

BRIGHT INDIAN GIRL.

Romantic History Which Has Made Wah-ta-Waso an Accomplished Young Lady.

Wah-ta-Waso will soon enter Harvard university. She is a full-blooded daughter of the Pannawabskik Indian tribe of Maine.

There is a romantic history back of the movement to send Bright Eyes to the Harvard annex.

About the time of the French and Indian war some of the Pannawabskiks, who had wandered from Maine to the St. Lawrence, joined the Indians under the French and made a raid into English territory.

"I like you. Make you my son. You good fighter."

Chamberlain was accordingly treated as a prisoner and was taken to the Indian village of St. Francis, on the St. Lawrence river.

The Penobscot Indians in time returned to Maine and settled on the island in the Penobscot river, which is still their home.

WAH-TA-WASO, "BRIGHT EYES."

was descended from the Indian who had taken his ancestor captive at Ticonderoga, and he took it upon himself to give her an opportunity to gain an excellent education.

Bright Eyes is an accomplished young woman, for she sings well and plays the piano.

"I believe I am the only real American here, and if anyone in the company has reason to complain of the immigration of Europeans I am that one."

used to give the Indians. Fortunately, my people are happy though poor, but it comes with poor grace that the Americans of to-day should complain of the incursions of more poor immigrants from across the sea.

Wah-ta-Waso spoke in this strain at some length, and the audience was surprised by her self-possession, her fluency and her command of English.

CHILD'S HAND ON TREE.

Strange Freak of Nature Found in an Old Virginia Graveyard and Carefully Preserved.

One of the most curious freaks of nature discovered 18 years ago in an old graveyard near Ashland, Va., is now preserved as a much-treasured relic.

THE HAND ON THE TREE.

noticed that, raised in the bark of an ancient apple tree, was the exquisitely modeled hand of a child.

With the exception of the carving at the ends of the fingers and the little notches at the knuckles, the accompanying cut shows the growth exactly as it was taken from the tree.

The little notch shown in the cut to the side of the hand was a point where the thumb extended, but in taking the bark off the growth, this was accidentally cut off.

Rumor has it that a little child was once buried here, and that not long after the interment an apple tree sprang up.

Superstitious people think there is some connection between the growth of this hand on the apple tree and the life of the child buried alongside of it.

To Clean Soiled Millinery.

Americans in Venice.

Two American women in Venice spent their first evening loafing around the lagoons in a gondola—it being moonlight, of course, and all the rest of the sentimental, charming things it is always in Venice.

"Here comes a gondola," stage whispered one American to the other, "that probably contains a pair of lovers. See how absorbed those two dim figures evidently are in each other; the gondolier, other gondoliers, the witchery of the moonlight and the place—to all of it they are oblivious. Oh, what a spot for sentiment; the air is full of it!"

And as the two gondolas glided past each other the Americans heard the unmistakable accents of a fellow countryman: "I'll see your three and raise you five."—Philadelphia Record.

Bunceed.

Mr. Smithers ran over the bills which had come from the dry goods man, the milliner and the dressmaker during the month and by means of pencil and paper deducted the whole amount from his monthly salary.

SPRING CATARRH MAKES PEOPLE WEAK AND NERVOUS.

MISS ANNA BRYAN, OF WASHINGTON, D. C.

Miss Anna Bryan, a favorite cousin of William Jennings Bryan, is well known socially in Washington, D. C., where she has a host of friends.

1459 Florida Avenue, N. W., Washington, D. C.

The Peruna Medicine Co., Columbus, O.:

Gentlemen—At the solicitation of a friend I began some weeks ago to take your Peruna and I now feel like a new person. I take pleasure in recommending it to all who want a good tonic and a permanent cure for catarrh."—Anna Bryan.

MRS. BERTHA KOCKLER, 177 Guinnet street, Brooklyn, N. Y., writes:

"Peruna and Manalin have done me very great service, and I recommend them with pleasure to all who suffer with nervous catarrh of the stomach as I did. Should such a disease ever attack me again I shall immediately take Peruna. I now feel very well and have a good appetite all the time. I have

gained in weight. I recommended Peruna to an acquaintance of ours and he is making remarkable progress. I looked so badly for a time before I began your medicine, that now when I meet some of my friends they say: 'I was very much worried about you, but now you are looking so well.' I shall always keep Peruna and Manalin in the house as family medicines."—Mrs. Bertha Kockler.

Thousands of Fair Women Are Never Without Per-na The National Catarrh Remedy,

Miss Marie Coats, President of the Appleton Young Ladies' Club, writes the following concerning Peruna: Appleton, Wis.

The Peruna Medicine Co., Columbus, O.:

Gentlemen—"I find Peruna an excellent spring and summer medicine and am glad to call the attention of my friends to it. When that languid, tired feeling comes over you, and your food no longer tastes good, and small annoyances irritate you, Peruna will make you feel like another person inside of a week. I have now used it for three seasons and find it very reliable and efficacious."—Marie Coats.

Miss Marie Coats.

Mrs. Al. Wetzel, 21 South 17th street, Terre Haute, Ind., writes:

"Peruna is the greatest medicine on earth. I feel well and that tired feeling is all gone. When I began to take your medicine I could not smell nor hear a church bell ring. Now I can smell and hear. When I began your treatment my head was terrible, all sorts of buzzing, chirping and loud noises. Three months ago I dragged around like a snail; now I can walk as briskly as ever. I am going to go and see the doctor that said I was not long for this world, and tell him that Peruna cured me."—Mrs. Al. Wetzel.

If all the tired women and all the nervous women, and all the women that needed a tonic would read and heed the words of these three fair ladies who have spoken right to the point, how many invalids would be prevented and how many wretched lives be made happy.

Peruna restores health in a normal way. Peruna puts right all the mucous membranes of the body, and in this way restores the functions of every organ.

If it is the stomach that is out of order, and the digestion impaired, Peruna quickly makes things right by restoring the mucous membrane of the stomach.

If the nerves tingle, if the brain is tired, if the strength is flagging and the circulation of blood weakened by flabby mucous membranes of the digestive organs, Peruna reaches the spot at once by giving to these membranes the vitality and activity which belongs to them.

The pelvic organs are also lined with mucous membrane which in the female sex is especially liable to derangements. Peruna is an absolute specific in these cases. The women everywhere are praising it. No other remedy has ever received such unqualified praise from such a multitude of women.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
