The country is prosperous. Republican policies and Republican laws have made it so.—Cleveland Leader.

President Roosevelt is all right. Stand by the party of Lincoln, Grant and McKinley. You have got prosperity; don't throw it away to oblige a few bogus reformers.—Philadelphia Item.

Of the insurgents: If you want to reform the Republican party, get back into its ranks. You cannot reform it by voting the Democratic ticket or giving aid and comfort to the enemies of the Republican party.—Crawford Journal.

Spirit That Ruled McKinley. Among the things said by President McKinley shortly before he died, which impressed his countrymen with the wisdom and goodness which guided him, are the following, which were recorded by James Creelman, a New York newspaper man who had a great deal of experience as a war representative in Cuba:

"My one ambition is to be known as the President of the whole people. I have no other desire than to win that name. After all, no American can harm his country with out harming himself. This government was created by the people for themselves, and night or day that thought is always in my mind. We are all together in this great political experiment. Some hard things have been written and said of me, but that sort of thing is a necessary incident of popular government. It must always be so. My plan is to forget the evil and remember only the good. I never despair of converting an opponent to a supporter. The bitterest critic I have can come to see me and he will find a warm hand to greet him. It is the only way for an American to live."

Ignorance is Folly's father and mother.

To the Public. Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64, Thirty-seventh St., Wheeling, W. Va. For sale by L. Taggart.

A GREAT RAILWAY. The Chicago, Milwaukee & St. Paul Railway owns and operates over 6,600 miles of thoroughly equipped road in Illinois, Wisconsin, Iowa, Minnesota, South Dakota, North Dakota, Missouri and the Upper Peninsula of Michigan. It owns and operates all equipment in service on its line, including Sleeping Cars, Parlor Cars and Dining Cars, maintaining an excellence of service unequalled on any railway in the world. It has been a Pioneer in the Northwest and West in the use of the block system in the operation of its trains, in the lighting of trains by electricity, heating by steam and many other progressive methods, which have added safety, comfort and luxury to travel. It is always the leader in that direction. The Pioneer Limited Trains between Chicago, St. Paul and Minneapolis have the costliest and handsomest Sleeping Cars in the world and the best Dining-Car service. Time tables, maps and information furnished on application to John R. Pott, District Passenger Agent, 810 Park Bldg., Pittsburg, 3t.

Chamberlain's Stomach and Liver Tablets cure biliousness, constipation and headache. They are easy to take and pleasant in effect. For sale by L. Taggart.

Uncle Sam, Record Breaker.

In both fiscal and calendar years, 1901, Uncle Sam is found not only breaking every other nation's record, but breaking his own all along the line. In fact, it is getting quite monotonous, yet it is the kind of monotony we can endure. It may be instructive as well as interesting to note a few instances of the splendid attainments of the United States in this first year of the new century, says the American Economist.

For the first time during a twelve month we have passed the \$1,000,000,000 line in exports, beating all the British figures. This will probably be high water mark for some time to come, as values are declining.

The year 1901 will be the greatest year American agriculture has ever known, in spite of many short crops. The wheat crop both in quantity and value will surpass any previous record, as the amount exported, which is expected to reach 300,000,000 bushels out of a total crop of 750,000,000 bushels, valued at \$473,000,000.

Cows, cattle, hogs and sheep have reached their highest value, and in the aggregate, their largest number.

The greatest flax crop in our history has been secured, the acreage being nearly treble that of 1896.

The tobacco crop exceeds all records, and the output of cigars is over 6,475,000,000.

Our rapidly growing beet sugar industry has made a great advance, and the United States sugar product this year will exceed all previous outputs.

In manufacturing, in spite of a slight apparent falling off in exports, we are beating all former records. The pig iron output, all structural material, cars, boots and shoes, clothing, silks, paper, oils, forest products, and, in fact in almost every industry the figures for 1901 will exceed those of any previous year.

In mining the figures for 1901 will also beat all records; in iron ore, coal, copper and other metals, though totals cannot be known yet for some time.

Railroading also is having a record breaking year. In passengers and freight carried, in earnings, in number of employees and in wages paid every former record is broken.

Bank clearings are breaking the record all over the country, showing that we are doing more business than ever before, not only in every community, but in the country as a whole.

Our national Treasury was never before in such good condition. The gold in the Treasury on October 31, 1901, \$542,822,849, was the highest in the history of the country, while the circulation per capita, \$28.50, was also the highest. Our credit is the highest on earth. We are buying bonds, lending money all over Europe, and piling up a larger surplus than ever, in spite of reduced taxation.

Never before in our history was so large a percentage of our children attending school. Never before were so many of our people employed. Never before did our wage earners receive such high wages individually or collectively. Never before were the necessities and comforts and conveniences and luxuries of life so moderate in price compared with income, and never before were the people of the United States so blessed in every material way as they are in this year of our Lord 1901.

Pennsylvania Railroad's Winter Excursion Route Book.

In pursuance of its annual custom, the Passenger Department of the Pennsylvania Railroad Company has just issued an attractive and comprehensive book descriptive of the leading Winter resorts of the East and South, and giving the rates and various routes and combinations of routes of travel. Like all the publications of the Pennsylvania Railroad Company, this "Winter Excursion Book" is a model of typographical and clerical work. It is bound in a handsome and artistic cover in colors, and contains much valuable information for Winter tourists and travelers in general. It can be had free of charge at the principal ticket offices of the Pennsylvania Railroad Company, or will be sent postpaid upon application to Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Himeburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found it's equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at L. Taggart's. Trial bottles free.

The only conquest that causes no regrets are these made over ignorance.

"Spreads Like Wildfire. When things are 'the best' they become 'the best selling.' Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by L. Taggart druggist.

Nothing more daring than ignorance.

A Violent Attack of Croup Cured. "Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by L. Taggart.

Ignorance is the mother of Impudence.

Jumped on a Ten Penny Nail. The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by L. Taggart.

There is nothing of which men are so fond, and withal so careless, as life.
