Letter to T. B. Lloyd.

Emporium, Pa.

Dear Sir: Mr. H. H. Stevenson, Cashier of Oil City (Pa.) Savings Bank writes: "Nine years ago I painted my house with your paint. It wore so well I want to use it again."

That's nothing wonderful except for the fact that the soft coal region of Pennsylvania is pretty hard on paint with its oil, smoke and grime. All we see in it is that Devoe is good for nine years sometimes. There are thousands of people that know it, and millions that don't.

There's the rub! We print for the millions; we want to make paint for the millions.

Mr. Cashier, do you know that Devoe lead and zinc is worth twice as much as old-fashioned painter's paint, lead and oil, and costs no more? Is 100 per cent a fair profit in your business?

Three-quarters of the people paint lead and oil mixed by hand; while the U. S. Government use lead, zinc and oil ground together by machinery—same proportions as Devoe lead and zinc. The majority never is right about anything.

Yours truly,
F. W. DEVOE & Co.

Does it Pay to Buy Cheap.

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try ONE bottle. Recommended many years by all druggists in the world. Sold by L. Taggart. Get Green's Prize Almanac. 2n34eow
