Christmas Turkeys For Widows.

The PRESS is pleased to inform the widowed ladies of Emporium Borough that the same courtesy will be extended to them this year, as has been the custom the past two years. We desire the name of every widow residing in Emporium, giving name and street, at once, so that all may be served alike, rich or poor, with a good turkey in ample time for Christmas.

Leave your names at the PRESS office or mail same to

BRIEF MENTION.

Assessor Almeron Chapman reports seven deaths in west ward during the present year, all but one being between the ages of 61 and 91.

The prospects are very promising for the construction of a railroad into the 'Sootac mountains, in Clinton and Clearfield counties.

At present the people are looking to the newspaper advertisers for shopping information, and the establishment not advertising is out of the race except what little local trade he may gather up.

Oh Shaw! mused the banker, "If she gets the bonnet there'll be the milliner to pay. If she doesn't get it, there'll be the devil to pay. Of the two, I guess the milliner is likely to be the more reasonable."

The Republican leaders say that the next State Convention will be held in Harrisburg during the last week in March. Nominations will be made for Governor, Lieutenant Governor and Secretary of Internal Affairs.

Clearfield county is developing much more rapidly than either of the other three composing this new congressional district; this is a Republican county; the first congressman will be a Republican; he ought to be a Clearfield county Republican.—DuBois Courier.

The West Branch Hose Co. has received the silver cup, won in the drill given at Emporium, Pa., at the annual Northwestern Volunteer Firemen's convention. The cup is on exhibition in the show window of Smyth Bros' jewelry store.—Renovo Record.

A Tioga county exchange says that one merit of Angora goats is their pugnacity. They will fight dogs to a finish and not only protect the sheep with which they run, but encourage the rams of the flock to put up a good fight and defend themselves. A worthless wandering dog, stands little show with a lively Angora.

Hon. J. C. Sibley is at work forming a club for the laboring men of Franklin. He intends to fit up the rooms with billiard, pool and card tables, where men may find a nice place of innocent amusement. The idea is a splendid one and speaks volumes for the generosity of this public minded man.

A party of hunters from New York city were arrested in Pike county last week, with game packed in dress suit cases ready to take out of the state. The combined fine of the entire party will reach \$1,700. The law is very severe on hunters from other states who come here to denude our forests of game and carry it away.

Buffalo has decided not to ask Congress for an appropriation she knows she cannot obtain. She will pocket her losses on her big show and lay the blame on the railways and the public. But if she is anxious for any recompense let her tax every landlord who advanced his rents 50 to 100 per cent. between May 1 and Dec. 1.—Oil City Derrick.

New Location.

John Cruise, who has for several months successfully conducted a wholesale and retail cigar manufactory at corner of Fourth and Chestnut street, has rented the room on the opposite side of the street occupied by A. E. Bupp, and will move his business to that store next Monday where he has more room, to accommodate his increasing trade.

Peter at the Gate.

When you hear the horn blowing it is not Gabriel, but only Peter R. Beattie at the gate, with a fresh supply of delicious oysters, fresh fish and crackers. Give him a trial order, however small, it will be thankfully received.

Grand Lodge Representatives.
County Commissioner E. W. Gaskill, of Emporium and Mr. S. P. Kreider, of Driftwood, are attending a session of the Grand Lodge at Philadelphia, representing the Masonic fraternity of this county.

Notice.

The Emporium High School football team wishes the public to know that on account of the failure of the Austin term to come to Emporium, they will refund any person's subscription on receiving a postal address to F. E. Felt. All subscriptions not asked for will be put in bank and used for football expenses next season.

Workmen Banquet.

Emporium Lodge, United Workmen, gave a banquet last Tuesday evening to their members. The spread was served by the ladies of M. E. Church, in the church parlors. This order which was established in Emporium about 28 years ago now numbers about fifty active members. During these years it has paid to beneficiaries in Emporium about \$44,000, death benefits.

Big Hunt.

Mr. Wm. McGee, L. J. Easterbrooks, and Dell Towner have had their weather eyes onto a monster deer ever since the season opened but disliked to cause dismay in the hearts of the mighty hunters of this section by shooting it until last Saturday. It being the day decided upon in their minds they quietly slipped away and returned towards night with a 176 pound, dressed, buck. It is one of the largest, if not the largest, killed here this season and was viewed by many as it hung in front of McDougall's store.

In the meantime Messrs. McGee, Easterbrooks and Towner were holding a reception at City Hotel and explaining how easily "Billy" dropped his game.

The mighty hunters remembered ye editor with a choice roast.

DEATH'S DOINGS.

KREBBS.

MRS. NORA T. KREBBS, aged 68 years, died on Monday at the residence of her son, Mr. A. Q. Krebs, on Four Mile. The remains were prepared for burial by undertaker LaBar and shipped to Sinnamahoning for burial yesterday morning.

GOS.

The five months old infant son of Mr. and Mrs. Mark Goss died Tuesday night, after a few days illness. The remains were taken to First Fork for burial at Gilmore school house.

Short funeral services were held at their home this morning in the presence of a sympathetic company by the Rev. O. S. Metzler.

PUTNAM.

MRS. DONNA MAY PUTNAM, aged 31 years, died at the family residence in Schlecht block, last Saturday. Deceased has been an invalid for two or more years and a great sufferer. Funeral director LaBar prepared the remains for burial and shipped the same to East Branch, Warren county, her former home.

The afflicted husband is in the employ of W. D. Johnson at this place.

GAYNEY.

JOHN GAYNEY, aged about 72 years, died at his residence last Sunday morning, quite suddenly, although he has been in very poor health for a long time. Mr. Gayney came to Emporium about 1867 and entered the employ of the P. & E. R. R., as bridge watcher and served in that capacity continually until he was retired about one year ago. While an eccentric character he was a good law-abiding citizen and honorable in all dealings and accumulated considerable property and reared a large and respected family of four daughters and two sons, viz: Timothy of Wilcox; Mrs. Mary Tompkins, Mrs. Ella Freindel, Joseph, Rose and Thressa. All but Timothy reside in Emporium to comfort their respected mother. The funeral of deceased took place from St. Mark's church, Tuesday morning, at 9:30, and was quite largely attended. Many friends from out of town attended the funeral. Among relatives from out of town in attendance were: Mr. Timothy Gayney and Jas. Gayney, (son and grandson) Wilcox; J. C. Murphy, DuBois; B. Murphy, Wilcox and Mrs. Burningham, Kane.

How rapidly the old landmarks are passing away.

Repair Shops Burned.

The railroad repair shops at Austin were destroyed by fire last Thursday. They will be rebuilt.

Another Serious Accident.

Last Sunday morning about ten minutes of five o'clock another fatal wreck occurred this side of Sterling Run, almost at the same hour and point the fatal wreck took place several weeks ago, when engineer Harry Snodgrass was killed. This wreck was between two freight trains, going about thirty miles an hour, and resulted in the death of W. H. Kepler and Howard Foster. Both men were shoveling coal in the tender when the trains collided. Kepler was literally cut to pieces and Foster was so seriously injured that he died in the Kane hospital the same day. None of the other trainmen were injured. The loss to the railroad company will be severe. It is very peculiar that two accidents should take place at the same point under similar circumstances.

Drs. Smith and Bardwell were summoned from Emporium about six o'clock and rendered what aid they could to the injured.

Young Kepler formerly resided in Emporium, being employed in Howard & Company's lumber yard.

Asphyxiation.

WALTER SCOTT HOPKINS, aged about 20 years, son of S. B. Hopkins, who resides near Howard Siding, came to Emporium last Sunday morning for the purpose of securing work at the Furnace, and we are informed by Mr. White, Mr. Brady's assistant, that the young man intended commencing work Monday morning. About 4:30 Monday morning he was talking with some of the men. This was the last seen of him until his lifeless body was found near one of the gas flues, about six o'clock. He had evidently intended to take a sleep until time to go to work, laying a plank slanting against the flues, where it was warm and leaned back to rest, never realizing that close to his body was an iron door from whence came the deadly fumes. In less than two hours he was found by the workmen, who carried him to the engine room and summoned Drs. Smith and Coroner A. W. Baker, who pronounced him dead. The body was removed to LaBar's undertaking rooms to be prepared for burial, when they were conveyed to the home of his grief-stricken parents, from whence the funeral was held yesterday at 11:00 a. m., Rev. W. R. McClelland officiating. Interment was made in Newton Cemetery.

The deceased was a perfect stranger to us and we can only quote his father's words, who speaks in excellent terms of the boy—kind, generous and free-hearted.

The Rummage Sale and Bazaar.

Bring your bibles. We welcome one and all to any or all of our services.

Ten Enough to go Round.

The population of the United States according to the last census, is 48.8 female and 52.2 male, so there are a little more than enough men to go round. No woman, therefore, need become an old maid, but some of the men must remain bachelors or go abroad for a wife. Again is the gentler sex favored by fortune, and who will say that it is not right she should be? The totals are 39,059,242 males and 37,244,145 females.

Which?

If a painter wants his paint to wear three years, let him use lead and oil, and mix it himself. If he wants it to wear six years, let him use Devco lead and zinc, ground fine.

STATE POLITICAL NOTES.

It was fifty years ago last Monday since Galusha A. Grow first took his seat in Congress, and forty years on that day he was elected Speaker.

Senator Quay says ex-Senator Cameron is not a candidate for Governor, yet ex-Senator Cooper and others declare he will be.

Representative Henry Hall, of Pittsburgh, the well known Washington correspondent of the Pittsburgh Times, is mentioned as a candidate for Congress in the new Congressional district in Allegheny county.

Colonel Frank Fitzsimmons, of Scranton, thinks that Congressman J. K. P. Hall, of Elk county, would make the ideal Democratic candidate for Governor next year. But Senator J. Henry Coehran, ex-Governor Pattison and ex-Judge Gordon are also in the field.

Hon. Geo. R. Dixon, of Ridgway, is a supposed candidate for State Senate from this district, and Cameron may have one or two candidates. The district is hopelessly democratic. Cameron democracy has been for more than thirty years turned down by Elk and Clarion county and no doubt will be gold-bricked as usual next year.

Maccabee Sermon.

Rev. O. S. Metzler, pastor of First Methodist Episcopal church, upon an invitation from the order, delivered a sermon, last Sunday evening to the L. O. T. M. and K. O. T. M. members. Promptly at seven o'clock the ladies and gentlemen, having formed in line, proceeded to the church to listen to the eloquent discourse. The large and beautiful auditorium was packed with our citizens, representing every religious denomination in town. The Rev. gentleman certainly did himself, as well as the order complimented, great credit.

His remarks were of a high enabling character and cannot fail to have a good effect upon all who were fortunate enough to hear them. We regret we have not the space to give the eloquent discourse in full, believing it would be the means of accomplishing much good if placed in the hands of fraternal organizations, as well as Christians of all denominations.

The singing rendered by the choir upon this occasion was very pleasing, especially the solo by Miss Lena Healy, assisted by Mesdames Fisher and Loucks and Miss Heilman.

The Maccabees have just reason for feeling greatly elated over this anniversary celebration.

The Rogers-Grilley Recitals.

The chart to non-holders of season tickets open at Lloyd's book store, Friday morning at 8 o'clock. Desirable seats will be provided by the addition of chairs. All who apply will be accommodated with good seats. The following press notice is from the Elk County Gazette of Nov. 28th:

The evening's program was opened by Van Veatchon Rogers, the celebrated harpist of Boston. As his first selection he played a Welsh air entitled, "Men of Harlech." He proved at once that he was master of the instrument. David himself, playing before King Saul, could not bring about a more harmonious and pleasing effect. "The harp that once thru Tara's Hall, the soul of music shed" must have shed of its soul upon this eminent harpist and his beloved instrument. The tender caress with which Mr. Rogers handled his harp, coupled with the pleading melodies which he drew from it, gave out the impression at once that a rare treat was in store for the audience. Most of his selections were themes with variations. Some of these were "Annie Laurie" and "Nearer my God to Thee." The "Medley of Southern Airs" was especially appreciated.

Mr. Charles T. Grilley recited, as his opening number, a selection entitled "John Smith, U. S. A." Mr. Grilley is an entertainer and humorist, is the peer of anyone on the American platform to-day. He has the happy faculty of winning the sympathy of his listeners by the quaintness and pathos of his humor.

The entire program was well arranged, well rendered and received with marked attention.

Request.

It is hereby requested very earnestly that all members of the Presbyterian church and all adherents of said church be present next Sabbath at the morning service. Do not fail to come.

VETO MESSAGE.

"Returned without my approval as to making additions and changes in electric light plant and drawing an order for \$250 for electric light purposes for following reasons:

I have heard no complaint from any source to the effect that our Borough Electric Light plant provides too much light at any particular point, or that there is in any instance an electric lamp in any place where its light is not needed, and I am very much opposed to changing lights from one place to another and making alterations in the line light in the beginning of our management, and thus forming a precedent that is bound to prove very troublesome in future. I believe that we need the lamp at the railway crossing at the junction right where it is, if we need a lamp any where in town.

I oppose the extension of the line up Portage street and around in to Plank Road Hollow at this time for two reasons. 1st—You have provided no estimate as to probable cost, and secondly each of these streets is in the Borough on one side only and even large and wealthy cities economize by lighting such outlying streets with gas or other cheap illuminant, the installation of which is not so expensive as electric lines. A resolution was passed by your honorable body, Nov. 4th, 1901 authorizing your electric light committee to make arrangements with gas Company to have gas lights where needed, and it seems to me that these outlying streets are where they are needed, if anywhere.

I am by no means satisfied that the taxpayers of the borough approve of this proposed extension, and in any event I cannot approve of a resolution appropriating money being put through at a special meeting with one-third of the members absent. It seems to me that those streets that really need light immediately can be supplied at once very satisfactorily by the light committee, which has ample authority and in this case it occurs to me that there will then be no occasion for undue haste but the matter of the extension

Emmanuel Church.

Archdeacon Cole of Pittsburgh will be present at the services next Sunday, Dec. 8th, and will present the work of missions within the Diocese. The offering on Sunday morning will be the third quarterly offering for Diocesan missions.

A Good Time.

Chas. Weller invited a number of his Emporium Masonic brethren to accept of his hospitality, Thanksgiving evening. Of course "the boys" had a good time and plenty of good things to eat. Sorry we missed that feed.

The Independent seems to think lightly of the Republican timber for Congress, mentioned in the PRESS last week—Hon. W. C. Arnold and Hon. A. E. Patton. Don't worry young man, either one can walk away from any timber to be found in your graveyard. In fact Mr. Arnold was elected in the old district twice, when it was in the strong Democratic district, defeating Elk county's big horse, Mr. Patton, who is a chip of the old block, has the honor to be the son of Gen. Patton, who was the first Republican to carry that rock-ribbed Democratic district, and will if nominated sweep the entire district. Keep your knees together and take your medicine like a man.

Card of Thanks.

Please permit me, through your valuable paper, to express my grateful thanks to all those who kindly assisted me during my severe affliction. Especially I am indebted to Mr. Beattie, and Mrs. Murphy at the Commercial House, who deserve my heartfelt gratitude. JAMES COCKBURN.

We take this method of thanking the kind friends and neighbors who assisted at the funeral of my beloved husband and our kind father.
