Good Tailoring

AT SMALL PRICES.

COME to my place, pick out your cloth, let me measure you, and have your clothes made by one of the greatest tailoring establishments in the world.

have your clothes made by one of the greatest tailoring establishments in the world.

It will cost less than the same suit made by an ordinary tailor, almost as little as ready-made clothes cost; and you will have perfect fit, good cloth, good making and right style.

Messrs. Wanamaker & Brown, of Philadelphia, do the work. They have a big business in Philadelphia and have branches in over a thousand cities in the United States.

They buy cloth by hundreds of thousands of yards, keep about a hundred men busy cutting into suits, hundreds more tailoring it and sewing it; one man, who does nothing but buy cloth and linings and buttons; another, who designs the styles (he knows all about what London is doing—also what I'm telling him about your wants); another, who keeps the big army of tailors doing their work right.

It is one great big perfect-working machine; and yet the work it does for you is as individual as if you were their only customers.

The Fall and Winter Cloths are ready now, and they are beautiful.

Any tailor can show you beautiful cloths; but I am talking of beauty that is more than skin deep. It is in the way these cloths are treated, how the clothes fit, how they wear.
