P. R. R. Great Work

President A. J. Cassatt, of the Pennsylvania Railroad, accompanied by his wife and daughter, sailed for Europe yesterday on the American Line steam ship St. Paul. He will be gone until about the middle of September. Mr. Cassatt stated yesterday the trip was purely for pleasure, and he expected to derive considerable benefit from it. Since the beginning of the year he has been instrumental in effecting some of the biggest railroad deals on record, and the Pennsylvania is now considered one of the two greatest railroads in the world. Mr. Cassatt has always been known as a thorough railroad man, but the foresight and acumen which he has displayed since he has been in office places him in a rank by himself.

All the deals that have been announced have been accomplished, and the officers of the company are now putting on the finishing touches to the last acquisition, the Western New York & Pennsylvania Railroad. In acquiring this road the Pennsylvania has now a direct line into what was once forbidden territory-that of the New York Central. Now these two great roads, as well as all the leading railroads in the East, are working in harmony, and cutting of rates and passenger fares are things of the past. The Western roads have not yet been brought into line, but there is more of a disposition shown by them to maintain rates than heretofore. Business at the present time is not as great as it was last year, and, while the volume is less, the revenues are greater, caused by the increase in freight rates and the living ap to the tariff by all the great trunk lines.

Mr. Cassatt has been ably assisted by Fourth Vice-President Samuel Rea, who is not only a civil engineer of national reputation but one of the best financiers and organizers in this country. To Mr. Rea were intrusted the many complex matters in relation to the different deals, and he went about is work in such a manner that no one knew any thing of it until the deal was consumated.

mated.
In acquiring the Western New York & Pennsylvania it is though the Pennsylvania will secure a large amount of business to Philadelphia is well as to other cities of Pennsylvania All pre-parations for taking this rad and the Allegheny Valley over onthe first of next month have been completed, and the change will occur without any fric-tion.—Buffalo Commercial.

General Gordon is still the idol of the Georgia ex-confederates, relates the New York Commercial. For a man wno was an state and national politics so long he has home. There were times, however, when younger and more active men sought to wrest his political honor book. and influence from him, but generally with no success, even in the smallest matters. It is related of an old soldier of Barnesville that he was offended at Senator Gordon on account of a postoffice appointment and set himself to work to defeat his return to the senate. He got himself elected to the legis lature as an anti-Gordon man, and vowed vengeance on the general in the Democratic caucus. He stormed and raved against his old commander at all times and places, and when it came to voting he marched resolutely up the isle with an anti-Gordon ballotin his hands. There on the platform sat the old general, the scars of battle still disfiguring

BRIEF MENTION.

The following from an exchange is comething that the young men who are short on ice cream money should show to their best girls: "Miss Marion Collier, of Jeansville, who came to Hazelton Tuesday evening to visit friends, indulged freely in ice cream during the evening. About midnight she became violently ill and died at 3 o'clock. It is not positively known whether her was caused by poisoning or by over-indulgence in ice cream."

In 1896 the popular vote for President was: McKinley, 7,105,959; Bryan, 6,454,-943; Palmer, 132,870. This year the silver Republicans will, pretty generally, vote for Bryan, and the Gold Dem ocrats will vote for McKinley, or de-course, will suffer a much more decisive defeat than in 1896, because Republican victory has brought with it such universal prosperity that it would be the very frenzy of imbecility to risk a change.

> Here is a case that will, no doubt, be followed up with interest by those who travel on passes: "The stipulation on the back of free passes absolving the company issuing them from liability for damage on account of injury to the holder has been declared by the United States Court of Appeals, in the case of Whitney vs. New York, New Haven and Hartford Railroad Company, to be against public policy and unenforceable This ruling in regard to contracts will doubtless be appealed to the Supreme Court.

Don't Lose Your Bank Book.

A recent decision by the supreme court is of interest to persons who have money in saving banks. A depositor lost her book, which was found by another woman, who took it to the bank, and being able to answer all the questions put to her succeeded in drawing the money. The rightful owner brought suit against the bank and the court decides that the bank has acted in good faith and that the depositors have received abundant warning in a by-law which states that made surprisingly few enemies at the bank must not be held responsible for any money Paid in good faith to the wrong person presenting a bank

A Fitting Testimonial.

Dear Doctor McKinley: Four years ago I had that idle feeling and a craving for food in my stomach that I could not seem to fill for the want of something to eat. In fact, my entire family suffered from the same complaint.

I had severe pains in my back from carrying the mortgage on my home. My condition was such that my friends hardly knew me, I looked so much like a tramp.

Then hearing of your Prosperity Remedy, I tried it, and to-day I am a changed man. I am glad to say that all my "Hard Time Pains" have left We could not now get along without your Prosperity Remedy in my family, and we shall continue to use the same.

Buffalo Commercial, Wednesday.

As expected, official announcement was made to-day of the appointment of E. T. Johnson, general freight agent of the Western New York & Pennsylvania, to be division freight agent of the Pennsylvania railroad, with headquarters in Buffalo. Mr. Johnson's territory will extend over the Buffalo, Rochester and Chautauqua sub-divisions

The selection of Mr. Johnson is well merited one.

It is understood that C. H. Seymour, at present freight agent of the Northern Central, will retain his title, position and territory.

E. T. Bates, general freight agent of the Allegheay Valley, will be made di-vison freight agent of the River division. The officials of the Pennsylvania rail-

Trouble in a Lumber Camp

A warrant was sworn out before Justice Austin, Friday morning, by O. E. Ellison, of Portage township, charging James Murphy, Frank Inglesby and Ernest Brown with making threats against the complainant's life. The facts as near as we can get them are as follows:

Ellison is a jobber in Hart's lumber camp near Sizerville, and the men claimed Ellison was indebted to them and would not pay their claims. They therefore refused to work or vacate the camp, and also threatened to do bodily injury to Ellison if he came near the camp. There were thirteen in the camp and all were united in the purpose to hold their ground against all comers.

The warrant was handed to constable Wilcox, and in company with borough police, John O'Brian, he went to the camp with the intentions of bringing the three ring leaders to Austin to answer the charge unless they vacated the camp at once.

Officers Wilcox and O'Brien argued and almost pleaded with the woodsmen to leave their abode and thus ears. save all trouble, but they absolutely refused. Constable Wilcox then produced the warrant and there was an act in the play that was not expected. It proved to be the trump card, and the thirteen woodsmen with bag and baggage surrendered and were escorted about two miles down the road. One man in camp was unable to walk on account of injuries received in the woods and to accommodate him Wilcox and O'Brien carried him two miles on a stretcher to another abode.

Things have become righted in the camp districts and everything is runsmoothly now. It is hoped there will be no occasion for any more trouble between employes and employer .--Austin Republican

Among the Lumbermen.

Hemlock lumber has left its high figures. Present quotations show a reduction of fifty cents to one dollar a thousand feet.

C. D. Ewing, who is operating at Lovett, Cambria county, is getting out 16,000,000 feet of hemlock and hardwood timber for his employers.

Recently a mammoth hemlock tree was felled on Wolf Run tract, Corydon township, opposite the village of Kinzua. which measured 6 by 5 feet at the stump and was 116 feet long. The butt log, 18 feet long, will produce 2,500 feet of lumber, 7,000 feet being estimated for the whole tree.

B. V. Wykoff, of Sinnamahoning, has his lumber camp on Hyner run. On the tract is 100,000,000 feet of timber, which will require ten years to get it out. Among the timber are pine, hemlock, oak and chestnut trees. The trees are being sawed into lumber, ties, logs and prop timber.

Johnson & Weaver's camp is on the right of Hyner run. Many men are employed.

William H. Logue has taken a job from Frank Fox in Big Run. He expects to clean the run this year.

The Linden Hall Lumber company has put up a new saw mill, which has a capacity of 35,000 feet a day. The seventeen mile road from Linden Hall into the timber lands is completed. Last year the company sawed 2,413,075 feet of lumber and 10,021,516 feet of prop timber. Their output this year will be greater.—Clinton Democrat.

He was charging about in the business district and suddenly remembered that he wanted to telegraph to a friend whose offices are at 195 Broadway. The Californian dashed into the near-est telegraph office, wrote out his dispatch and, covering it with the coin, passed it through the wicket to the receiver. The receiver smiled.

"What is the matter?" demanded the Californian. "Why, this is 195 Broadway," said

the receiver, "and your man is up just one flight of stairs."

There was a confused period that lasted about a second, and when the Californian got his nerve back he calmly said: "I know that. Let it go anyway. I guess I can telegraph across the room or this counter if I want to and have the money. We do that thing out in California every day for a
