EDITORIAL MENTION.

Civilization and commerce always go together. It was so in Hawaii. It will be so in the Philippines and Porto Rico.

The total amount of money in circulation has increased by 182 per cent in the last thirty years, and the deposits in savings banks by 327 per cent.

Exports of agricultural products have increased 117 per cent in the last thirty years. Who says the foreign market is of no value to the farmer?

Cotton, provisions and mineral oils show larger export values during the himself. After the organization of the ten months of this fiscal year ending convention three candidates were pre-April 30th last than at any time since

The Republican party has persistently endeavored to strengthen and upbuild the American Navy. The Democratic party has just as persistently opposed such a policy at every opportunity.

In 1895 we couldn't afford to buy even cheap foreign goods, and the nation of Mr. McCormick, which was Democratic revenue, under its low tar-altogether a creditable one. iff, only amounted to \$131,818,530. Last year the Republican protective tariff realized \$206,128,481.

The prosecution of Neeley and his associates for the Cuban postal frauds is being vigorously continued by the Administration, and will not cease till sentence has been pronounced on the guilty.

The United States now has a domain it possessed when it became a nation. We have been expanding all the time, and most of it was added by the party now opposing expansion.

There will be no campaign "issue," in the sense in which that word is generally accepted, on the shipping question during the coming campaign. The American people are unanimous in behalf of effective legislation, and Congress is pledged to enact it at the short session.

battle in Ohio. Arbuckles held stock in the Trust's coffee factory and wanted to inspect its books, a right to which they are intitled under a recent decision. Another blow for an octopus.

Exports of American manufacturers compare thus: 1895—Free Trade. \$183,595,743. 1900-Protection. \$400,000,000. The increase of more than 100 per cent shows that the tariff wall of pro-

tection has not stopped the sale of our goods in foreign countries. It is to be expected, of course, that

Democratic Congressmen and politicians should be loud in their denunciation of Hon. H. Clay Evans, President McKinley's Commissioner of Pensions, whom they assert is unfriendly to the old soldier, and the soldier's widow, for the reason that they are desirous of securing the veterans' votes. It may, however, be of interest to these self $constituted \, champions \, of \, the \, old \, soldier,$ as well as to the veterans themselves, to know that during the first three years of Commissioner Evans' administration of the Pension Bureau, he allowed nearly five thousand more widows' claims than were allowed during the corresponding three years of his Democratic predecessor. During the fiscal year 1894, 1895 and 1896, widows' allowances were 52,958 against 57,848 during 1897, 1898 and 1899. This, too, in spite of the fact that the decrease through death of widows of soldiers of year to year.

Republicans Not Stool Pigeons.

It is a laudable ambition for any man to aspire for a seat in Congress. Mr. Lewis Emery, Jr., has had an itching in that direction for a good many years. Fourteen years ago he was given the conferees from McKean county to a district convention, when it was connected with Cameron, Lycoming, Sullivan, Tioga and Potter counties in a Congressional district. McKean county was not entitled to the nomination. Hon. W. W. Brown, a citizen of Bradford, had represented the district in a very acceptable manner for two terms, the second closing on the following fourth of March. It any man was entitled to the nomination from this county Mr. Brown should have succeeded sented for nomination besides Mr. Emery. Lycoming county named H. Clay

McCormick, Tioga Hon. S. F. Wilson and Cameron J. W. Cochran, three exceptionally strong men. Then com-menced a contest which lasted for weeks, first in Williamsport, then in Bradford, then in Emporium, then back to Williamsport, then to Wellsboro

where it came to an end by the nomi-

That contest could have been ended at any time had Mr. Emery said the word. But no, he would listen to no nomination but his own. Had he not made a record in the two houses of the Legislature for ten years preceeding, which entitled him to a seat in Congress? That record was altogether on the sensational order, but it was a record all the same. For the six sessions that of the people and our own." At Emhe represented this county and district in the Legislature much of his time was nearly three times greater in area than devoted to berating the Standard Oil company, or opposing some party measure, or he was away from Harrisburg looking after his private business. There is no one man in the State who was more active in electing a Democratic governor in 1882 and again in 1890 than Lewis Emery, Jr. And can any man put his finger upon a time when he was active in the support of a Republican candidate other than him-

self? And this is the Republican whom the Democrats are clamoring to send to Congress from this district. At their seance in Warren recently their expressions of admiration for Mr. Emery were fulsome. In him are consentrated all the attributes of a profound statesman, according to their declarations, and Rico. Its effect would have been to through him they hope to be led to victory in November. Will Republicans consent to be used as stool pigeons to carry out the scheme of disrupting their party in an alliance of this character? first term will not be complete until Their candidate was nominated by an overwhelming majority, at a primary election which was conducted as fairly as any ever held in the county. He did not come into the county, neither did he ask a single voter of the county to support him, yet he overwhelmingly defeated one of our ablest citizens, who the shipping bill during the session of made a personal appeal for support to Congress just closed have accomplished every voter he could reach. Will Republicans now repudiate their candifor all time the so-called "free ship" date to gratify their opponents? From DuBois Courier May 30.

At 5:00 o'clock Wednesday afternoon Mr. Charles Spurgeon Nale and Miss Ella May Kresge, were united in marriage at the home of the bride's parents, Mr. and Mrs. A. Kresge, at 328 South Brady street. The ceremony was performed by the Rev. C. D. Slagle, pastor of the United Evangelical church, in the presence of the immediate families and a few intimate friends. The outof-town attendants were Mr. and Mrs. Will Kresge of Penfield, relatives of the bride.

The couple was supported by Mr. J. R. Curry, a close friend of the groom, and Miss Charlotte Patchell. The wedding march was played by Miss Trexler. After the ceremony a sumptuous wedding supper was served and later in the evening the happy couple departed for the groom's home in the Third ward. The best wishes of numerous friends and acquaintances go with the newly wedded young couple.

I awoke last night with a severe pain in my stomach. I never telt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & Mc-Curdy's drug store and they recommend-ed Chamberlain's Colie, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I

The record of President McKinley's provision has been made for the upbuilding of our merchant marine in the foreign trade, a question to which Congress will give its attention as soon as the session begins next December.

Since 1870, the population of the United States has increased 100 per cent and the production of cotton 30C per cent. With 200 per cent more increase in production than in population, the decrease in price has been less than 100 per cent, and the quantity used by American mills has increased 300 per cent.
