Editor Lynch of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds, and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it." Good, Kind Santa Claus

[Copyright, 1901, by American Press Association.]
Santa Claus has a local habitation and a name, so the only way for him to cover the wide realm occupied by his dear children is to have a lively gait when the time comes. He grew to fame and importance in Myra, and he was buried in Myra, but the whole world pretty much has known him a thousand years, yet not one in a million of his beneficiaries ever saw Myra or even heard of it. St. Nicholas, the original Santa Claus, was a wonderful child. He could do anything. As soon as he could walk he began to travel around and pry into other people's affairs. But this was not idle curiosity.

OLD SANTA ON THE ROAD.
He wanted to find out who deserved happiness and lacked the means of happiness. He found an old man in his native town of Patara who had three deserving daughters, but had no portion to give them in marriage, so, according to the customs of the country, they would have to remain single, a most horrible fate. He got together a purse of gold and put it in the way of the distressed father, who knew just what to do with it without being told. He gave it to his eldest daughter for her marriage portion. She was wed and the household made happy.

But the good old man of Patara had three daughters, so St. Nicholas happened around in the nick of time to help the other two take husbands. These acts of kindness and liberality afflicted the saint with enlargement of the heart, and he kept on slicing it off for the good of the people of Myra. He became the friend and patron of all who were in trouble, and sailors would not venture to sea on a difficult voyage until St. Nicholas sent his blessing. At last he died and was buried in Myra. But even his bones could work miracles, so the people of Bari, a seaport town in Italy, took a notion to bring the sacred dust to their own shores. They sailed forth as pirates, raided the cathedral of Myra one dark night, stole the remains and all the sacred vestments and bore them to Italy. There they have remained.

But St. Nicholas' death is like St. Nicholas alive, always looking for trouble—the trouble of others which he can relieve. He goes about the earth in various disguises and under various names making up to worthy people what they lack to be happy. Children are his first care in these days because for centuries the children of Bari have honored his tomb and his birthday. This is the 6th of December.

In some German countries St. Nicholas is known as Joseph and Klas. In Austria he is a terror to the nursery and is called Krampus. Again in Russia, lower Austria and in parts of Russia and Italy the patron of children of annual gifts is a female bogey variously known as Buel-fran, Berchelt, Baboushka and Befana.

The Germans call the saint Christ Kindlein (Kris Kringle) and Pelznickel. This last is because he is supposed to be dressed in pelz, or fur. Knecht Ruprecht is another German name, and the Dutch of Holland call him Knecht Clobes. The popular German name, however, is Nicklaus, and his festival is Dec. 6, the birthday of the original St. Nicholas.
