**A YOUNG LADY'S LIFE SAVED.**

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by L. Taggart.

In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by L. Taggart.

The Ladies Home Journal for September is the "Special Autumn Fashion Number" of that excellent magazine. In addition to an unusual number of interesting stories and striking features, it devotes seven pages to a complete setting forth of the styles-to-be in dresses, bodices, hats and wraps. The most important literary feature, perhaps, is the initial installment of "Miss Alcott's Letters to Her 'Laurie'"—letters which have never before been printed. They are edited by "Laurie" himself—now grown up. There is a delightful description of a day in the woods with Ernest Seton-Thompson, and a jolly recital of "The College Scraps We Got Into," by "A Graduate." The fourth part of Miss Tompkins's "Alleen" brings that charming story near to its close, and Mr. Bok discusses the need for parental cooperation in education in his editorial on "The School Question Again." Three articles about "Cats That Draw Salaries," "Famous People as We Do Not Know Them, and "How a Village Changed its Name" combine to make an exceptional page, and a double page is devoted to photographs of "The Handsomest Laces in America." The New Wedding Stationery" is shown, also some of the photographs which won prizes in The Journal's recent rural contest. In addition to the regular department there are valuable articles on "A Cleverly Planned Nursery," "Plants Which Can be Raised in the House," and plans for an ideal \$7000 house. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

**Good Tailoring**  
 AT SMALL PRICES.

COME to my place, pick out your cloth, let me measure you, and have your clothes made by one of the greatest tailoring establishments in the world.

It will cost less than the same suit made by an ordinary tailor, almost as little as ready-made clothes; and you will have perfect fit, good cloth, good making and right style.

Messrs. Wanamaker & Brown, of Philadelphia, do the work. They have been doing it for forty years. They have a big business in Philadelphia and have branches in over a thousand cities in the United States.

They buy cloth by hundreds of thousands of yards, keep about a hundred men busy cutting into suits, hundreds more tailoring it and sewing it; one man, who does nothing but buy cloth and linings and buttons; another, who designs the styles he knows all about what London is doing—also what I'm telling him about your wants; another, who keeps the big army of tailors doing their work right.

It is one great big perfect-working machine; and yet the work it does for you is as individual as if you were their only customer.

The Fall and Winter Cloths are ready now, and they are beautiful.

Any tailor can show you beautiful clothes, but I am talking of beauty that is more than skin deep. It is in the way these clothes are treated, how the clothes fit, how they wear.

Messrs. Wanamaker & Brown authorize me to give you perfect satisfaction, whatever it costs.
