

Wine Making in Portugal.

In great emergency when all the men are demanded in the vineyards, women are called to assist in wine treading. Our correspondent saw young women wearing their own garments which they skilfully gather up around them until they assume the biggest and most abbreviated of Dutchman's "britchen" costumes, while in the winery.

THIS IS A SCENE IN THE VILLAGE OF QUINTAS, PORTUGAL.

An improved method of mashing by machinery is adopted at the Speer Oporto Grape Vineyards, PASSAIC, N. J., by which a barrel of grapes a minute is dumped in the hopper, that feed two large rubber rollers, between which the grapes are crushed.

The Port Wine from Speer's Vineyards beats the world for its valuable medicinal qualities. None put on the market now, until nine years old. Weakly persons, Invalids, Females, and Aged persons, should always have a bottle in the house. If properly used it will restore health and prolong life. It is by all odds the Wine for weddings, social entertainment and family use.

Rural Free Mail Delivery. Hon. Jos. C. Sibley, our very efficient Congressman, has been energetically laboring for the establishment of Rural Free Delivery for the country adjacent to Emporium, and we are pleased to state that his efforts in that line are very favorable to the establishment of said service, as will be seen by the following correspondence:

FRANKLIS, Pa., Oct. 12, 1900. Hon. E. W. Green, Emporium, Pa.

My Dear Sir:—I enclose herewith a letter from the Superintendent of Free Delivery System to the effect that the papers relative to the establishment of Rural Free Delivery in Cameron county, about which you wrote some time ago, have been referred to the special agent in one of the eastern divisions for investigation and report.

Anything that I can do at any time to further this matter you may rest assured will be gladly done. I have the honor to be Yours very truly, JOSEPH C. SIBLEY.

WASHINGTON, October 6, 1900. Hon. Joseph C. Sibley, M. C., Franklin, Pa.

DEAR SIR:—I beg to acknowledge receipt of your letter of the 2d instant, inclosing a petition signed by O. C. Dinning and others, accompanied by map, requesting the establishment of Rural Free Delivery in Cameron county, Pennsylvania, with Emporium as a distributing point, to accommodate the residents of Shippen township. The papers have been forwarded to the special Agent in Charge of the Eastern Division for investigation and report.

Very respectfully, A. W. MACHEN, Superintendent Free Delivery. Case No. 56081.

Accidental Shooting at Huntley. An exciting accident occurred at Huntley on Saturday afternoon at two o'clock, in which Wayne Nelson, son of A. F. Nelson, aged about 12 years, was shot through the left foot with a 12-gauge shotgun. He was in company with Clyde Collins, son of B. J. Collins, another boy about the same age. They had been squirrel hunting in the forenoon and were returning home when the accident happened. The boys were walking side by side on the railroad track west of Huntley depot when, in some mysterious manner, the gun was discharged—just how the boys do not know. The gun had been shot off by Will Nelson, a track workman, a few minutes previous, and neither of the boys remember reloading it, as one was carrying the gun and the other the cartridges. The wounded boy was carried to his home by Ray Smith and medical aid summoned. Dr. Dailey, of Driftwood, dressed the wound and advised the call of a surgeon, deeming amputation necessary. Dr. Smith, of Emporium, and Dr. Corbett, of Driftwood, were wired, but on account of their absence the boy was taken to the Williamsport Hospital on the 10:15 p. m. train. On Sunday at 11 o'clock the foot was amputated. The parents of both have the sympathy of the entire community, as the boys were firm friends.

Letter to Alex. McDougall. Emporium, Pa.

Dear Sir: Porterhouse, so much; neck, so much; all the way between. Just so with paint. Devoe lead and zinc is the porterhouse. Nobody wants the neck; the between, some say, is good enough for them.

But Devoe costs less, not more, than between. Lead and oil is between; it is the old-fashioned paint. But zinc has come in. Zinc toughens white lead. Devoe lead and zinc is the paint. If you paint in three years you do it for looks. Devoe does not wear out in three years. Yours truly, F. W. DEVOE & Co.

THE CHOIR CELESTIAL.—There is always a demand for a great sacred song. "The Palms," "The Holy City" and others have been sung by thousands. Next Sunday, October 21, "The Philadelphia Press" will give free to its readers Arthur Trevelyan's magnificent "Choir Celestial," one of the most beautiful songs ever written. This supplement is in regular sheet music size, ready to be placed on the music rack. It has a superbly ornamental frontispiece in six colors, which is beautiful enough to frame. Frankly, this is the finest piece of music, both as to appearance and quality of the composition, ever given away to the public and it is yours, absolutely free, with next Sunday's Press. It will be well to order next Sunday's Press in advance.

It will be hard lines for the boys if there are no storms to knock the chestnuts.

Hunting season for birds is now open and the game laws have been respected this year, better than formerly, perhaps, owing to numerous cases of prosecution by the L. A. S.

It is reported here that one of the candidates in this county sent down a small cargo of beer to Sinnamahoning, and instructions to his henchmen to take it up the First Fork, and distribute it where it would do the most good, and to go clear up to the county line. Two of the unfortunates started out with the beer and got as far as the Italian camp, about a mile, when they concluded to tap and commence distributing, which they did in so liberal a manner that they got no farther with it. Perhaps they were catering to the Italian vote. No doubt they were dry, but their supply of beer has been shut off, on an account of a revenue man being around looking up the situation and the head man concluded not to handle beer any longer.

Women are Like Flowers. Healthy and strong they blossom and bloom. Sickly, they wither and die. Every woman ought to look well and feel well. It's her right and duty, but she might as well try to put out a fire with oil as to be healthy and attractive with disease corroding the organs that make her a woman. Upon their health depends her health. If there is inflammation or weakening drains or suffering at the monthly period, attend to it at once. Don't delay. You're one step nearer the grave every day you put it off. Women can stand a great deal, but they cannot live forever with disease dragging at the most delicate and vital organs in their body. You may have been deceived in so-called cures. We don't see how you could help it—there is so much worthless stuff on the market. But you won't be disappointed in Bradfield's Female Regulator. We believe it is the one medicine on earth for womanly ills. There is as much difference between it and other so-called remedies as there is between right and wrong. Bradfield's Female Regulator soothes the pain, stops the drains, promotes regularity, strengthens, purifies and cleanses. It does all this quickly and easily and naturally. It's for women alone to decide whether they will be healthy or sick. Bradfield's Regulator lies at hand. \$1 per bottle at drug store. Send for our free booklet.
