MARO A MOST VERSATILE MAN.

OPERA HOUSE, EMPORIUM, PA., FRIDAY EVENING, MARCH 29.

Magician, Musician, Artist and Shadowgraphist.

A most conspicuous example of versatility is Maro the magician, musician, artist and shadowgraphist.

He relies less than any other wizard on complicated mechanical illusions, presenting a programme in which dexterity is the feature that particularly appeals to his audience.

But Maro is more than a magician, he is a musician, a veritable virtuoso on innumerable instruments so that he is able to introduce in his entertainment a musical program of delightful variety, appealing to everyone who loves the magical influence of harmony.

And more than this he is an artist of marked ability and the pictures drawn by him on the stage are executed with marvelous precision, rapidity, dash and finish.

And again, last but not least, Maro is probably the greatest exponent of the art of shadowgraphy now before the public in which he produces life like silhouettes with his two wonderful naked hands.

After an evening with Maro one is unable to determine whether the versatile artist is most enjoyable as a magician, musician, artist or shadowgraphist for he is simply great in each of his four roles.

The Chinese Minister Wu Ling, passed through Emporium last Saturday morning, at 4:10, on his way to Buffalo.

Rev. J. M. Robertson, of Emporium, was at St. Joseph's Episcopal Church Monday evening and gave a lecture entitled "Rights and Wrongs of Children," to a goodly number of our citizens. This series of lectures have been of much interest and the hope is expressed that they will be continued.—Port Allegany Reporter.

Oren Cortright was in town last Friday and expressed himself as more than delighted with the inaugural he witnessed the 4th inst. He was one of the Guard of Honor, a veteran escort to President McKinley, led by General Sickness in the procession up Pennsylvania avenue. This was a merited honor to a veteran who survived eleven months of Andersonville horrors, and an honor to Potter county, that sent some of the bravest soldiers down to Dixie. McKinley did right in selecting the old war veterans for his escort and none had earned his laurels more than Mr. Cortright.—Potter Journal.

County Treasurer Cortright served in the war of the rebellion under Capt. J. C. Johnson and was a brave fighter.

Full participating stock with 5 per cent. cash dividends if desired, at payments of 25 cents to \$2.00 per month. Loans are made on a simple and definite plan; payments per \$100.00 shares range from \$10.00 per month to \$27.50, time from 41 to 183 months. Correspondence is desired from borrowers, investors, attorneys and persons desiring an agency. Literature on request.

Question Answered. Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to cleanse out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when they were feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. L. Taggart. Get Green's Prize Almanac. In 34-cow

Glad of it.

The Emporium Lumber Co. is building some very substantial tenement houses which makes it look as though their mills were a permanent industry at Forest House.—Condemner Democrat.

The Republicans who supported the Emery ticket last fall were ejected from the Tidioute primaries last Saturday, when the vote was taken to nominate county officers. The stalwarts, led by ex-Sheriff Fuelhart, ejected them and their furniture.

Letter to Emporium Milling Co., Emporium, Pa. Dear Sirs—You understand grinding wheat, buckwheat, rye, oats and corn. We understand grinding white-lead and white zinc. The two sorts of grinding are not much alike. Very likely oats and wheat behave very differently in the mill, and you manage them differently—we know very little about your work; don't need to; we'd rather depend on you. But we paint your house and mill and out-buildings; perhaps you'd be glad to know about grinding paint; for some people mix their paint with a stick in a tub. We use lead and zinc—nothing else. And our zinc is as tough as your oats. Tub mixers imagine they mix it. They don't; they can't. Takes grinding to mix lead and zinc. They are both white. Tub-mixers don't know it; but tub-mixed lead and zinc is a streak of one alongside of a streak of the other. We grind as you grind; and our paint is lead and zinc ground together, mixed intimately; it is neither lead nor zinc, but lead and zinc; the lead is lost, and the zinc is lost; each lost in the other; both lost in the mixture. Lead chalks and zinc peels; lead and zinc ground together hang on and protect each other. We take care of your mill outside; you take care of it inside.

Yours truly,

F. W. DEVOE & CO.
