excellent of any in town.

The large audience that gathered in the Methodist Episcopal church Sunday evening was given a genuine musi-cal treat. Mrs. Gertrude Walker Egbert who has been pursuing her vocal studies at Paris rendered two solos in a manner that completely captivated her auditors, the violin obligatos were rendered by her sister Miss Grace Walker, with Miss Anna Metzger presiding at the organ in her usual admirable manner.

The Emporium base ball team played two very interesting games with the Port Allegany nine at this place last Friday. The morning game stood 7 to 7 after playing eleven innings and as it was late, they decided to let it stand that way and prepare for the afternoon struggle. This game was an exciting exhibition of ball playing, as the score up to the seventh inning was 1 to 1, when Emporium succeeded in bunching their hits and scored three runs. This game at end of ninth inning being 5 to 2. Stout and Freil were the battery for the home team at the morning game, and Overturf and Mumford presided in the afternoon. The boys all played good ball and deserve substantial encouragement.

Letter to A. Brady. Emporium, Pa. Dear Sir: If you want your paint to last as long as that of other house-owners in your town is going to last, you should use lead and zinc. You can mix your own, or buy Devoe, as you like. The result will not be the same, however. Devoe lead and zinc is ground in oil and thoroughly mixed. Machinery does it. Hand-work, either in cost or thoroughness. Mixing by hand is imperfect mixing; and zinc is pecularly hard to mix; wants grind-ing.

Lead and oil is honest paint; but less Lead and oil is nonest paint; but less durable. Lead is tender and zine is tough. The proper mixture ground together is better than either alone. French painters use zine alone; but American painters think it is too hard, and mix it with lead. Yours truly.

Yours truly, F. W. DEVOE & Co.
