarge the plant."

### BRIEF MENTION.

Business is booming at Sizerville, where about 500 men are employed in the bark woods.

The "Flyer" train from Emporium to Buffalo is popular. The train leaves Emporium at 5:15 a. m.

The Sunday afternoon train east on P. & E. will be a handy train when the public once get into it.

Hummell, who murdered his wife and three children, was hanged at Williamsport on Tuesday morning at 10:59.

A number of prominent officials of the Pennsylvania R. R. Company passed through Emporium yesterday for Buffalo.

The oil well being drilled on the Ostrum farm by the "M. M. & Co.," is going along smoothly. The drill is now down about 1200 feet.

Seth Nelson, the oldest hunter in Pennsylvania, a resident of Round Island, at the age of 91 years, has the following record since 1827: Elk, 22; deer, 428; bears, 41; panthers, 12; wolves, 5, says an exchange.

The latest scheme of the Armour Packing Co., is canning eggs. They separate the yolks and the whites, can them, freeze them, and then put them on the market. They put up thirty dozen in a two gallon can.

It is said of Roscoe Conklin that the only joke he was ever known to perpetrate was this drive at the newspapers, which he did not like: "The only persons permitted to use the pronoun 'we' are editors and people with tape-worms."

An exchange says that women who are constantly chewing the rag with their husbands and about their neighbors are hereby notified that the practice is a dangerous one, as a new disease known as "lint on the tongues" has made its appearance, and it is said to be caused by chewing the rag too much.

What do you think of this? The Cuba Democratic Times says: In the park at Angelica there is a gooseberry bush thriving well up in the branches of a maple tree, the same having berries on every year. It seems a branch was broken and the spot became rotted and birds dropped the seeds that took root.

The land known as Pardee tract, in Chapman and Beech Creek townships, Clinton county, aggregating 22,830 acres, eighty perches, has passed into possession of the state as a part of its forestry reservation. From Fullerton & McGee a tract of 4,760 acres has also been purchased in Cameron, Grove township, and Clinton counties. In Clinton and Centre counties the state had already purchased the Slaymaker tracts, which contained 12,001 acres, and two similar tracts, together aggregating 1,217 acres. The total acreage therefore, of the state's possessions, lying in one block on the Susquehanna river, is 40,598 acres.

The Republicans of Warren county will be loyal to the straight Republican ticket. There may be a few who will not support Mr. Sibley, but the majority of the Republicans will. They are strongly opposed to fusion. The Republicans have nothing to gain by any such movement. The fusion craze has had its day. If Mr. Emery wanted to be a candidate he should have taken the regular course and gone before the conference. The convention gave Hon. Jos. C. Sibley the unanimous vote of the four counties in the district, and the people will support the action of the conference. Warren county Republicans are not fusionists.—Warren Mirror.

### Don't go Into Politics.

A tramp met a citizen on the highway and asked him for a donation on the ground that he was a cripple, one of his legs being several inches shorter than the other. The citizen was interested in the case and began to make inquiries: "Were you born that way, my poor fellow, or did that limb shrink up after you were grown?" "Neither one," answered the tramp. "My short limb is not the trouble. It is all right. It is the other leg that compels me to ask your charity. I was once a happy and prosperous man with two as good legs as there were in that neck 'o' woods. I was fool enough to mix in politics. I ran for office and was in the hands of my friends. You see what my friends did to that leg. When the campaign opened it was an eighth of an inch shorter than the other one. Now it exceeds the other in length fifteen inches. If you have ten cents about your person loan it to me that I may go down my sorrow."

Moral—The wise man will steer clear of politics unless he has a tolerably sure thing and is able to go away on a visit during the campaign.

### The Gossiper.

Gossip has made many a home a hell on earth; gossip has blackened and sullied the character of many poor girls; gossip has parted lovers who would have been very happy if it had not been for gossip. One little misstep or one little indiscretion will cause gossip to arise with new strength and start on her mission. Don't gossip. A gossip is about the lowest and meanest thing on earth.—Ex.

You can carry it in your hands, on your shoulder, in your pocket or on your bicycle. You press the button and the Kodak will do the rest.

## LLOYD'S LONG RANGE FORECAST OF THE WEATHER AND EASTMAN'S KODAK.

### BOOMING.

Spring trade is booming, notwithstanding the general complaint of dealers about the weather, forest fires and dull trade. We are up to date, away ahead of any previous season. Why? Clear-sighted men and women have discovered where they can get best and the most for their money in wall paper; in gloss white enamel paint, that will not turn yellow on exposure; in curtains that go up and down; in bicycles that will run ahead of anything on the road; in fishing tackle that catches the trout; in books and stationery that will interest you; in the news counter that has all the news that was, is and will be; and a good cigar that will smoke as free as the smoke in the forests.

That's why the people are flocking here as never before.

HARRY S. LLOYD.
