#### MARO A MOST VERSATILE MAN,

OPERA HOUSE, EMPORIUM, PA., FRIDAY EVENING, MARCH 29.

Magician, Musician, Artist and Shadowgraphist.

A most conspicuous example of ver-sitility is Maro the magician, musician, artist and shadowgraphist. Maro's magic is refined, original and strictly modern.

He relies less than any other wizard

on complicated mechanical illusions, presenting a programme in which dexterity is the feature that particularly appeals to his audience. His slight of hand experiments are presented with an elegant ease that is captivating. But Maro is more than a magician, he is a musician, a vertiable virtuoso on innumerable instruments so that he is able to introduce in his entertainment a musical program of delightful variety, appealing to everyone who loves the magical influence of harmony.

And more than this he is an artist of marked ability and the pictures drawn by him on the stage are executed with marvelous precision, rapidity, dash

and finish.

And again, last but not least, Maro is probably the greatest exponent of the art of shadowgraphy now before the public in which he produces life like silhouettes with his two wonderful naked hands.

After an evening with Maro one is unable to determine whether the versatile artist is most enjoyable as a magician, musician, artist or shadowgraphist for he is simply great in each of his four roles. of his four roles.

#### Judge Smith Failing.

Ex-Judge Samuel Smith, of Sterling Run, who has been in failing health for some time is rapidly failing and his death may be expected at any hour. John E. Smith, his son, was in town yesterday, attending a Bank meeting and informed the PRESS of these facts. Judge Smith is in his 77th year.

Rumors are afloat that the Dents Run Coal company has sold its entire coal territory to the Goodyear company, who own and operate the Buffalo and Susquehanna railroad. It is expected that they will extend their road from Sinnamahoning along Bennetts Branch to Dents Run and from there through the coal field.—Coudersport Enterprise.

**Every Emporium Industry Running** 

Full Time. Last Monday was ushered in to the pleasure of every well wisher of Emporium. The shrill and powerful whistles of the Emporium Irom Company, Elk Tanning Company, C. B. Howard Company, Mankey Manufac-turing Company, Climax Powder Company, Emporium Milling Company, Emporium Machine Company and the Keystone Powder Company, in addition to a number of smaller industries, meant more than pen can describe. The pleasant sound of the steam monsters seemed to speak to the people. Those of our people who are early risers could have seen the wage earners depart from their homes by the hundreds, each bearing the "full dinner pail." Yes, every laboring man in Emporium that desires labor can secure it. During the past few years many of our mechanics left for larger cities and towns, where they secured labor, but now they are almost daily returning to their first love-Emporium. A gentle-

man informed us last evening that he had a pile of letters a foot high from tormer employees desiring to return. Other manufacturing industries are forthcoming and already plans are made for the erection of two saw and shingle mills on North Creek that will give employment to a large force of

laborers. Emporium is on top and with our unexcelled railroad facilities should, and will, make more rapid advances. Let one and all of our citizens awake to the situation and work as we never have for the upbuilding of Emporium and Cameron county, for what aids Emporium helps the entire county. Encourage manufacturing. Invest your money at home. Move onward.
