Child Born on Fast Express.

A baby boy was born on a Pennsylvania passenger train several days ago, near Greensburg to Mrs. Marie Visloski, an emigrant traveling with her husband to Cincinnati. The child was born while the train was speeding along at the rate of 50 miles an hour. A doctor who happened to be on the train, attended and took up a collection for the parents, who were going West to reside on a farm. It was their first child and all the passengers showered congratulations on them. They continued on their journey West, and will call the child Pennsylvania.

Obituary.

Chas. Nevin, aged 12 years, only son of Mrs. Rose Nevin (nee McKinney) formerly a respected Emporium lady, died at Sewickley, Pa., on Monday, July 30th. The funeral took place on Friday last, at Sewickley, from the residence of Chas. Nevin. The bereaved mother and other members of the family have the heartfelt sympathy of their Emporium friends. Since the death of Mrs. Nevin's husband, which occurred in Italy, six years ago, Mrs. Nevin and children have resided at Jersey Heights, N. J.

Notes and News.

Zinc and grinding.

Geo. R. Dixon has been nominated for Assembly by Elk Democracy. Clinton county democrats endorse Hon. J. H. Cochran for Congress.

W. T. Young, of Farrandville, was nominated for Assembly by the Clinton democrats last Saturday.

Sixteen years ago last Saturday Emporium was visited by the most disastrous fire in the history of the town.

Potter county has been added to Hon. J. C. Johnson's district as Solicitor for Pennsylvania railroad, including Low Grade division.

Andrew Carnegie has agreed to donate \$25,000 for a library a Coudersport on the condition that the borough will raise \$2,500 a year to keep it in running order.

"Dwellings are so scarce in Coudersport," says the Enterprise, "that one family is living in a former wood house, and rumor says that another family is living in a remodeled chicken house."

Rev. Sam Jones says that when Mc Kinley and Mark Hanna get their mouths started on prosperity the Democrats will have no more chance than a pig pen in a Kansas cyclone. "Kerrect."

The political editor of the Independent must be a great admirer of the attractions of Franklin as a summer resort, having made so many trips in that section during the past two years, all in behalf of reform (?).

Hon. J. K. P. Hall was unanimously nominated for Congress by the Democrats of Elk, Clarion, Clearfield, Centre and Forest counties. Mr. Hall has made an excellent record in Congress and is popular with his people.

A fine horse owned by Liveryman Fay, of Emporium, died shortly after being driven to this place one day last week. Two days previous to the day the horse died Mr. Fry was offered \$150 for him.—Potter Enterprise.

A Hazleton boy, while dreaming that he was diving from a spring-board into a swimming-hole, leaped through a window in his bedroom, and fell on the ground 28 feet below. One of his arms was fractured in two places and he was bruised badly.

Mr. Emery's scheme to catch the votes of Republican suckers as well as Democratic gudeons" as stated by one of his supporters, won't work this year. The people will support Hon. J. C. Sibley who has faithfully and patriotically represented their true interests.—Franklin Press.

Geo. Grassley, aged 21 years, who six weeks ago was injured by a falling tree while working on Crum Bro's job below Grove, and taken to the Williamsport Hospital, was brought to his home near Sinnamahoning last Thursday. He died on Monday and was buried last Tuesday afternoon. Rev. Ebersole, of Sterling Run, officiated.

Boiled water or distilled water should not be used either by grown people or children unless there is danger from contamination from the water in ordinary use. Pure, cold water is preferable. A child may be given a glass of cool, never ice, water the first thing in the morning—say half an hour before breakfast; and may also take a glass on retiring.—Aug. Ladies' Home Journal.

There is an immense and constantly growing number of people who read the advertising columns of the newspaper before starting out to buy things. Many of them have no opportunity to study window displays or to examine a large variety of goods over the counter. The advertiser who tells them from day to day what he has that is new, benefits both himself and prospective purchasers.—Philadelphia Record.

The M. E. Sunday School class of Mrs. Stoddard and Mrs. Heilman and a portion of the Presbyterian Sunday School will picnic at Lime Lake tomorrow (Friday). They go on the 8:35 a. m. train on W. N. Y. & P. and return on regular train at 7:45. The fare for the round trip is placed at 70 cents, and everybody are invited to participate. The low rate of fare ought to be inducement enough to insure a large patronage.

It occurs to me as being a foolish thing to do, this pitching into Sibley by the Democratic newspapers, says the Port Allegany Reporter. As I understand it, Sibley has broken no promise made to either democrats or republicans while campaigning in 1898. He very openly told the voters of the district that on all measures he should advocate that which in his judgment he thought to be best for the people at large. He has done so. The free silver theory has been repudiated by all the people, why should Sibley uphold it?

Hon. R. B. Stone, of Bradford, was a candidate for the Republican nomination for Congress at the recent primaries and, as everybody knows, was defeated by Hon. Jos. C. Sibley. But Mr. Stone is a Republican, and the Bradford Star, owned and controlled by him, has placed the Republican ticket at the head of its columns and will unreservedly support the whole ticket. In glaring contrast, the Bradford Record, the personal organ of Hon. Lewis Emery, Jr., who boasts of his Simon-pure Republicanism, supported Hon. Jos. C. Sibley in his candidacy for the nomination and now turns around and endeavors to defeat his election by supporting Mr. Emery as the hybrid candidate of an aggregation of disgruntled politicians with personal axe to grind.—Franklin News.

New walks and greatly needed improvements are being made in all parts of town.

Our enterprising furniture dealer, Geo. J. LaBar, has something important to say in this issue of the Press.

About two miles of the new road leading from Emporium to Whittemore Hill, is in course of construction.

W. H. Howard has an important acquisition to his family, or rather his stock department. On Tuesday evening the little Jennie donkey gave birth to a colt of the male persuasion. This is the first Jack donkey ever born in Cameron county and is quite a curiosity.

Members of the G. A. R. and all the Civil and Spanish war veterans, for the most part, favor the Hon. Joseph C. Sibley for Congress. During his Congressional service, he has been very prompt and successful in securing action by the Pension Department on their claims. Numerous applications for pensions, which had been made for years, was taken hold of personally by the present Congressman from this district, and within a few months the allowances were granted, as requested, with back pay. Unquestionably, Mr. Sibley deserves and will receive the support of the soldier boys for Congress this fall.—Bradford Star.
