

### Wine Making in Portugal.

In great emergency when all the men are demanded in the vineyards, women are called to assist in wine treading. Our correspondent saw young women wearing their own garments which they skilfully gather up around them until they assume the biggest and most abbreviated of Dutchman's "britchen" costumes, while in the winery.

THIS IS A SCENE IN THE VILLAGE OF QUINTAS, PORTUGAL.

An improved method of mashing by machinery is adopted at the Speer Oporto Grape Vineyards, PASSAIC, N. J.

by which a barrel of grapes a minute is dumped in the hopper, that feed two large rubber rollers, between which the grapes are crushed.

The Port Wine from Speer's Vineyards beats the world for its valuable medicinal qualities. None put on the market now, until nine years old. Weakly persons, Invalids, Females, and Aged persons, should always have a bottle in the house. It properly used it will restore health and prolong life. It is by all odds the Wine for weddings, social entertainment and family use.
