EDITORIAL MENTION.
Have you made your new century resolutions.
We wonder if Mr. Bryan will put Aginaldo on the free list of his new paper.

The New York Sun has denounced Webster Davis as a lightning lipped launcher. This is too, too much.
Suppose Yale and Vassar had a mach debate which would win? Why, if it were a match it would probably and in a tie, of course.

What the dickens are hoppers? The racingmen tell us they must go. Why not inform us what they are and let us decide for ourselves.
Some doctors have been contending that six day bicycle races impair the mental faculties of the contestants. This is not possible, however.

The Government reports show that the Christmas mails were heavier than ever before in the history of the country. Prosperity is certainly here to stay.
Lots of people have been talking of Yuletide, not realizing that it literally means the yelling time—the time when our ancestors "made Rome howl," as it were.

Of course it is hard for some states to have their representations in Congress reduced because they have not grown as fast as others have. But unless this is done, it is only a question of time until the House becomes so large that it will overflow the Capitol.
After all, can the residents of Sing Sing get rid of the prison smell by changing the name of their town to Ossining? Would not the new name soon become as suggestive of prison as the old one? Would not the scent of the jail bird hang around it still?

A possum farm has been started in Pennsylvania, where it will probably be safe from depredators. If it were south of the Mason and Dixons line, its stock would be more precarious than even that of the average henroost in regions where the colored brother abounds.
It is easy to blame Mr. Cudahy for yielding to the threats of the kidnapers and paying up so easily. But what father would do otherwise if he were able to pay. The robbers had "the drop" on him and all that he could do was to pay up and then watch his chance and get even.

There have been a good many lynchings in the north this last year, but they have generally differed from those in the south in the fact that they were punished. At Akron, Ohio, for instance, twenty-one men have already been sentenced to imprisonment for their share in the mob their and other indictments remain to be tried.

Pepsin preparations often fail to relieve indigestion because they can digest only albuminous foods. There is one preparation that digests all classes of food, and that is Kodol Dyspepsia Cure. It cures the worst cases of indigestion and gives instant relief, for it digests what you eat. R. C. Dodson. Sly

An egg is best when fresh, but it's different with an office boy.
Persons who suffer from indigestion can not expect to live long, because they cannot eat the food required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all digestive organs to perfect health. R. C. Dodson. Sly

A railroad collision is certainly a bump of destructiveness.
This season there is a large death rate among children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases. We know of nothing so certain to give instant relief as One Minute Cough Cure. It can also be relied upon in grippe and all throat and lung troubles of adults. Pleasant to take. R. C. Dodson. Sly

Blown to Atoms.

Clear Creek Letter.
Editor Press:—
Congratulate us. At last we have been christened. It has grieved us sore, that our Rich Valley correspondent has never given us mention in his weekly reports. As one of Rich Valley tributaries we felt entitled to a representation. Have been notified of our mistake, we are "Clear Crackers." Now we have no objection to the cognomen, and shall try and show our record as clear as our title.

"We shall not need a commission to investigate our social status. Like Topsy we will fuss. We have our little peccadilloes. For instance, when they persisted in calling our handsome turkey gobbler, Bryan, we protested. He was no lost cause. His only resemblance to the silver tongued orator, was his desire to boss the roost.
Alas, our Bonny Bird fell victim to Thanksgiving gormandizing. We were rather non pleased when reminded, bleak November had been death to all Bryanites. But as we plucked his glossy plumage from his golden flesh, we got in the woman's last word by the old adage—silence is golden, he will never gobble more. When you can assure me Bryanism will follow suit we will write his epitaph to J. B. The feud ended.

All pleasantry aside, we have been solicited to write Clear Creek items for the PRESS.
Very well, friends, with our good editor's permission, we will represent you now and then. Hope our record will show up mightily in deeds, though few in numbers.

We shall not remind you of past follies, further than to say, hope the political waters of our Clear Creek will be found sparklingly clear the coming year. They were decidedly muddy or at least ring-steaked and speckled in the last campaign. We are no politician, further than this, we honor a democrat when he honors his party; we honor and admire a Republican when he sticks to his party, but have no use for the straddle the fence man whose vote is worth just the dime he can get for it. Now let us clear away the cobwebs and be what our name implies—clear, transparent, politically, socially and otherwise. No better time than now for good resolves, just as we are entering upon a new year, the beginning of another century. M. W.

Sinnamahoning.
Editor Press:—
George Gore, Jr., and Alma Smith were married on Christmas.

Born to Mr. and Mrs. Arch DeShetler, on Dec. 20th, a daughter. Grandpa DeS. is doing as well as could be expected under the circumstances.
Barclay Bros' mill will shut down about Feb. 1st, to be repaired and put in condition for a big run next season.

On Dec. 24th, Harry Barley, a young man employed in the wood mill at this place, died of pneumonia, at the home of Mrs. Welton with whom he boarded. Harry was a steady and industrious boy, and had been with the Empire Wood Company ever since it started. The remains were taken to his home in Williamsport.

Mrs. Henry Snyder died at her home in this place on Dec. 26th, aged 72 years. She had been in feeble health for some time, and while her death was not wholly unexpected, it came as a shock to her family, as well as her friends and neighbors by whom she was held in the highest esteem.

Christmas was a very quiet day here this year, and really seemed that something was wrong, with no shooting match and no one drunk. The old citizens must have felt very lonesome and homesick, but it is very gratifying to note that the closing of the century witnessed the observance of one Christmas day in a manner becoming a civilized people.
