Miss Alice Brown, the well-known trained nurse, is in a position to speak with knowledge. She was formerly with the St. Louis Baptist Hospital and has had many trying experiences in her arduous vocation. She adds her valuable testimony to the thousands already received by Swamp-Root. She said in a signed interview with a reporter of the St. Louis Star:

MISS ALICE BROWN.

"Although a woman in my position can receive plenty of prescriptions from physicians without cost, it was upon the advice of a well-known West End Doctor that I began to take Swamp-Root. No, I will not tell you his name.

for he might not like it. But all the same, I took it when I was run down from night work in the sick room. I was thin and yellow and tired even when I rose from my sleep. Swamp-Root gave me a relish for my food and cleared my blood from its stagnant impurities. Of course I do not praise Swamp-Root as a cure for all troubles, but it is splendid for the kidneys, stomach and bowels and relieves female disorders when all other remedies have failed to give relief. I know of many cases in the hospital cured by this wonderful remedy."

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

We often see a relative, a friend, or an acquaintance apparently well, but in a few days we may be grieved to learn of their severe illness, or sudden death, caused by that fatal type of kidney trouble—Bright's Disease.

The mild and extraordinary effect of the great kidney and bladder remedy, Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Hospitals use it with wonderful success in both slight and severe cases.
