Lightning Plays Peculiar Pranks.

A correspondent writes from Coudersport to Williamsport Bulletin, as follows: During the thunder storm at Coudersport, a particularly sharp, nearby thunder report caused many people about town to shudder. The lightning evidently struck the earth near the vicinity of West and Sixth streets, as several residents in that neighborhood experienced quite acute shocks. At the residence of R. L. Nichols, the electric wires were damaged and the covers of the kitchen stove were raised from the stove. Mrs. F. J. Andrews received quite a shock, rendering her nearly unconscious and quite perceptibly affected her eyesight for a short time. F. J. Andrews saw what appeared to be a ball of fire running along the fence at the rear of his residence. At the same time of the stroke F. L. Andrews saw in a room of his residence flashes resembling sheets of fire. His family also were victims of the lightning's pranks, and several families in the neighborhood were badly frightened.

DEATH'S DOINGS.

MANTANIA.

Mrs. Sarah T. Mantania, an aged lady, died this morning at 11 o'clock at the residence of her sister, Mrs. James B. Weiser, 208 East Market street, after a somewhat protracted illness, aged about 81 years. Mrs. Mantania was a native of Columbia, her maiden name being Myers. She was in many respects a remarkable woman, preserving her faculties to the last. She was an accomplished pianist and good singer, and in her younger days at social functions was often called upon to entertain the company, which she could well do. Even up to a brief period she had not lost her proficiency in the musical line. The remains will be taken to Columbia for interment in the family burial place at Mt. Bethel cemetery—York Dispatch, July 16. Mrs. Mantania, who formerly resided in Emporium, had many friends here, who will be pained to learn of her death.

BRIEF MENTION.

Come to the "Fair" at the Lloyd rooms and buy something pretty. Two murder cases are scheduled to be tried in Coudersport at the September term. A beautiful new line of Gents' latest styled hats just received at Jasper Harris'. Call and see them. The "Juniors" will have all lines of fancy work, handkerchiefs, etc., for sale at the Lloyd rooms on the 31st. Two hundred and fifty prisoners in the Western penitentiary will, it is expected, be released in August, their terms having expired under the provisions of the new commutation law. The acme of summer enjoyment to the average boy and girl is to be one of a picnic party coming home at night in a flag-decorated wagon and singing "The Star-Spangled Banner."—Ex. The tenth missionary meeting will be held in the Wesleyan Mission Hall, Tuesday, July 30 at half past seven. We extend a welcome to all MYRTLE NEWTON, President. The following bill having been approved by Governor Stone is now a law: "That no person or persons shall sell tobacco in any form to any person under the age of 19 years; that no person or persons shall by purchase, gift or other means furnish tobacco in any form to a person under 16 years. Any person violating the provisions of this act shall be guilty of a misdemeanor and upon conviction shall be sentenced to pay a fine not exceeding one hundred dollars, or to undergo confinement in the county jail for a period not exceeding thirty days, or both, as the court may determine."

Jos. DeLong, who has been rusticated at the Warner House for several months past, came into our sanctum last Friday, much elated over the large catch of black bass made by Peter Shoup and recorded in our last issue. He said he would chaperon a party on Saturday, and after securing the rod from the lucky fisherman named above, proceeded to the waters of the Sinnamahoning. After spending the day he returned about mid-night, very tired. DeLong lost the rest of his party after they were a short time out and was not quite as successful as the others. He caught no fish but managed to get wet.

While it is the most familiar sight in continental European countries, says the Philadelphia Times, to see women working in the fields very often performing the most laborious and menial tasks, there is very little of that sort of thing in America. In some out-of-the-way place a Pennsylvania Dutch farmer may get his wife and daughters to work in the hay field or the potato patch, but they are not fond of these employments. There is such scarcity of farm help this year, however, that in many parts of the State the women have had to turn out to save the crops. It is the common complaint everywhere that the unusual industrial activity prevailing in towns and cities have almost completely drained the country of farm labor.

All are earnestly urged to patronize the "Juniors" at the "Fair" next Wednesday.

Letter to U. A. Palmer.

Emporium, Pa. Dear Sir: There was a time when it paid a painter to paint lead and oil, and fight shy of anything else. That was when the market was full of poor paints, and zinc was unknown. Now zinc has come in, lead and oil must give way—it is too short lived. There are two ways to use zinc; you can mix it in with lead in a tub, or buy Devco lead and zinc, which is ground together by machinery. If you mix your own lead and zinc, you gain nothing; if you buy Devco you gain more, because machinery does better work than hand mixing. Experience is worth something. We've had 146 years of it. Yours truly, F. W. DEVCO & Co.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for dyspepsia that I have come in contact with and I have used many other preparations. John Beam, West Middlesex, Pa. No preparation equals Kodol Dyspepsia Cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. R. C. Dodson. 43
