ADVERTISING RATES.

Advertisements published at the rate of one dollar per square for one insertion and fifty cents per square for each subsequent insertion. Rates by the year or for six or three months are low and uniform, and will be furnished on application.

Legal and Official Advertising per square, three times or less, \$2 00; each subsequent insertion 50 cents per square. Local notices cents per line for one insertion, five cents per line for each subsequent consecutive insertion.

Obituary notices over five lines, ten cents per line. Simple announcements of births, marriages and deaths will be inserted free. Business Cards, five lines or less, \$5.00 per year over five lines, at the regular rates of advertising. No local inserted for less than 75 cents per issue.

JOBS PRINTING.
The Job department of the Press is complete, and affords facilities for doing the best class of work. PARTICULAR ATTENTION PAID TO LAW PRINTING.

No paper will be discontinued until arrearages are paid, except at the option of the publisher. Papers sent out of the county must be paid for in advance.

EDITORIAL MENTION.

New Yorkers will have one good reason for Thanksgiving this year, at all events.

Despite the cold snap, there are a few energetic flies still doing business around our office.

Americans used nearly 17,000,000 pounds of snuff last year. Evidently they are up to it.

The doctors assert that King Edward is not sick at all, although his condition is somewhat precarious.

General Botha's capture of 6,000 British horses is a good thing for the American breeder.

Now that the elections here are over the revolution in South America has permission to resume.

The esteemed Commoner hasn't told us what it thinks of the Henry Watterson Presidential boom.

Good-Bye, Croker. You will have to return to Wantage again. No Gettago for you on this side just now.

China is getting quite civilized; an attempt has been made over there to assassinate the Empress Dowager.

Spain has adopted a law stopping the free coinage of silver. Can this be another case of the "crime of '73"?

We suppose it won't take Mr. Croker long to wind up his investment matters over here and get ready to return across the water to his home.

After all, perhaps the Boers do not really object to the British getting horses over here. They have just captured or killed some 6,000 of them.

If Mr. Bryan doesn't soon go over Niagara in a barrel or have his diamonds stolen, the chances are that he will be forgotten altogether.

Bourke Cochran says he wasn't thrown by that horse, he jumped off. Similar results, however, have several times followed Mr. Cochran's light hearted endeavors to change politics.

For years, there has not been so little apprehension in regard to the assembling of Congress. The Republican party has proved that it can govern without endangering the prosperity of the country.

Mr. Cleveland has voted the Democratic ticket for the first time in six years. However, he cannot be said to have rejoined the Democratic party because there is really no such thing.

Governor Durbin of Indiana rendered a real service to Kentucky in showing it how the rest of the country looks upon such travesties on justice as the Cantrill trials of Powers. Nothing more hideously unjust has been perpetrated since Jeffries was on the bench.

After all, what difference does it make what Schley did before July 3. On that date, his ship and one other, acting under a plan of his own, destroyed the Spanish fleet. Nothing can alter that fact, and it is a fact that counts.

Mr. Ernest Thompson Seton-Thompson has reversed his hyphen because he says he is descended from the fifth Earl of Seton. As history declares that the fifth earl of Seton died without legitimate offspring, explanations seem to be called for from Mr. Thompson-Seton.

It is just as well to confess that while the Republicans lost Kentucky partly by the outrageous frauds of the Democrats, they did so chiefly by their own idiocy. A year or two, everything was coming their way in that state but Taylor and Sapp were too much for any party to carry.

Intellectual Aliens.

One reason for the prevalence of Free-Trade ideas and Free-Trade teachings in our colleges is found in the fact that many of the professors in imbibing knowledge at foreign universities have imbibed also a love for all things foreign and a corresponding scorn for all things American. Mr. J. G. Gray, president of the Manufacturers' Club and a maker of optical instruments, recounts a little experience of his which brings out this fact in a most emphatic manner, says the American Economist. According to Mr. Gray's statement, the University of Pennsylvania at one time required a number of microscopes. Mr. Gray's firm offered to supply the microscopes at a price lower than the price of imported microscopes, and imported free of duty at that, under the provision of the law admitting free microscopes for the use of educational institutions. The professors who were actually to use the microscopes, and who were expert judges of such instruments, were fully satisfied with the American microscopes and wanted to buy them, but the head of the department had studied in Germany and he would have nothing but German instruments. As a result, the order was placed with a German firm.

We have no wish to curtail the intellectual privileges of American students, either in this country or abroad, or to interfere in any way with freedom of thought and of speech, but it does seem as though it is not too much to ask that our college authorities, in choosing those who are to instruct American youth, should choose men who are possessed of sufficient robust Americanism and of sufficient strength of mind and character to be able to take advantage of the opportunities offered for study abroad without at the same time becoming so saturated with foreign ideas that the only thing in this country which can win their interest is the obtaining of positions which will pay them several times as large a salary as is paid to men holding similar positions in the other countries whose ideas they borrow.

Best Paint.

The most durable paint yet known is a mixture of lead and zinc ground together. Devote lead and zinc for lasting.

The American people have tried both Protection and Free-Trade, the latter of which a very little seemed to go a long way in one of our former administrations.—Moweaqua (Ill.) "Republican."

Great Luck Of An Editor.

"For two years all efforts to cure Eczema in the palms of my hands failed," writes Editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for Eruptions, Sores and all skin diseases. Only 25c at L. Taggart's.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by L. Taggart Druggist.

House Paint.

White-lead is a necessary part of good paint; but white lead alone begins to chalk or powder off, sometimes the first summer, always the second. Zinc added increases its strength and prolongs its life. Devote lead and zinc is your paint.

Pennsylvania Railroad's Winter Excursion Route Book.

In pursuance of its annual custom, the Passenger Department of the Pennsylvania Railroad Company has just issued an attractive and comprehensive book descriptive of the leading Winter resorts of the East and South, and giving the rates and various routes and combinations of routes of travel. Like all the publications of the Pennsylvania Railroad Company, this "Winter Excursion Book" is a model of typographical and clerical work. It is bound in a handsome and artistic cover in colors, and contains much valuable information for Winter tourists and travelers in general. It can be had free of charge at the principal ticket offices of the Pennsylvania Railroad Company, or will be sent postpaid upon application to Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Himeburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found it's equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at L. Taggart's. Trial bottles free.

An idle brain is the devil's workshop.

"Spreads Like Wildfire." When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by L. Taggart druggist.

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by L. Taggart.

Don't expect a stranger to saw your wood while you sit in the shade.

Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by L. Taggart.

Drossiness shall clothe a man with rags.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64, Thirty seventh St., Wheeling, W. Va. For sale by L. Taggart.
