> Yes, August Flower still has the larg-est sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart fail-ure, etc. They used August Flower to cleans out the system and stop fermentation of undigested food, regulate the ac-tion of the liver, stimulate the nervous and organic action of the system, and that is all they took when they were feeling dull and bad with headaches and other aches. ALFRED SPEER,

THE ORIGINAL Port Grape Wine Producer in America. The first native wine sold and used in San Francisco and Sacramento was from Speer's Passaic, N. J., vineyards, was shipped around Cape Horn before there was any railroad to California, and are now being used by physi-cians and first families there as the richest and best wine to be had

The juice of the Portugal Port Wine grape grown in N. J. is thick and rich same as the juice of pears and other fruits grown here. From California pears you can squeeze water as from a sponge; so with all fruits grown in California; while those grown in New Jersey are solid in substance-less juice but thick and richer. The New Jersey apples, for instance, make a cider that was always popular the world over. If you want a wine for sickness or for entertainments don't take cheap, watery wines but choose a first class old, full bodied, high grade wine from Speer's Passaic vine-yards. Sold by Druggists.
