President McKinley and Party Will Pass Through Emporium.

President McKinley and members of his cabinet and judges of the supreme court will pass through Emporium next week. Sept. 5th will be President's Day at the Pan-Am and the party will go through this place the night before by special train. This will no doubt give the people an opportunity to see the distinguished gentleman and his able cabinet.

As the time for the train leaving Washington has not yet been announced, it is not known what time they will arrive.

Pic-Nic.

The Presbyterian Sunday School will hold its annual picnic on Friday of this week in the grove south of the Borough. All members and patrons of the school or church and their friends are cordially invited to this picnic. All baskets left at the old hardware store of Walker, Howard & Co., by ten o'clock will be delivered on the ground. All baskets should bear the owners tag. In case of rain the dinner will be served in above name store room. The pilgrimage to the grove will begin at nine o'clock. Cross the bridge at foot of Broad street and keep going till you get there.

Convention Notes.

The following are extracts from neighboring papers in speaking of the firemen's convention held at this place:

The banquet to delegates was very highly spoken of, the ladies of the Episcopal church having it in charge.—Kane Leader.

A pleasant social feature of the convention was a banquet served in the opera house by the ladies of the Emmanuel church.—Elk Democrat.

The Emporium firemen and people generally did their best to entertain the visitors and they succeeded far beyond the expectations of all.—McKean Miner.

This was as nearly a temperance affair as a firemen's convention well could be. No intoxicating beverage were served at the banquets and no free beer was served any place. Let St. Marys follow the good example next year.—Ridgway Advocate.

A vote of thanks was extended to Emporium by the assembled delegates and members for the cordial welcome which had been accorded them. The convention then adjourned to participate of the annual banquet. Those present report that this feature of the entertainment was a brilliant affair and reflects everlasting credit upon the hospitality of Emporium. Nothing seemed too good for the visiting firemen and no sacrifice appeared too great when their pleasure or comfort was in consideration.—St. Marys Gazette.

Star Hose Company is home from the convention and is united to a man in praising the reception that was tendered them at Emporium last week by the organization there as well as by the Emporium people in general. In this estimate the company is joined by the band boys who were present. Both organizations will watch out for an opportunity to reciprocate. But for the inclement weather the Emporium convention would have been the most successful since the organization was formed. As it is, the satisfaction is very general.—Port Allegany Reporter.

Public Schools to Open.

The public schools of Emporium will open Monday, Sept. 2nd, for the winter session. It is hoped that all pupils, both of the grades and high school, will be able to start the first day in order that they may not fall behind their classes.

The board of education has spared no pains in having the school rooms both comfortable and beautiful. The Progress school building has been painted and both buildings have been carefully cleaned and set in order for opening of school.

In purchasing books and supplies our school board has been exceedingly liberal and all pupils will be provided with all the appliances for obtaining an education.

The schools, from the primary to the high school, will follow a carefully arranged course of study, which will be of very great value to the teacher and the pupil. With the year's work carefully planned and the books so abundantly furnished for carrying out this plan the work of the coming year should be very good.

But parents and pupils should remember one thing, i. e. the business of the pupils for the next eight months is to attend school and give their time entirely to school duties. A pupil can no more succeed in school life by being absent or tardy part of the time than a man can succeed in any ordinary business in life by being absent from his place of business or neglectful of the duties pertaining to that business. Pupils should be at school every day and all day if they are to accomplish the best results.

Fight With Strikers.

FARMER, Ky., Aug. 23.—(Spl.)—During the strike at Buckwalter's sawmill about 40 strikers attempted to force the planing mill to shut down. They were prevented by Bert Buckwalter. In the fight Buckwalter was knocked down and handled roughly, but succeeded in preventing the shutting down. Later the strikers secured reinforcements and arms, and, to the number of 40 men, made a second attempt to shut the mill down. The strikers were again thwarted by Mr. Buckwalter arming himself and coming to the assistance of his son. Indications are now that the differences will be amicably adjusted. The above article refers to our former townsman J. R. Buckwalter and son Bert.

Look out for Them.

Tramps have been operating in the Western part of the State in which a some of the gang have sores on their arms which they use as bait to arouse the sympathy of residents. They tell a hard-luck story about being employes in the big steel mills and, becoming unable to work, were laid off and now are trying to secure money enough to pay their way to their sister's home in Philadelphia. An effort will be made to secure the offenders and those who are paid a visit will do well to immediately notify the police.—Ex.

Enjoyed a Short Vacation.

E. J. Cotter and John Williams released from jail this week are again occupying quarters in fort Swope, the former for attempting to tap the Warner House till; the latter for fighting. The attempt at robbery of Cotter was audacious. With four detectives on the hotel porch and several others on the premises, the night clerk showing a guest to his room, he made the dive, but was detected and lodged in jail. The case will be pressed.

The Emmanuel Church Corner Stone Service.

The corner stone of the new Emmanuel church will be laid on next Wednesday, September 4th, at 4 p. m., by the Rt. Reverend Cortland Whitehead, S. T. D., Bishop of the diocese. Archdeacon Cole and a number of the other clergy have also signified their intentions to be present.

A Big Day's Cutting.

Seven men making a cutting crew in the hemlock woods on Medix Run in one day recently cut, peeled and sawed over 25,000 feet of hemlock. At prevailing prices per thousand this would have made wages for the men \$5 each. It is thought to be the highest mark of one day's cutting by a crew.

Fruit Prospect Poor.

The fruit prospect is said to be not any good in this state, and to be even poorer in the West. New England will have some apples to spare, and Connecticut will supply all New England's peaches. Pears will not be abundant anywhere, but what there are will be of extra size and quality. Of plums there seems to be an abundance. In this state, it is said, in the apple growing counties a short crop is looked for, and in some localities it is an almost total failure.—Ex.

Mystery Cleared Up.

It is now learned on good authority that the party who was found dead at Warner House, last Wednesday afternoon, registered under an assumed name and that his real name was Chas. F. Dunham, of Bolivar, N. Y.

It is also generally believed that he committed suicide, a very probable motive for such act being that Dunham, had three days previous to his death, been guilty of passing worthless checks on a Mr. Hickok, a hardware merchant of Ceres, N. Y., and who immediately upon learning of the fraud practiced upon him had caused a warrant to be issued for Dunham's arrest.

Knight Templar Train Wrecked.

By word received from one of the delegation of Masons who left here last Sunday, for Louisville, Ky., they must have had a very exciting time. Following is an account of their experience: "The train conveying the Knight Templars to the conclave, wrecked near Baileys Mills, Ohio, on the B. & O. railroad, about mid-night Sunday. The engineer was so badly injured that he died on the way to the hospital. The fireman was also badly hurt and may die. None of the passengers were seriously injured although one man was thrown through a window. The engine, baggage car and one sleeper was wrecked. The accident was caused by running over two horses. The engine being a complete wreck. Traffic was delayed several hours."

Criminal Court Proceedings.

Criminal court convened at half past one o'clock, Monday afternoon. Hon. H. M. McClure, P. J., 17th Judicial district presiding in the absence of Hon. C. A. Mayer, who is enjoying a European tour. A large criminal list was disposed of in the two days sitting and now the population of Fort Swope is much reduced in numbers.

Attorneys Eugene Mullen, of Bradford, Pa., and E. J. Jones of St. Marys, Pa., were among the out of town attorneys present.

A commission consisting of Dr. S. S. Smith, C. W. Shaffer Esq., and Don M. Larrabee was appointed to inquire into the sanity of Frank Burnell.

Judge Walker adds dignity and ripe experience to the bench and should be continued there.

On his first official visit to our county seat, Judge McClure of Union county made, a very favorable impression on our people by the prompt and dignified manner in which he disposed of the list and meted out justice.

Court adjourned Tuesday evening.

WEATHER REPORT.

(Forecast by T. B. Lloyd.)

FRIDAY, Fair.
SATURDAY, Probably fair.
SUNDAY, Showers.

BRIEF MENTION.

Try one of landlord Manetto's fried pine knots. They are very popular.

The Maccabee picnic at Sizerville last Thursday was largely attended and pronounced a decided success.

The question of the municipal ownership of the water plant, at Coudersport, was decided last week by the surprisingly small majority of one.

A little boy was asked the other day if he knew where the wicked finally go to. He answered, "They practice law here for a spell and then go the legislature."—Ex.

Owing to the trouble between the Glass Co., and the Gas Co., our neighbors at Port Allegany are much alarmed for fear they may lose their glass plant.

The Free Methodists held a meeting on the creek banks south of town on Sunday last, and five candidates were baptized by being immersed in the waters of the Sinnamahoning.

The many friends of Mr. and Mrs. Fred Dinney, of Kane will be pained to learn of the death of their six year old son, the sad event occurring during a visit with relatives in Tioga county.

While engaged in pushing some cars upon the trestle at the Emporium furnace last week, four cars broke loose just as the engine reached the level at the top of the grade and the momentum received was sufficient to send the cars with much force against the bumper at the end of the track and one of the cars plunged headlong off the trestle. Fortunately no one was injured, although conductor McDonough was obliged to take short siding for safety.

A recipe for the drink habit is to eat tomatoes sprinkled with salt consuming as much as possible. Let the eating of tomatoes and salt be continued for several days and the tomato eater will find liquor offensive, ungrateful to the stomach so much that it will be thrown up. This is the cheapest gold cure ever heard of and it is very effectual, says an exchange.

Yea, verily, girls who are pretty are of few days and full of mischief, and the man who is deceived by their cunning is indeed a fool. When the fair one cheweth gum and hastily stampeth her No. 3's then beware. She cometh forth in the evening in a low necked and short sleeved dress but in the morning she lieth and slumbereth while her mother hustleth.—Ex.

A Lewistown girl named Jessie was sent to a famous eastern school and after a year's time wrote to her dad signing "Jessica." In reply the old man wrote: "Dear Jessica; Your welcome letter received. Mamma and papica are well. Aunt Maryica and Georgia started for California yesterday. I have bought a new horsica. It is a beautica. Its name is Monica. Your brother Tomica is doing finely, and the hired girl is a peachica."—Ex.

The annual reunion of the Bucktails will be held at Gettysburg on Thursday, Friday and Saturday, Oct. 10, 11 and 12. The headquarters of the association will be at the Battlefield Hotel. Arrangements have been made with all railroads for half-fare rates to Gettysburg during the reunion. The Union Veteran Legion will hold their reunion at Gettysburg at the same time, and a big time is assured.

Where Editors are Scarce.

The Mirror, a weekly journal published in the Minnesota Penitentiary, in a recent issue makes the following heartrending wail:

"Why is it that from the first inception of our paper to the present time we have never had an editor to sojourn in our midst? Other professions are well represented. Preachers we have had enough to furnish subsistence to an African chief for a year; doctors in sufficient number to depopulate a State, and enough lawyers to establish a good sized colony in Hades. But editors—not one."

Commenting on this statement a friend of our elbow observes that he "always thought there ought to be more editors in the penitentiaries."—Ex.
