Some Famous Echoes. There is a famous echo on the Rhine between Coblenz and Bingen which repeats a word seventeen times, while in the sepulcher of Metella, the wife of Sulla, in the Roman Campagna, there is an echo which repeats five times in different keys and will also give back with distinctness a hexameter line which requires two and a half seconds to utter. ### ARRANGEMENTS MADE.

A Deal Closed that will Benefit Everyone in this Town.

Hereafter We Will be Sole Representatives of Vinol.

Vinol is attracting attention in every large city in the country. The best druggists in every place represent VINOL.

They do this because they have investigated and become convinced of its merits. It is this that has led us to get the agency for this town.

We are happy to announce that we have succeeded in our endeavors.

We were told that no proprietary medicine has ever been so popular as VINOL. We have learned that the reason for this is because VINOL is really an old remedy, produced in a new form, and is now altogether delicious and doubly potent.

Vinol is a scientific tonic reconstitutor comprised of the curative principles of cod liver oil and a little organic iron dissolved in a delicious table wine. That is all—no oil—no grease—no disagreeable features, but all the medicinal virtues of cod liver oil and more.

There is no one living who will dispute the merits of cod liver oil as a re-builder of the human system.

The trouble before has been that but few people could take cod liver oil on account of its obnoxious taste and terrible odor.

With Vinol, however, everything is changed. You will get every bit of the good that was ever found in cod liver oil, and best of all, you will get this good without a particle of grease to help retard its action.

The way VINOL accomplishes its mission is better than it was ever possible for cod liver oil to bring about the same results. This is because the elements needed are now in a more highly concentrated form.

We are sure that all our customers will like VINOL very much and we anticipate a large and permanent sale for it.

We also ascertained and wish everyone else to realize the fact, that VINOL is not a patent medicine. It is simply a new way of administering the curative elements of cod liver oil.

We want all who are sick to call and let us tell them about VINOL, we want to convince our patrons that we have been working in their behalf as well as in our own, and we hope that everyone of our fellow townpeople will appreciate our enterprise in procuring the agency for this popular medicine and of being the means of bringing VINOL here. We are glad we are going to represent VINOL; to do this has caused much rivalry in the large cities between the best druggists, for only to the best druggists in each place has this agency been awarded.

If anyone buying Vinol of us is not satisfied that it does all we claim, we will refund the money that they have paid us. VINOL is always sold under this guarantee.
