THE CHICAGO, MILWAUKEE & ST. PAUL RY.

Many people unacquainted with the geography of the West imagine that because the names "Chicago, Milwaukee and St. Paul" are used in the corporate title of the railway owning the Short Line between Chicago and Omaha, they must go via the cities of Milwaukee St. Paul to reach their destination—and if it be Omaha or west thereof. This is a mistaken idea. On a map the line running directly east and west would look like this:

Chicago—Omaha—Chicago. There is nothing more simple than that, and it is less than 500 miles between Chicago and Omaha. Two through trains daily in each direction with the best Sleeping Car and Dining Car Service, and all regular travelers know and appreciate the merits of the Chicago, Milwaukee & St. Paul Railway's Short Line between the East and the West.
